FLYERS GAIN CALCUTTA

Pride of Detroit at Another Goal

Brock and Schlee Hop from Allahabad on Journey Around the World

Three Planes Tune Up for Start Over Atlantic in Early Hours Today

CALCUTTA (British India) Sept. 6 (Tuesday.) (AP)—The American around-the-world plane Pride of Detroit arrived here from Allahabad at 11:40 o'clock this morning.

ALLAHABAD (India) Sept. 5. (AP)—The two American globe-circling flyers, William S. Brock and Edward F. Schlee, spent tonight resting here for their hop to Calcutta, 485 miles away, tomorrow. Only a few reporters were present when the Stinson-Detroiter with 7635 miles of its trip around the globe behind, landed at the airdrome today.

The airdrome is near a wayside railway station, six miles from the city. But in a short time a few hundred villagers, ambling out of their countryside dwellings, grouped themselves wonderingly around the Pride of Detroit.

Within half an hour, two military officers from the Allahabad brigade office, which had only received a telegram announcing that the Pride of Detroit had taken off from Karachi, 925 miles away, came to visit the flyers. Officers arranged for provisions and the bedding down of the airplane for the night, establishing a guard over it.

Brock and Schlee are in excellent spirits, but both confessed being somewhat tired. They show signs of strain and fatigue from their arduous flight. Both spoke highly of the efficiency of the airplane.

The flyers still have 14,377 miles of the round-the-world flight to cover.

CABLING MADE READY FOR START OVERSEAS

HARBOR GRACE (N. F.) Sept. 5. (AP)—The London-to-London plane Sir John Carling, piloted by Capt. Terry Tully and Lieut. James Medcalf, landed on the Harbor Grace Flying Field late today after a flight of nearly 700 miles from Caribou, Me. Preparations were begun immediately for taking off on the transatlantic leg of the journey early tomorrow.

Chafing at the interruptions in their flight from London, Ont., here due to fog, the flyers intimated that they might not even wait for dawn to hop off for England. As the work of refueling the monoplane proceeded they said that should weather conditions and other conditions permit they may try a night start.

The plane took off from Washburn, six miles from Caribou, at 9:49 a.m. today. It was just about 4 o'clock when the Sir John Carling made a perfect landing here. For the flight of approximately 680 miles the time was six hours ten minutes. Tully and Medcalf said they found excellent conditions all the way.

The plane was reported but once during the flight—at Burrgen, on the south coast of Newfoundland, nearly 200 miles from here. From Trinity Bay the pilot sighted the Harbor Grace airport and headed straight for the harbor.

Tully and Medcalf were welcomed by Justice John Casey, acting District Judge, and officers of the airport commission. They announced

HIGH FLYER DETHRONED IN AIR HOAX

World-Altitude Honors Stripped from Frenchman May Revert to American

PARIS, Sept. 5. (AP)—The Aero Club committee, after hearing Jean Callizo, French aviator, who recently claimed to have made an ascent of 13,000 meters (42,651 feet,) decided unanimously not to register his record of August 29, and to disqualify Callizo for life.

The committee further resolved to remove two records attributed to Callizo, of October 10, 1924, and August 23, 1926, from the French record list and request the International Aeronautical Federation to remove them from its list of record records.

Callizo's record of August 23, 1926, was 12,800 meters (41,995 feet,) his previous mark of October 10, 1924, being 12,066 meters.

On account of the action of the Aero Club, it is believed that Lieut. John A. Macready's record of 38,704 feet, made on January 29, 1926, will stand as a world's record for the American aviator.

Bluebird's Pilot Fights Ruffians

PARIS, Sept. 5. (AP) — An Italian stone mason, named Rodesco, was under arrest tonight and Leon Givon, pilot of the Bluebird, who has been waiting for favorable weather to hop off on a trans-Atlantic flight to America, is confined to his room as the result of a fight with ruffians near Le Bourget flying field.

The fight occurred last night on a road by which Givon was leaving the field. It is reported that Givon encountered ruffians who taunted him for "lacking courage" to hop off for New York. Givon offered to prove his courage in a fistic combat and three of the ruffians accepted his challenge collectively, giving him a severe beating.

Givon suffered a broken finger, and an injury to his right arm. One eye was closed and his face scratched.

The police arrested Rodesco, who they say struck the aviator on the jaw before a gathering crowd separated the belligerents.

PASSENGERS ABOARD SHIP VACCINATED

Smallpox Scare Breaks Out on American Liner Returning from Europe

NEW YORK, Sept. 5. (AP)—The luxurious cabin of the American merchant liner American Banker was turned into a physicians' anteroom as the ship steamed into quarantine today and seventy-eight passengers, many of them young women schoolteachers returning from a holiday abroad, underwent vaccination after a case believed to be smallpox had been discovered among the crew.

Although first reports indicated considerable hysteria among the youthful personnel of the ship's cabin list, this later was discounted. The only demurrers made to the hastily decided upon measure were protests against vaccination in a place where it might show and Dr. J. D. Craig, ship's surgeon, readily acceded to the wishes of the younger element and vaccinated upon the hip instead of leg or arm.

Blisters on the face of Third Engineer Jack Tarlton, discovered Sunday, precipitated the smallpox scare.

The possibility that any others of the crew or any of the passengers might be infected was declared by ship's officers to be small since Tarlton had been segregated as soon as the symptoms were discovered.

Girls Seek to Go on China Flight

CHICAGO, Sept. 5. (AP)—Despite the misadventures of Miss Mildred Doran and Princess Lowenstein-Wertheim, trans-Pacific and trans-Atlantic flyers, a score of Chicago girls, some of whom have had only a few hours up in the air, are seeking passage in the monoplane Miss Dallas that will attempt a flight from Dallas, Tex., to Hongkong, China, early in November.

The flight is being backed by a group of Dallas capitalists and business men to capture the $30,000 prize offered by William Easterwood, millionaire Dallas chewing gum manufacturer, to the first aviator to make the trip. William H. Fine of Chicago, a war-time aviator, will pilot the ship and, in addition to a navigator to be named later, he will take a woman passenger, more than 21 years of age and weighing less than 140 pounds.

Mexico-to-Cuba Plane Crashes

MEXICO CITY, Sept. 5. (AP)—Four men narrowly escaped death when a Farman airplane, starting an attempted nonstop flight from Mexico City to Havana, Cuba, crashed at the Valbuena airdrome here today.

The machine was piloted by Fernando Proal, who was accompanied by a navigator, a mechanician and a passenger, the last named Gen. Jesus Palomera Lopez, chief of the Mexico City mounted police and himself a pilot.

The plane, a two-motored machine, had risen sixty feet when it went into a nose dive reported to have been due to the failure of one motor.

Fumes of Blast Peril Sleepers

OAKLAND, Sept. 5. (AP)—Explosion of two ammonia tanks in an ice plant early today, liberating fumes which poisoned the air for blocks, endangered nearly 100 persons sleeping in the vicinity.

Firemen with gas masks rescued a score who were overcome. They recovered when carried to fresh air. Fireman Jack Weimers is in a hospital in a serious condition after being overcome by fumes.

Havre Greets Legion Party

HAVRE, Sept. 5. (AP)—Greetings by the Prefect, the Mayor, naval officials and citizens were accorded 378 American Legion veterans on their arrival today on the Lancastria and Suffren.

They were escorted to the City Hall by an infantry band playing war-time tunes and were welcomed by a wealth of official oratory after which their spokesman, Hermann Bacas, placed a wreath on the Victory Monument. The party then entrained for Paris.

BUTTE WILD IN GREETING LINDBERGH

One-time Barnstormer in Montana Wins Plaudits of Admiring Thousands

BUTTE (Mont.) Sept. 5. (AP)—Col. Charles A. Lindbergh, who five years ago as an unknown "gypsy" flyer, barnstormed in Montana, returned today to receive the plaudits of 50,000 persons who gave him the most enthusiastic welcome Butte ever has known.

Approximately 15,000 cheered him when he landed at the Municipal Airport. There were 10,000 at Clark Park to hear him talk, and countless other thousands lined the streets from the park to a hotel uptown, as he passed in parade.

No thrill that Lindbergh ever gave Montana spectators with his parachute or atop the wings of a speeding plane could equal that which the crowd at the airport experienced as he circled overhead and landed at 1:58 p.m. Since morning, persons anxious to see the youthful conqueror of the Atlantic, had been gathering around the flying field, many of them bringing their lunch with them to insure getting the view.

Tornado Strikes Alabama Town

MOBILE (Ala.) Sept. 5. (AP)—In a telephone message to the Mobile Register, Dr. L. C. Lane of Wilmer, Ala., tonight reported a tornado which swept into that place from an easterly direction late today, damaging property and crops in that vicinity. Telephone communication westward was broken, he said, and fear is expressed that Lucedale, Miss., has been stricken.

He said no lives were reported lost. He said it is impossible to estimate damage until a more complete survey can be made.

LOEW TAKEN BY DEATH

Heart Fails as He Slumbers

Attack Ends Meteoric Career of Film Magnate Who Made Pennies Into Millions

Theater Chain He Ruled Will Close on Thursday as Tribute of Respect

GLEN COVE (N. Y.) Sept. 5. (AP)—Marcus Loew, one of this country's most powerful figures in the world of motion pictures and vaudeville, died at his country estate, Pembroke, here this morning of a heart attack. He was 57 years of age. He returned last night from Saratoga, where he visited Nicholas M. Schenck, vice-president of the Metro-Goldwyn-Mayer Pictures Corporation.

The trip from Saratoga was made aboard his yacht, the Caroline, and business associates said yesterday that he apparently had been in the best of health. At 6:30 a.m., death came while he slept. Mrs. Loew and their two sons, Arthur and David, were at the bedside.

Every theater in the Loew chain throughout the country will be closed Thursday, the day on which the magnate will be buried at Glen Cove, officials of the Loew company announced today.

MADE PENNIES GROW

Pennies grew into dollars for Marcus Loew until they made a fortune for him in the theatrical business.

Popular priced vaudeville and motion pictures yielded him a harvest from one of the largest chains of theaters in the world.

Loew opened his first motion-picture theaters in Cincinnati and New York when the industry was young, converting his penny arcades, which were making him rich, to this purpose. His entrance into the vaudeville field likewise was modest, but it helped to swell the profits that were pouring in.

Exploiting the opportunities in cheap amusement by opening new theaters as fast as profits from the existing ones permitted, the former furrier found success to compensate for early failures in other business endeavors. In New York City alone more than 8000 persons at one time were entertained each night in Loew theaters and his daily receipts ran into hundreds of thousands of dollars. He also was president of the Metro-Goldwyn Pictures Corporation.

Born in New York, May 7, 1870, Loew's schooling was meager, having been interrupted when he went to work at 9 years of age.

Loew's first regular employment was with a map printing concern when he was 10, but he lost the job when he struck for higher pay. Two years later he went to work in a factory handling furs and making dress trimmings. His task was turning the crank of a machine for eleven hours a day, for which he was paid $4.50 a week.

FAILS IN FUR

Becoming familiar with the fur business, he launched into it independently when he was 18. Following two failures, a fur dealer, who had been impressed with Loew's payment of his debts despite reverses, knew of a penny arcade that was to be started and Loew was invited to become a partner. He knew nothing about amusement enterprises, but he took the chance that brought fortune in later years.

Loew invested $40,000 in the amusement place, which was opened on Union Square in New York. It returned the investment within seven months. Loew then built two arcades of his own, and later one in Cincinnati. It was while experimenting with a motion-picture show in his Cincinnati place and then one in one of his New York arcades, that Loew found success, so he began putting in store shows all over town. A room intended for a store would be made

Will Rogers Remarks:

BEVERLY HILLS, Sept. 5.—[To the Editor of The Times:] Every paper is raving about legislation to stop ocean flying because thirteen people have been lost. Just a fair Sunday's average in auto deaths. From ten to fifteen is just about the number that are always in a bus when it meets a train at a grade crossing. Yet you never see an editorial about relief from that. You may not die as spectacularly in a machine as you would if you dropped into the ocean, but you are just as dead.

Yours, back in a town that don't look so good since a certain party ain't Mayor; mind you I am not knocking, Congressman-at-large from the whole United States,

WILL ROGERS.

WAYNE B. WHEELER DIES AFTER APPARENT RALLY

Stormy Career of Dry Leader Ends Short Time Following Wife's Tragic Doom in Flames

BATTLE CREEK (Mich.) Sept. 5. (AP)—Wayne B. Wheeler, general counsel of the Anti-Saloon League of America, died at Battle Creek Sanatorium, here late this afternoon. He was taken to the sanatorium three days ago from his summer home at Little Point Sable, Mich. Mr. Wheeler was taken ill last Thursday with a kidney ailment for which he had been undergoing treatment for several years. He was removed from his home to a hospital and after an examination rushed to the sanatorium where it at first was decided to perform an operation.

Mr. Wheeler apparently responded rapidly to treatment, however, and showed so much improvement yesterday that it was decided not to operate.

A bulletin issued late last night by his physician, Dr. Floyd E. Veritz, said the dry leader's condition had improved to such an extent that it was thought he would be out of danger within a few days.

SINKS RAPIDLY

Today, however, his condition took a sudden turn for the worse and he sank rapidly, dying about 5:30 p.m.

Members of Mr. Wheeler's family were at the bedside when death occurred.

Mr. Wheeler's death followed that of his wife by a few weeks. Mrs. Wheeler was burned fatally in an oil-stove explosion at the Wheeler home which also indirectly was the cause of the death of her father. Seeing his daughter rush into a room, her clothing in flames, the aged man was stricken with a heart attack which proved fatal.

Mr. Wheeler had just returned from Cleveland where the funerals of his wife and father-in-law were conducted when he was taken ill. His condition was not thought serious until his removal to the hospital. Even then physicians did not consider his condition grave.

Mr. Wheeler had told his physicians that he felt much better and had asked permission to read in his bed. A nurse handed him a book and as he lifted it, he fell forward dead. Dr. Veritz declared Mr. Wheeler's death was due to a heart attack aggravated by the kidney trouble.

The body was taken to a local undertaking establishment and will be accompanied to Columbus by one son and a friend, Dr. Howard Hyde Russell, tomorrow morning.

Funeral arrangements have not been completed but it is thought burial will be in Cleveland, beside his wife.

CENTER OF FRAY

The dynamic character of Wayne B. Wheeler for years cast its shadow over every one of the bitter fights that have waged around prohibition and its enforcement in the United States, because his name had come to mean prohibition in its every sense.

Backed by the Anti-Saloon League and the vast religious organizations supporting it, Mr. Wheeler fought long and stubbornly for the Eighteenth Amendment to the Constitution, and the Volstead Act to enforce it, and when that battle was won, he fought no less stubbornly against every effort to modify those enactments.

Typifying, as he did, the very spirit of the drys, Wheeler took the leadership around the halls of Congress, about the Capitol, and even at the White House in opposition to every move by legislative, administrative or executive branches of the government which he thought would disturb the dry balance which he and his coworkers had set up.

It has been said that Wheeler was abused for his activities by the wets, but that his energetic fighting qualities at least had earned the secret

(Continued on Page 2, Column 1)

CHINA TOWN BOMBARDED BY ENGLISH

Expedition Sent Against Pirates in Ship Seizure; Nationalists Take 10,000

HONGKONG, Sept. 5. (AP)—Another British punitive expedition has been carried out against Chinese pirates, this time in reply to the seizure and looting of the Chinese Steamer Koochow, flying the British flag, last Thursday in the West River.

The warships Cicala, Moth and Moorhen were sent to Taipinghu where the Koochow was taken to be looted, and to Shekki. The inhabitants of both places were warned to leave. Sailors burned the houses on the water front of Taipinghu while gunboats dropped eighteen shells into the village of Shekki. So far as is known there were no Chinese casualties.

SHANGHAI (China) Sept. 5. (AP)—Ten thousand Northern Chinese troops are reported on reliable authority to have been captured by the Nationalist forces at Nanking. They probably will be sent to Shanghai and thence to Hangchow for incorporation in the Nationalist army. It also is reported that the Nationalists shot four Northern generals at Nanking yesterday.

Gen. Sun Chang-Fang, the northern commander, who apparently has evacuated Pukow, across the Yangtze from Nanking, is concentrating his forces at Tungchow, on the north bank of the Yangtze estuary.

Kansas Oil Tank Fire Controlled

WICHITA (Kan.) Sept. 5. (AP)—An oil tank fire which for a time threatened destruction of two oil derricks at Oxford, south of Wichita, apparently was brought under control shortly before noon today.

Although the fire is still burning in two 500-barrel tanks, the flow of oil into the tanks has been diverted into other tanks.

FRENCH MINISTER ON PLANE TRIP IN EAST

MITCHEL FIELD (L. I.) Sept. 5. (AP)—Maurice Bokanowski, French Minister of Commerce, arrived here this afternoon from Boston. He was piloted by Edgar Jerdone, in a United States Department of Commerce plane. M. Bokanowski is scheduled to attend the Lafayette-Marne Day services at West Point tomorrow. He expects to sail for France on the Ile de France on Saturday, after a visit to Philadelphia.

BISHOP ROUSES SCIENTISTS

Attack on Research at Church Service Draws Tart Reply From Briton at Meeting

BY JAMES STOKLEY

[Copyright, 1927, by Science Service, Inc.]

LEEDS (Eng.) Sept. 5. (Exclusive)—Reminiscences of the famous controversy between Thomas Henry Huxley and Bishop Wilberforce in the days when the Darwinian theory was young were aroused yesterday when, at a church service attended by the president and officers of the British Association for the Advancement of Science, meeting here this week, the Bishop of Ripon suggested that the sum of human happiness would not be diminished if all laboratories were to be closed for ten years and the time and money devoted to promoting mutual understanding among the nations and men.

The scientists were not long in responding to this opinion. Their point of view is typically expressed by Sir Richard Gregory, famous English anthropologist. He says: "It would be far better if the bishops, instead of devoting all their time in preparation for a life on the other side of the Jordan, would themselves give particular attention to means of producing a new heaven and a new earth here below."

In his address this evening, Dr. F. A. E. Crewe indicates one way in which science can be of great assistance to human life. He predicts that animal breeders will in the future make use of X-rays to regulate heredity to suit themselves. "X-rays are the very tool to use in exploring the hereditary constitution of animals and plants of economic importance," he declares. "It is no longer necessary to await mutations arising naturally to obtain experimental stock; we shall be able to manufacture a series of artificial strains. It may soon be possible to order sufficient mutations at will, to give the breeder of domestic stock the powers of full control needed for his complete success. There is no reason to assume, however, that X-rays alone will do this. There are doubtless many other chemical and physical agencies that will do the same thing."

In another paper before the section of zoology, Prof. Crewe tells of his observations on a newly evolved

DEATH SUMMONS SON OF PRESIDENT TYLER

CHARLES CITY (Va.) Sept. 5. (AP) Former Judge D. Gardner Tyler, 81 years of age, son of President Tyler, died today at his home, Sherwood Forest. Judge Tyler was a former member of the House of Representatives.

The Turning Point in Business

Some enterprises do not even seem to get going good until the right man happens along. And then good profits follow. A change of policy, better management, new enthusiasm, additional capital—one of these may be all that's needed to convert a possible failure into certain success. Some of the "Business Opportunities" in Times Want Ads are seeking the right man. Might YOU be the one?

ANTI-SALOON LEAGUE HEAD VICTIM OF KIDNEY DISEASE

Wayne Wheeler Paid Tributes Even by Erstwhile Foes for His Ardor in Dry Battles

(Continued from First Page)

admiration of some of them. While the wets heaped about his head an unprecedented quantity of stinging phrases, the dry leader worked untiringly to put more teeth into the enforcement act which they denounced so bitterly.

LEADER OF LEAGUE

Although ostensibly the Anti-Saloon League general counsel was merely the instrument of the league, so far as Washington was concerned Wheeler was the league, and in his activities there he was credited with wielding an enormous influence on legislation affecting the dry cause.

There was no move to amend the Volstead Act, however slight, that escaped the sharp eye of this Ohio-born lawyer. He was inquisitive to a superlative degree of every bill touching on prohibition which was dropped into the Senate or House bill boxes, and he was lightning-like in striking at the measures he considered objectionable.

In his battle for his cause, Wheeler depended to a considerable extent on the value of the printed word, and he came to be one of the most expert phrase-makers in public life. His statements bristled with epigrams, and early in his career he found brevity a great asset in getting his ideas before the public. Few of his statements issued to the press exceeded a typewritten page, and most of them were made up of two or three pungent paragraphs.

Some of the most stirring times in the Washington life of Mr. Wheeler came during the Sixty-ninth Congress, when the Anti-Saloon League counsel engaged in his famous exchange with Senator Reed of Missouri, chairman of a Senate Funds Committee. This meeting of the Senate committee was advertised far and wide as a clashing of the wits of two outstanding leaders who were diametrically opposed as to the wisdom of one section of the laws of America, but the decision as to the victory, so far as outside appearances went, rested with the individual sentiment of those who undertook to render it.

But this was only one of the constant combats in which Mr. Wheeler engaged on Capitol Hill. He was a prolific witness before committees, and wherever he appeared the wets were there gunning for him. Even with this every-day running of the gauntlet, the forces associated with him were uniformly successful in beating back every threatened advance by the opponents of the dry laws.

Soon after enactment of the Volstead Act someone coined the word "Wheelerism" which was used freely on the floor of the Senate and the House of those who asserted that the Anti-Saloon League had set up a "super-government," which cracked the lash on the backs of Congress as well as the officials of the administration.

TARGET OF INVECTIVE

Someone else facetiously defined the word as a state of mind which put a Senator or a Representative to sleep during some terrific onslaught by the militant wets, and awakened him refreshed in time to cry "yea" while the clerk recorded his vote in favor of another blow at the liquor trade.

Nevertheless "Wheelerism" was the target of invective wherever the never-surrendering wets came together, and to the drys it was a force that even the wets recognized as almost all-powerful and against which their shock-troops were sent time and again in vain assaults.

Besides guiding the policies of the Anti-Saloon League in matters of legislation, Mr. Wheeler was ever at hand when appointments were to be made at the Treasury to carry out this legislation. He was never slow to make known his opposition to Treasury decisions which he considered adverse to prohibition interests. No Treasury officials, from the Secretary down, was immune from Wheeler criticism in such instances.

ANOTHER BATTLE

One of the long fights made by him at the Treasury was for the retention of Roy A. Haynes as prohibition commissioner, and this contest was carried to the White House. Mr. Haynes finally lost out, but with his departure Lincoln C. Andrews, Assistant Secretary in charge of enforcement, who was opposed to Haynes, resigned from the service. Wheeler's friends asserted he got at least a draw in this skirmish.

Mr. Wheeler had shown the effects of illness during the last session of the Sixty-ninth Congress, and dry advocates had looked anxiously about to see who would be able to take up the work in which he had been so successful. It was admitted on every side that his death would be a heavy blow to the dry forces carrying on their campaign here. Some wets even privately declared that someone with the energy of the saloon league chieftain might have been invaluable to their cause in the days when the lines were being drawn on the prohibition issue.

The dry leader was born at Brookfield, O., on November 10, 1869. He was a graduate of Oberlin College and held degrees from that school as well as Muskingum College and Western Reserve University. He was married to Ella B. Candy of Columbus, O., in 1901, and they had three children, Robert Wayne, Donald Hyde and Joseph Candy. The tragic death of his wife in a fire in his home was a stunning blow to him.

TRIBUTE PAID BY NEW YORK COUNSEL

NEW YORK, Sept. 5. (AP)—Wayne B. Wheeler literally gave his life to the social movement he served, Orville S. Poland, counsel of the New York State Anti-Saloon League, said tonight when informed of Wheeler's death.

"Mr. Wheeler was the great crusader of the prohibition movement," Poland said. "He was all that a crusader should and must be. he had zeal, single-minded devotion, perseverance, energy and vitality which he gave until he literally gave his life itself. He had the faculty which most crusaders lack of surrounding himself with associates who during the last year of illness had carried on much of Mr. Wheeler's work in such a way that the general public scarce suspected his illness.

"Mr. Wheeler has established his place in history. I do not recall any other great social movement which has for so long an uninterrupted time commanded the services of such brilliant, zealous and at the same time self-sacrificing counsel."

EVEN OPPONENT PRAISES COURAGE

WASHINGTON, Sept. 5. (AP)—The death of Wayne B. Wheeler, general counsel of the Anti-Saloon League in Battle Creek, Mich., today found most Washington officials who had been associated with the dry leader in his work or active in their opposition out of the city for the holiday.

Among the few who remain in the capital is Senator Borah, Republican, Idaho, a proponent of prohibition, who described Wheeler as "a faithful, tireless and exceptionally able advocate of a cause in which he sincerely believed."

Senator Edwards, Democrat, New Jersey, a vigorous opponent of the dry cause, issued the following statement:

"The sudden death of Dr. Wheeler removes from the dry fold of America a dauntless and uncompromising leader of prohibition thought. While the doctor and I were poles apart on the question of the Eighteenth Amendment and Volsteadism, and oftimes indulged in heated and vitriolic debate on the pros and cons of prohibition enforcement, I always admired him for his conviction and earnest endeavor to dry up America.

"I am very sorry to hear of Marcus Loew's death," said Arthur Hammerstein. "He was one of my best friends and had been a great friend of my father. His death comes as a great shock."

Harold Lloyd, motion-picture comedian and close friend of Loew, expressed his regret at the death of the magnate and declared Loew has been esteemed throughout the motion-picture industry.

B. S. Moss, who was associated with Loew for many years, said "the motion-picture industry has lost a pathfinder who blazed the trail by his progressiveness, his fearlessness and his integrity. I personally have lost a great friend."

MARCUS LOEW DIES IN SLEEP

Heart Attack Ends Career of Theater Magnate

Rose from Obscure Beginning to Man of Millions

David Warfield Tells Story of Friend's Life

(Continued from First Page)

into a small movie theater, with a capacity of from 100 to 300 spectators.

It was about this time that David Warfield sent a destitute actor to Loew, who hired him to recite "Gunga Din" and "Mandalay" in the picture theaters. The success of the first experiments in vaudeville and motion pictures together encouraged him and he soon had many extra attractions in conjunction with his rapidly growing chain of houses.

His first real theater was in Brooklyn, where he acquired the old Cosy Corner, a burlesque house of unsavory reputation. He remodeled it and put classical plays into it in an effort to wipe out the reputation of the place. After a financially unsuccessful four months of tragedy productions, he opened the house with pictures and vaudeville at 10 cents a seat, and found it profitable.

From that time, he gradually added to his list of large theaters and sold off his small store shows.

DAVID WARFIELD AND OTHERS PAY TRIBUTE TO MAGNATE

NEW YORK, Sept. 5. (AP)—The story of how an apartment-house that was losing money cemented a friendship between a furrier and a dabbler in real estate and paved the way to fortune for both was told today by David Warfield, dramatic star, who for years was a close associate of Marcus Loew, who died today.

Loew was the furrier and Warfield the owner of the apartment. Their friendship began in 1899 when they fell into conversation as Warfield was surveying his new building. Both were young and after hearing his new friend's troubles, Loew insisted on taking over and operating the apartment building, Warfield said.

"He wanted nothing for himself. He just wanted to pull me out of a hole," said the veteran actor, "and the apartment succeeded under his management. It was then that Marcus Loew began to command my respect for his ability and business acumen."

OPEN PENNY ARCADE

Warfield related how he and Loew embarked on the penny arcade business with Adolph Zukor in 1900, and how later the two friends established themselves in that business, only to withdraw when the motion picture invaded the field.

Warfield resisted Loew's urging to enter the motion-picture business but they were "partners for life" and his objections melted before Loew's arguments. They started together on their new venture and Loew's genius carried Warfield with it to the top of the motion-picture world.

"As I look back on those old days," Warfield said, "I remember always that the outstanding trait of Marcus Loew was his honesty in every sense of that word. I believe that was the secret of the phenomenal career that established so many theaters that even Marcus himself did not know their number."

Leaders in the theatrical world here were shocked by the death this morning of Mr. Loew.

MANY PAY TRIBUTE

Samuel L. ("Roxy") Rothafel was visibly affected by the news. "I have lost a dear friend," he said. "Marcus Loew was a genius and a great organiser. The industry suffers an irreparable loss."

E. F. Albee, head of the Keith-Albee vaudeville circuit, said he had visited Loew two weeks ago and found him apparently in high spirits. "Everyone respected him," Albee said. "He was a keen business man; devoted to his home and family and a fair opponent in business. I considered him one of the finest examples of clean business principles in the theatrical world."

"I am very sorry to hear of Marcus Loew's death," said Arthur Hammerstein. "He was one of my best friends and had been a great friend of my father. His death comes as a great shock."

Harold Lloyd, motion-picture comedian and close friend of Loew, expressed his regret at the death of the magnate and declared Loew has been esteemed throughout the motion-picture industry.

B. S. Moss, who was associated with Loew for many years, said "the motion-picture industry has lost a pathfinder who blazed the trail by his progressiveness, his fearlessness and his integrity. I personally have lost a great friend."

His Pennies Grew Into Millions

Often Guessed Right

Marcus Loew, powerful figure in amusement industry of nation, who died yesterday at his country estate.

LOEW PRAISED BY FRIENDS

News of Film and Theater Producer's Death Comes as Distressing Shock to Southland

In addition to his many friends in Los Angeles, Marcus Loew, who died in New York yesterday, was well known here through his theatrical and motion-picture activities which have extended over a number of years.

Loew first entered the theatrical field here in 1914, when he purchased the Sullivan and Considine vaudeville circuit, represented here by the Empress Theater on Spring street. His interests here grew steadily with the theatrical development of the city.

In 1919 Loew gained control of the Metro Picture Corporation, which early became a factor in the development of the industry on this Coast, and was the forerunner of the present Metro-Goldwyn-Mayer Company. In 1925 a merger was effected resulting in the present M.-G.-M. organization with Marcus Loew as its president and chairman of the board of directors, positions which he held at the time of his death. The Metro concern consolidated at that time with the producing company headed by Louis B. Mayer and purchased the studio properties of Samuel Goldwyn at Culver City. Mr. Mayer became vice-president of the new concern.

REGRET AND SORROW

News of the magnate's death shocked Hollywood yesterday and brought many expressions of regret and sorrow from leaders in the industry.

Louis B. Mayer, executive head, Metro-Goldwyn-Mayer studios, said: "The world-wide achievements, the beautiful personality and the great warm friendship of Marcus Loew to each of us who were fortunate enough to know him intimately can never die with his earthly passing.

"Kind, considerate and loyal to his associates to a degree seldom attained by mortals, he was the most beloved executive in the amusement world. A great organization builder, he took extreme pride in his creation of the international army of men and women whom he welded into one huge happy family.

"His outstanding characteristics were his modesty and his consideration for others. His memory was amazing. He would ask about the health of a stage-hand's child after an absence of more than a year from the theater in which the man worked, even recalling the child's name. Distress on the part of his associates and friends always received his immediate consideration.

CHARITY'S REWARD

"The present-day combination of vaudeville and motion pictures was born as a result of Marcus Loew's philanthropy. Shortly after he opened the first motion-picture house, an actor out of a job, with a wife and three children in want, begged for any kind of work around the theater. He got a job reciting between pictures. From this Mr. Loew evolved the idea of combining vaudeville with motion pictures which is today one of the largest modes of popular entertainment.

"My fifteen years' friendship with Marcus Loew has been the greatest inspiration of my business life. His great heart, his beautiful doctrines, his sound judgment and glorious sense of humor have helped many of us weather storms that seemed impassable during the early days of our organization.

"The motion-picture world and the entire field of amusements is stunned by the shock of his passing. Millions of theater-goers throughout the world are mourning a great loss. The memory of this truly great man will, however, live in our hearts until they cease to beat, cheering us and providing us with inspiration that will always make us better men and women."

OTHERS TELL OF SORROW

From the executives of Metro-Goldwyn-Mayer: Irving G. Thalberg said: "The shocking news leaves me numb. The most wonderful personality in the amusement world has passed on. A great friend has departed.

Harry Rapf: "This is a terrible shock. I cannot think of words that can express my grief."

Hunt Stromberg: "A great flame of genius has been extinguished. A warm friend, a wonderful father, a devoted husband and a great American citizen has passed on. The shock of the news is too great to be expressed."

E. J. Mannix: "I am speechless. How can I express what is in my heart? Please forgive me, but I cannot say what I feel."

B. P. Schulberg, production executive Famous-Paramount-Lasky: "The death of Marcus Loew is a great shock to all of us. In his passing the motion-picture industry loses one of its greatest pioneers. His genius, his personality, his accomplishments, will live for all time."

Watterson Rothacker, First National studio-production head: "Shocking news. Marcus Loew's death will stun the whole amusement world. One of the foremost factors in the progress of motion pictures. His loss will be mourned by millions."

Jack Warner Brothers Studio: "One of the greatest showmen who ever lived has passed on. The whole amusement world will mourn a great loss. His death is a tremendous shock to everyone who knew him. He had many friends."

M. C. Levee, executive Joseph Schenck organization: "Grief prevails throughout the entire theatrical world. Something big has gone out of my life. A great man has left us."

Harold B. Franklin, president West Coast Theaters: "Words will never express the great personal loss I felt when informed of the death of Marcus Loew. He was a great man and a great personality. His memory will live forever."

James R. Quirk, editor Photoplay Magazine: "Marcus Loew was greater than all stars of the stage and screen. His light will shine forever and be an inspiration to everyone. His loss to the industry will be deeply felt."

SHIPS QUIT SEARCH FOR SEA FLYERS

Last Hope for Trace of Dole Air Racers Vanishes; Fleet Also Aided in Hunt

SAN DIEGO, Sept. 5. (AP)—The last hope that searching American war craft will find some trace of the missing Hawaiian flyers apparently vanished today when the scout cruiser Omaha, flagship of Rear-Admiral McNamee, and the destroyers Paul Hamilton, Stoddert, Thompson, Kennedy, Somers and J. F. Burnes arrived from Honolulu after searching an area approximately 450,000 square miles in extent.

Admiral McNamee reported that not a single trace of the missing Dole flyers was discovered.

Simultaneously with the return of the Omaha and the destroyers, came word by radio from Rear-Admiral McLean that the Holland and two divisions of submarines discontinued the search for the flyers at dawn today. The Holland and the submarines are steaming from the 135th meridian for San Diego. They are due Thursday.

Ships of the United States battle fleet combed 250,000 square miles of the Pacific in the fortnight's search for the seven missing Dole flyers, it was revealed yesterday with return to base of the light cruiser Omaha and Destroyer Division No. 32. Movement reports of the U.S.S. California, fleet flagship, showed the following startling figures:

Fifty-three surface craft and twenty-four planes of the battle fleet steamed or flew 162,225 miles, or six and one-half circuits of the world. This huge fleet burned a total of 3,748,050 gallons of fuel, sufficient to carry a squadron of cruisers completely around the globe. The above figures are in addition to the operations of the many naval craft employed in the Dole search by the Eleventh, Twelfth and Fourteenth Naval Districts.

SETTLERS IN BURMA ASK SEPARATE RULE

LONDON, Sept. 5. (Exclusive)—The European planters and other settlers of Burma have applied to the colonial office to take them under its wing, separating them from India. The Europeans in Burma fear that the growing nationalist movement in India and the progress of self-government will interfere with their liberty to exploit natural resources in Burma, particularly rubber.

PARLIAMENT MEMBER KILLED

OSLO, Sept. 5. (Exclusive)—Peter Bull, a member of Parliament, was killed in an automobile accident today, together with two other passengers.

NASHVILLE LEADER DIES

NASHVILLE (Tenn.) Sept. 5. (AP)—Harry Tatham, 72 years of age, organizer and general manager of the Springfield Woolen Mills, is dead here.

WORLD FLYERS GAIN CALCUTTA

(Continued from First Page)

their plan to proceed without delay for England. Willing volunteers joined in the work of loading gasoline and oil.

Perfect flying weather prevailed today and indications tonight are that it will continue for some time.

ROYAL WINDSOR WILL MAKE START FROM OLD ORCHARD

OLD ORCHARD (Me.) Sept. 5. (AP)—A complete reversal of former plans was announced just before midnight by the pilots of the Royal Windsor, trans-Atlantic monoplane, in a decision to take off from here tomorrow directly for England without touching at Newfoundland.

The change in earlier plans is declared by Phil Wood, navigator of the Royal Windsor, to be due to the fact that since the Sir John Carling, second Canadian trans-Atlantic aspirant, had reached Harbor Grace today for its scheduled take-off tomorrow morning, it is believed that it will use all the high-test gasoline available there for its own flight.

Instead, the Royal Windsor will fly here from Scarboro early in the liest possible moment."

The idea of going along with the Old Glory, New York-to-Rome Fokker machine, will be abandoned despite its advantage of affording radio protection to the Royal Windsor, which is without means of communication, unless the Hearst plane is ready when the Royal Windsor finishes fueling.

CAPT. COURTNEY AGAIN DELAYS NEW START

CORUNNA (Spain) Sept. 5. (AP)—Heavy fog today caused postponement of the departure of Capt. F. T. Courtney on his trans-Atlantic flight. His flying boat "Whale," which hopped off from Plymouth and made a forced landing near here Saturday, is in good shape, and Courtney and his flying companions are confident they still have a chance to make the overseas voyage.

RENE FONCK'S SIKORSKY HAS ANOTHER TEST

CURTISS FIELD (N. Y.) Sept. 5. (AP) Rene Fonck's new Sikorsky biplane City of Paris completed its third day of test flying today and was brought back from Mitchel Field for installation of independent wheel brakes, designed to avert a possible repetition of last year's tragedy.

The plane was up for forty-five minutes today and is pronounced in perfect condition.

GERMAN AIRMAN SAYS HE WILL CROSS ATLANTIC

COLOGNE (Germany) Sept. 5. (AP)—Otto Koennecke, German aviator, today declared that he still intends to try to fly to America this year, if weather conditions are such as to give any prospect of success. Koennecke has been here for some time with his airplane, waiting for the weather to improve.

DROUHIN ARRANGES NEW HUGE PLANE FOR JOURNEY

PARIS, Sept. 5. (AP)—Maurice Drouhin, disappointed in his plans to fly the Atlantic with Charles A. Lovine, is to have the piloting of a new plane which is said to represent a great advance in existing trans-Atlantic machines.

Drouhin is quoted by the sporting paper L'Auto, as asserting that the plane will have a range of nearly 7000 miles, making possible a nonstop flight from Paris to San Francisco, although no distance so great will be attempted at first.

The flight, he added, would not be made until the beginning of next year.

Chicago Films Peaceful Again

CHICAGO, Sept. 5. (AP)—The last cloud on the Chicago motion-picture horizon vanished today when theater owners signed agreements with the Musicians' Union, the last organization with which the exhibitors had a dispute.

The Mason & Hamlin PIANOFORTE
Unique in Tone Quality
THE rare beauty of the Mason & Hamlin Pianoforte lies in its tone, a tone definitely distinctive, different from that of any other piano, a tone embodying characteristics of the human voice at its best. Indeed, in the creation of the Mason & Hamlin Pianoforte its makers originally chose the human voice as their Ideal, and to this Ideal they have ever remained unswervingly steadfast.
What wonder, then, that the tone of the Mason & Hamlin is warm, sympathetic and at all times musical—what wonder that it *sings*, as it bears its message to the lover of beauty!

HEAD NAMED BY LEAGUE

Guani of Uruguay President

Assembly Selects Officers, Listens to Speeches and Adjourns

American Problem Cited by Baltic States in Fight on Rum-Running

GENEVA (Switzerland) Sept. 5. (AP) The eighth assembly of the League of Nations began its sessions today with forty-eight countries represented. Most of the day was occupied with the election of officers, the heads of committees and speeches. The old bamlike "Hall of Reformation," in which the assembly sits presented a colorful aspect, at least so far as its occupants were concerned, since almost every hue of the human skin was to be seen. There was lacking, however, the picturesque native costumes which have enlivened the scene on previous occasions.

For the first time in League history the president of the assembly was not in formal morning dress. That official, Senor Guani, an out and out democrat, presided in a plain blue sack suit, and no waistcoat—an omission which the heat of the hall amply justified.

URUGUAYAN AT HEAD

The assembly opened with an address by Enrique Villegas of Chile, who now is functioning as president of the League Council, and proceeded with promptitude to elect another Latin-American diplomat, Alberto Guani of Uruguay, as its permanent president—the third time in League history that Latin America has thus been honored. There were twenty-four votes for Senor Guani against twenty-one for Count Albert Mensdorff-Pouilly-Dietrichstein of Austria, a prewar diplomat of the old school.

The Uruguayan was supported notably by Great Britain, France and Germany.

Senor Guani, in an address on assuming the presidency, predicted that "the differences which heretofore have been used to classify nations according to their special importance or material strength seems destined gradually to disappear, to reach a general levelling of all states big and small and unite them in a common feeling of mutual respect and democratic equality."

BUREAU MEMBERS

Mineshiro Adachi of Japan, who had withdrawn as a candidate for the presidency of the assembly, was elected president of the Commission on Constitutional Questions. Senator Danduran of Canada was named chairman of the Technical Organizations Committee; Dr. Eduardo Benes, Commission on Disarmament; Prof. Van Eysinga of Holland, Budgetary Questions; Carl Jachim Hambro of Norway, Social and Humanitarian Matters, and Joseph Beck, Premier of Luxemberg, Political Questions. They constitute the "bureau" of the assembly, together with Dr. Motta and M. De Bruckere of Belgium, who is president of the Agenda Committee, and the following vice-presidents of the assembly, who were elected tonight just before adjournment to 12 o'clock tomorrow—Signor Scialoia, Italy; Rir Austen Chamberlain, Great Britain; M. Briand, France; Gustav Stresemann, Germany; Alfred Nemours, Haitian Minister to France, and Count Kenadorff, Austria.

In his address Senor Villegas contended that the work of the League on disarmament is "only apparently slow." He considers it is inspired by prudence, which is a necessary condition for final success.

LESSON OF FAILURE

Referring to the tripartite naval conference, he said: "Three great nations met at Geneva animated by a desire to lighten their financial burdens, manifesting their accord and their confidence in a peaceful future, but faced with the complexity of the task before them, they had to desist and adjourn their attempt until later."

In view of the setback, Senor Villegas continued, it is not astonishing that the League's Preparatory Disarmament Commission met with difficulties. "The tripower naval parley," he said, "showed us the necessity of careful diplomatic and technical preparation."

He was happy to note that the efforts of the League during the past year have been centered on "the prevention of war," which he considers the real key to the disarmament problem.

"If disarmament is linked to security, what better security can there be than an international society based solidly upon mutual respect and justice?" he asked.

RUM PROBLEM UP

Rum running into the United States is likely to become one of the foremost questions before the Assembly in connection with the discussion of alcoholism urged by the delegations of Finland, Poland and Sweden.

The alcoholism problem is on the official agenda and is expected to cause an interesting debate because of the steadily increasing interest which has been given to it in Europe.

Already the child welfare committee of the League of Nations has requested the League Council to ask governments to protect children and young people from the danger of alcoholism by every possible means.

The delegates from Finland, Poland and Sweden, who inaugurated their attack against alcoholism last year, insist that the absence of coordinated international action against alcoholism is felt in the most civilized countries. In their proposal to the League they cite as an example the smuggling of alcoholic liquor on the frontiers of all countries and especially by sea, which to the disgrace of civilization, renders vain the most praiseworthy efforts of peoples and governments to settle the alcohol question.

SURVEY DEMANDED

After making this allusion to smuggling into the United States, the proposal recalls that the United States and Baltic countries have been obliged to have recourse to conventions to extirpate the evil of smuggling, but adds that without uniform international action there can be no hope of success. Finally, the delegates declare that the time has come to examine the question thoroughly and scientifically. They maintain that the League of Nations is the logical organ to conduct such an inquiry.

Senator Raoul Bandurand, one of the members of the Canadian delegation to the Assembly of the League of Nations and president of the Assembly in 1925, is understood to have been instructed to put Canada forward as a claimant for a nonpermanent seat in the Council of the League of Nations.

Three nonpermanent seats become vacant this year. They are Salvador, Belgium and Czecho-Slovakia.

FORD PEACE SHIP COMES TO LIFE

Mme. Schwimmer Asks Henry to Shift Blame From Her in Failure

NEW YORK, Sept. 5. (AP)—Now comes Mme. Rosika Schwimmer, one of the organizers of Henry Ford's peace ship, with an open letter to him asking that he make clear that she is blameless for the failure of the expedition.

She says that she has no intention of suing him but that attacks on her have made it difficult to get lecture engagements or sell magazine articles.

Americans Get Paris Divorces

PARIS, Sept. 5. (AP)—Mrs. Kathryn Fisher Whitney was granted a divorce from Harold Leroy Whitney on the ground of abandonment here today. They were married in New York on September 8, 1906. Their home was in Bedminster, N. J.

Mrs. Frank Abbott obtained a divorce from Frank Abbott, who is listed as an American but with only a Paris address given. Mr. Abbott originally applied for a divorce on the ground of indifference, but his wife made a counter-claim on the same ground and won the decree.

NEW YORK, Sept. 5. (AP)—Harold Leroy Whitney, who was divorced by his wife, Kathryn Fisher Whitney, in Paris today, is a well-known polo player. He is a son of the late Alfred R. Whitney, who was identified with the United States Steel Corporation.

Burning of Veils Causes Scandal

SAMARKAND (Turkestan) Sept. 5. (AP)—Notwithstanding strict regulations issued by central soviet authorities that the discarding of veils by Moslem women should be entirely voluntary and brought about exclusively by propaganda, provincial authorities, tiring of the slow method, undertook to fulfill their Communist duty by ordering all Moslem women who desired to escape a fine of $50 to burn their veils publicly prior to a fixed date.

More than 2750 terrified Moslem women obeyed the order. This done they marched to the nearest city and lodged a protest against official ruthlessness.

As a result fifty-eight officials were arrested and will be tried by the Supreme Court.

CIVIL WAR VETERAN DIES

STOCKTON, Sept. 5. (AP)—Lysanias J. Davis, 93-year-old veteran of the Civil War, passed away today at his country home in the Delta section. He served in several of the battles of the war with the Thirty-fourth Infantry from December, 1861, to December, 1864. Davis was born in Morgan county, Ohio, and had lived in this section the past twenty-nine years.

VANDERBILT WEDS IN PARIS

Scion of Rich Family and Divorcee of Wanamaker Kin Principals in Simple Civil Ceremony

PARIS, Sept. 5. (AP)—William K. Vanderbilt, Jr., and Mrs. Barclay H. Warburton, Jr., of Philadelphia, were married by civil ceremony at the Mayor's office in the sixteenth ward this morning.

Mr. Vanderbilt and his first wife, who was Miss Virginia Fair, were divorced in Paris on June 20 of this year. Mrs. Warburton and Barclay H. Warburton, Jr., grandson of the late John Wanamaker, were divorced last August in Paris.

WILLIAM K. VANDERBILT JR.

By coincidence official announcement of the divorce between Mr. Vanderbilt and his first wife was made only yesterday by publication in the court journal. The date of the decree of divorce is given as June 2.

Today's wedding was in the greatest contract with those usually associated with the name of Vanderbilt. Instead of a fashionable Fifth-avenue assemblage, the attendance was made up mainly of a half-dozen newspaper men.

The official witnesses were Mrs. W. K. Vanderbilt, Sr., and Mrs. John Lancaster, mother of the bride. The only other guests were Dudley Field Malone, New York lawyer, and Miss Emilie Werlemann of New York and Paris.

MRS. WARBURTON'S FIRST MARRIAGE RECALLED

PHILADELPHIA, Sept. 5. (AP)—Mrs. Barclay H. Warburton of Philadelphia, who was married in Paris today to William K. Vanderbilt of New York, formerly was Rosamond Lancaster of Worcester, Mass. She was married to Barclay H. Warburton, Jr., grandson of the late John Wanamaker, at Elkton, Md., in December, 1919, and was granted a divorce in Paris in July, 1926, on the grounds of desertion.

The marriage at Elkton was the result of a hurried decision to change their original plans and abandon the program of an elaborate wedding.

Two children were born of the union, Ross, 6 years of age, and Barclay H., III, one year younger.

The marriage of young Warburton and the then Miss Lancaster in Elkton by a Presbyterian minister was intended as a joke on their friends, who were expecting a brilliant social function later in December or early in 1920.

Three days after their return, they were guests of honor at an "engagement party" given by Major and Mrs. Barclay H. Warburton, parents of the bridegroom. Warburton and his bride gave no inkling of the fact that the "engagement party" was a trifle belated.

It was not until the eve of their departure for France on December 20, 1919, that the couple announced that they were off to enjoy their delayed honeymoon.

After their return to Philadelphia, young Warburton worked for a morning newspaper here. He went to New York in June, 1924, as president of the New York Daily Mirror, but soon withdrew from this organization, relinquishing his financial interest.

LOTS of men have the mistaken idea that Evening Clothes are expensive — if they're from Missouri — then I'm a cinch."

Duo Art Rolls, 75c to $2.00
Limited number of classical rolls. Music Cabinets also Reduced!
An official Statement
The policy of the Birkel Music Company is, and always has been, to present only the highest quality musical instruments. We have never allowed ourselves to be swerved from this policy. As a result we have built up the largest music business in the Southwest ... a business which began almost half a century ago with a capital rating of a few thousand dollars and which is today over a million dollars—the highest rating given any mercantile establishment. The world's best agencies are ours. Steinway & Sons place their pianos only with institutions that are worthy by business, financial and musical qualifications and appreciation. Wherever the Steinway is handled, you may depend upon the high standing of that house. We are not a "Special Sale" music store and only during the Fall of each year do we hold a General Clearance of this magnitude. Good business demands that every stock must be cleared of merchandise that may be termed "specials." In the regular course of business throughout the year accumulation of sample, trade-in and rental pianos; odds and ends; new and used instruments are not absorbed, so we are taking this means of making a clean-up.
We guarantee every instrument in the Sale, both new and used, to be in first class condition, of highest quality and far underpriced. Each carries, in addition, our guarantee of satisfaction or money refunded.
Let me urge you to take advantage of our ANNUAL CLEARANCE SALE!

NEW SHIPPING MOVE STARTS

American Interests Seeking Parity With Europe

Offices Opened at Capital to Handle Activities

MacLafferty Selected for Executive Post

WASHINGTON, Sept. 5. (Exclusive)—The first definitely organized attempt of the shipping interests of the United States to reach a parity with foreign ship operations now is being launched here. Permanent offices to deal with present, past and future legislation in Congress and regulation by the American government are to be opened and the work systematized so that American capital will be justified in maintaining increased merchant-marine operations under the American flag wherever opportunity justifies.

The pioneers in this effort at the present time are the members of the Pacific American Steamship Association and the Shipowners' Association of the Pacific Coast, who have designated as vice-president in Washington James H. MacLafferty, former member of Congress from Oakland, Cal., and for several years recently assistant to Secretary of Commerce Hoover. In addition to his official service in Congress and the executive branch of the national government, Mr. MacLafferty has been for more than twenty years actively engaged in business on the Pacific Coast and has at all times been a sponsor of American merchant-marine development.

Within the next few days he will have offices open in Washigton for the information of all his members and will aid in obtaining new and beneficial legislation and regulation which will enable the American business men to develop merchant shipping under the American flag in competition with the ships of all other nations.

Mr. MacLafferty accepted his new duties the 1st inst. and now is organizing his new activities. In accepting his resignation Secretary Hoover writes Mr. MacLafferty as follows:

"While I greatly regret your leaving the Department of Commerce I of course have no right to object to the great betterment of position you are able to make through connection with the merchant-marine associations. You have given two and one-half years of public service in this department. It has been a most efficient and effective service. The department has endeavored in those years to contribute to the stability of business and employment of our work people and you have done your share in this contribution."

A Felt hat now! Nuff-sed

FLEALESS RATS SHOW HEALTH

Otherwise There's Danger of Bubonic Plague, Experts State

SAN FRANCISCO, Sept. 5. (AP)—If you would know how healthy your community is, count the fleas on a local rat.

That is the index the United States Public Health Service is developing, says Dr. S. B. Grubbs. Few fleas mean small chance of an epidemic, according to the expert, while many fleas indicate danger of bubonic plague.

HUGHES MUM ON "TOO OLD" PLEA

Refuses to Reiterate His Age Objection to Campaign

Looks Robust and Healthy on Return from France

Ex-Justice States Belief Coolidge Will Run

NEW YORK, Sept. 5. (Exclusive.) Charles Evans Hughes, in robust health and back today on the Leviathan after a two months' trip through France, refused to say that he still stands on his "too old to run for the Presidency" statement.

Actually, he declared, after first ascertaining that all the newspapermen were present, it is his belief that President Coolidge will be renominated and re-elected.

Secretary of the Treasury Mellon, accompanied by his son Paul and his daughter and son-in-law, Mr. and Mrs. David W. K. Bruce, also were aboard the Leviathan after a two months' yachting trip in the Mediterranean. Secretary Mellon was uncommunicative.

Mr. Hughes was more responsive.

"I am not familiar with the political situation," said the former Secretary of State, former Supreme Court Justice and Republican nominee for President in 1916.

"I believe, however, that President Coolidge will be renominated and re-elected, and for that reason I do not think it is necessary to add to anything I have already said."

Then the question was put: "Mr. Hughes, do you stand on your May statement that you are too old for the presidency and will not accept a nomination under any circumstances?"

Evidently discomfited and finding the subject not an agreeable one for discussion, Mr. Hughes drew back into the doorway of his cabin on the upper deck. For a moment his geniality disappeared.

"I have said enough. I reiterate that in my opinion President Coolidge will be renominted and re-elected."

"You said you were too old, Governor," spoke up an elderly reporter and old-time personal friend of Mr. Hughes. "You certainly don't look it today."

Bursting into hearty laughter, the mood coming upon him as suddenly as did the reserve on the previous question, Mr. Hughes leaned back, put his hands to his sides and enjoyed himself.

"I am feeling fine. Never felt better," he said. And he looked it.

A missionary in Angola, West Africa, drives an American automobile.

COOLIDGE A GALLIVANTER

RAPID CITY (S. D.) Sept. 5. (AP)—Remaining almost exclusively in the Black Hills of South Dakota during his summer vacation, President Coolidge nevertheless has traveled by motor alone in that period almost far enough to have crossed and recrossed the continent.

The five daily trips he has made each week from the State Game Lodge to the executive office have carried Mr. Coolidge, it is estimated, 3840 miles by automobile, a new record for himself. He has shown little favor in the past toward motor travel.

Numerous drives to the fishing grounds and about the hills have swelled this total to almost 5000 miles for the summer.

TWO ESCAPE INJURY IN AIRPLANE MISHAP

BUTTE (Mont.) Sept. 5. (AP)—When Pilot Howard Reinhart of Dayton, O., arriving here from Spokane, was landing at the Butte airport this morning the brakes caught and the plane went over on its nose. The left wheel was smashed and the propeller badly bent. Rinehart and his passenger, W. C. Boardman of Aberdeen, S. D., are unhurt. Rinehart will be detained here two or three days until the plane is repaired.

GERMAN LEAGUE BATTLES REDS

HALDERSTADT (Germany) Sept. 5 (AP)—The Pan-German League, which is holding a convention here, has adopted resolutions demanding the dissolution of the Communist party and the suppression of its organs. The league represents the Nationalist extremists.

The league bases its demands on the grounds that the demonstrations throughout the world in favor of Sacco and Vanzetti, as well as the uprising in Vienna in July, last, show there is an organized plan to destroy existing order and concentrate power in the hands of mob leaders.

MOTHER SUPERIOR HONORED

EL PASO (Tex.) Sept. 5. (AP)—Mother Mary Praxedes Carty, superior of Loretto Academy here, has been awarded the grand cross of the Paladina, the supreme decoration of the Catholic Students' Mission crusade. It is said to be the only cross of its kind awarded in America.

Your Kidneys

Are the Sentinels of Your Health. Don't Neglect Them!

YOUR *kidneys!* Do you realize what an important part these organs play in your bodily health and length of life? The kidneys are the blood filters.

To be well they must thoroughly cleanse the blood of poisonous waste. Sluggish kidneys permit waste impurities to remain in the blood and cause slow poisoning of the system.

One is apt to feel tired and drowsy — to have a dull, nagging backache and annoying headaches and dizzy spells. That the kidneys are not working right is often shown by scanty or burning excretions.

Assist the kidneys with a stimulant diuretic.* Use *Doan's Pills*. They have been winning new friends for more than forty years. *Doan's* act on the kidneys only—are endorsed from coast to coast. *Ask your neighbor!*

*Diuretics are agents which increase the secretion of the kidneys.—Encyclopaedia definition.

AUBURN

Straight Eights Proven In 42,000 Miles Test to be the—

Fastest American Stock Car

Impossible—

Auburn could not originate new improved designs and build cars better than they had ever been built before, and sell them for less money, said competitors.

Yet Auburn did it. The public recognized the advancement and bought. Auburn sales doubled in one year. The car itself caused it. Even today competitors are just starting to copy Auburn's original low design of three years ago.

Its Luck—It Can't Last—

they then said. Yet this year Auburn sales will again double. Auburn's growth and success is most extraordinary. The reasons for it are all built into the car itself, and the wonderful satisfaction of Auburn owners. Auburn's percent of increase is a sensation in the industry, greatly gaining where others lost, and greatly passing many of the so called "big" companies.

The Public Wins

How can buyers strip cars of their outer tinsel, of their fancy model names and exaggerated advertising claims and get down to the real bone and flesh values?

Auburn makes its car do its own selling. It asks no favors, depends upon no high-pressure selling nor artifices. It BUILDS better and newer cars and makes the cars themselves PROVE it. Therefore Auburn's value is irrefutable.

Read These Records

To prove that Auburn cars are faster, more efficient, more durable, better engineered and built, we determined to break all official A.A.A. records for fully equipped stock cars from 5 to 5000 miles—and DID it. Then we doubled that distance establishing new records to 10,000 miles, then on top of that we tripled it, making new records to 15,000 miles, all in one continuous test. Three times the proof of superior value ever offered buyers by any manufacturer!

Words vs Deeds

Words can not offset Auburn's deed's. Claims can not substitute for performance proofs. Auburn introduces a new kind of automobile, and shows the new kind of value you are entitled to.

STATE ACCUSED OF RIVER DELAY

Arizona Charges California Awaits Congress Action

Expect Delegates to Dodge Next Conference

Hunt Sees Gain in Recent Parley at Denver

PHOENIX, Sept. 5. (Exclusive)—Assumption that California will evade attendance on the next Colorado River conference at Denver is indicated by the members of the Arizona delegation who returned this morning and who will return to the adjourned sessions beginning the 19th inst. There also is declaration of belief that the Californians are seeking to delay action till after Congress has had opportunity to act upon the Swing-Johnson bill though confidence is expressed that that measure never will find passage.

Thomas Maddock, acting as spokesman, avers that the shadow of the next general election already is covering the conference and that "no party dare establish a policy to override the rights of a State in its hydroelectric power and expect to carry such pivotal water power States as New York, West Virginia, Tennessee, Indiana and Kentucky."

GAINING FRIENDS

He added: "I do think that California wil lnot 'choose' to return to Denver on the 19th but will prefer to carry the question to Congress. California has had plans for taking the entire Colorado River and it will require time for them to readjust their viewpoint and to realize that other States and people desire to grow."

He declares that "Arizona is gaining friends and influence at every meeting and we should be able to settle this question without going to the Supreme Court. A good slogan for us now is 'fifty-fifty or fight.'"

WILL GO TO COURT

The proposition of the governors for a division on the basis of 43 per cent to Arizona is called the best outside proposition made to Arizona to date. The outstanding feature of the conference is considered the consent of the upper-basin representatives to divide unallocated waters between California and Arizona.

The next in importance was declared the six-State resolution, which Gov. Young of California yet may sign, limiting Mexico's use to the normal flow, without right on any waters stored. While confidence was expressed in a favorable outcome, there have been several intimations that Arizona expects to resort to the courts if the Swing-Johnson bill passes.

HUNT SAYS BILL GIVES RIVER TO CALIFORNIA

ALBUQUERQUE (N. M.) Sept. 5. (Exclusive)—"We hold, and all the Colorado River States hold with us, save California, that the Swing-Johnson bill should be not passed in its present form because it would hand the Colorado River over bodily to California, that State alone of all the basin States being equipped to take advantage of its provisions," declared Gov. Hunt of Arizona while here en route home from the Colorado River Conference at Denver.

"As for power, if the Boulder Dam is built and the government allows large electrical distributing agencies to control it, we will demand that they pay taxes to the State, or allow stock in consideration or its equivalent in value. Arizona isn't going to see the California Edison Company or any other corporation gobble up the power resources of Arizona without recompense to the people to whom it rightfully belongs."

Arizona's Governor voiced the opinion that his State had gained something and had certainly lost nothing at the Denver conference which he spoke of as having given Arizona the opportunity to lay her case before delegates from the seven States interested in the development of the Colorado River. He said that representatives of all the States represented at the Denver conference except California had expressed sentiments favorable to the cause of Arizona.

PIGEONS AID RUM RUNNERS

NORFOLK (Va.) Sept. 5. (Exclusive)—Rum ships are using carrier pigeons and perhaps wireless-controlled small craft in advancing their illegal trade, Capt. F. S. Vansboskerck, commandant of the Norfolk Coast Guard service, declares today.

He says the Norwegian steamer Bru, which appeared off the Virginia coast several days ago with a cargo of liquors from Halifax valued at $1,000,000, communicated with agents on shore by means of carrier pigeons.

Half a dozen Coast Guard craft and several naval destroyers kept the ship under surveillance for several days. She did not come any nearer than twenty miles to shore. Whisky was landed on the Maryland coast, however, and it is believed a wireless-controled craft was used for this purpose.

"They have the business down to a fine system now; you can expect anything," Capt. Van Boskerck says. "When they adopt carrier pigeons as a means to communicate with shore agents and use wireless-controled boats, perhaps, for landing their cargoes, there is no telling what they will no dext."

continuing
Wednesday Evening—7:30 P.M.—Until Every Piece Is Sold

AT 9:30 A. M.
I will sell the furnishings of the maids' and chauffeurs' quarters, also garden tools and kitchen utensils—Immediately following at 10:30 A. M., *Sharp*, I will sell the elaborate furnishings of the home.

Preview, Today, 2 p.m. until 9 p.m.

Foreword
AS MR. AND MRS. BEHRENDT have just sold their beautiful home they have retained me to dispose of their exquisite furnishings. Quite a little of their furniture is practically new, as several of the rooms have recently been newly furnished. This change in their plans should make this sale one of great attraction, as there is an opportunity to purchase not only some very handsome pieces that have been in the family for a number of years and that grow more beautiful with age, but in addition there are some of the latest creations of America's and Europe's foremost shops.
Attend this sale at its opening as some of the more important things will be sold in the early hours—as well as later in the day and evening.
LEWIS S. HART

Synopsis
Among the things of unusual interest are some very exquisite Oriental carpets and rugs; Sohmer Grand Piano; charming living room pieces; hand-made needlepoint chairs; hand-carved Italian davenport table with Italian marble top; lovely imported pieces of bric-a-brac, including small table bronzes and ornaments; some very rare pieces of colored vases and bowls; magnificent mantel and wall mirrors; several handsome occasional pieces; Italian dining-room suite; exquisite bedroom furnishings; French and English dinnerware; Dresden and French service plates; large quantity of beautiful Rock Crystal glasses and many other articles of interest.

Reception Hall and Stairway
Kirmanshah Rug, 12'3"x8'6"; Ispahan 11'2"x7'1"; gorgeous hand-carved solid walnut table, 5'x2'6" with Italian marble top; carved walnut occasional table with marble top; hand-made needlepoint reception hall chairs; mahogany reception hall clock; high back hall chairs with walnut frames; beautiful floor torcheres, mahogany console table and mirror; bronze electrolier; large majolica vase; pair of magnificent imported red vases; Hamadan stair runner, 16'x3'7"; Hamadan runner, 12'8"x3'9"; 3 Barouk rugs approximately 6x4'6"; mirror in elaborate carved antique gold frame; Painting by Merriam.

Living Room
Exquisite imported Belgian rug 19x16 ft. SOHMER CONCERT Grand Piano; Louis XV solid mahogany davenport elegantly upholstered in a combination of old rose plush and silk brocade with down cushions and pillows; solid walnut hand-carved easy chair upholstered in hand-made needlepoint; several very elegant antique chairs beautifully upholstered; antique Sofa; solid mahogany LOUIS XV living-room table; a very old and rare Paisley shawl in excellent condition (this is a signed piece;) pair of gilded wrought-iron torcheres with onyx trimming; large oval mirror in gold leaf Florentine frame; antique hand-carved oval table; beautiful mantel and wall mirror; three-piece French Clock set; imported floor lamp, with blue vase base trimmed in onyx with silk shade to match; a very elaborate floor lamp in a combination of gold and onyx with handsome silk shade; carved walnut coffee table with marble top; carved walnut end table with marble top; hand-decorated fire-screen with floral design; hammered andirons and firslogs; walnut wall cabinet inlaid and trimmed with bronze ornamentations; hand-made needlepoint footstool; marble smoker with wrought-iron base; paintings and exquisite ornaments.

Library
Combination bookcase and writing desk in walnut; beautiful carved davenport table; Coxwell chair; occasional chairs; floor and bridge lamps, walnut end table; imported tile top occasional table; magazine rack; Mahal rug 12'3"x8'6"; exquisite three-piece desk set of bronze and marble, consisting of clock and two companion pieces.

Dining Room
Super Chinese rug with blue background and taupe border, 11'2"x17'11"; this is a very unusual rug in quality and design; ten-piece Italian Walnut dining-room suite consisting of Buffet, China Cabinet, Serving Table, Dining Table and elegant chairs with seats and back upholstered in Blue Mohair; gorgeous floor lamp with Majolica base set on marble; this standard has a very exquisite and unusual shade made of black velvet and two-tone georgette trimmed with hand-made bead motif. A massive mirror adorns the buffet; the frame is elaborately carved and finished in antique gold, size 6x3 ft.; wrought-iron fish bowl; beautiful floral paintings.

Miscellaneous Articles
Include CHINAWARE, GLASSWARE, BRAC-A-BRAC, etc.
The miscellaneous article include many handsome and unusual pieces, the little things that add so much to a home. There are some very rare pieces of statuary, including several small Bronzes set on Marble; Dresden and Bisque ornaments; Ship Model; French Clock sets; handsome imported red and amber glass bowls and vases; beautiful imported red glass wine set; beautiful Haviland Limoges dinner set, white with gold etched border, service for 18; handsome Lennox dinner set, "The Autumn" design; exquisite Dresden dinner set, service for 12; one dozen Dresden service plates; one dozen Royal Worcester service plates in blue with gold etching; several dozen Rock Crystal stemware; several pair of wool blankets, linen, and many other unusual and rare pieces.

Upper Hall
Antique Persian runners; exquisite wrought-iron console table with marble top; mirror to match; two walnut upholstered hall chairs; two magnificent Paisley shawls adorn the railing; Paintings and Pictures.

Southeast Bedroom
Without exception this is one of the handsomest bedroom suites ever offered at auction; it took the highest award for the finest bedroom suite exhibited at the St. Louis Exposition; it is LOUIS XV period and although several years old it is a suite that grows more beautiful with age; it is made of walnut magnificently blended with hand carved decorations of antique gold; the drawer pulls are hand chiseled to correspond with the bed decorations; the suite comprises twin beds, massive dresser, chest with writing desk compartment, two night tables with French marble tops; vanity table, rocker and chair; white curled hair mattresses; chaise longue upholstered in blue damask; lovely easy chair upholstered in Linen Frieze with hair filling; hair filled slipper chair upholstered in imported linen; bedspreads of orchid and figured linen; large Scotch Chenille carpet in blue; twin night lamp; adjustable bridge lamp and shade.

Northeast Bedroom
Words fail in giving a befitting description of this truly luxurious bedroom suite. It is one of the latest creations of the master craftsmen and must be seen to appreciate its real elegance; it is of beautiful Walnut with green decorated center panels; each piece is artistically designed; the suite consists of twin beds, massive vanity, dresser, handsome chest with separate crown compartment; cabinet night table; upholstered chair and bench; Chinese rug, gold background with blue and gold border, 13'x11'4"; box springs and mattresses; tan satin bedspreads with scarfs to match; engraved mirror; night lamp, etc.

Northwest Bedroom
Newsprint will not adequately describe the elegance of this elaborate suite; it is LOUIS XVI period and is a combination of beautiful blended mahoganies artistically designed with richly carved decorations in antique gold; the suite comprises a full size bed, handsome vanity; large dresser, chest, cabinet night table; chair and bench, with loose cushions in old rose and gold damask; box spring and kapok mattress to match; exquisite ruffled bedspread in old rose; hair filled day bed; boudoir lamp in georgette decorated with hand made flowers.

Guest Room
The furnishings in this room consists of odd bedroom and occasional pieces, green enamel dresser, vanity table and mirror to match, green enamel chair and rocker; chaise longue; white curled hair mattress from wall bed; writing desk; sectional bookcase; 9x12 Wilton rug; wrought iron bridge lamp and silk shade;

Maids' and Chafteurs' Quarters
Several odd pieces of furniture consisting of beds, dressers, chiffoniers, night tables, rockers, chairs, rugs, etc.

Breakfast Room
The breakfast room furnishings are in mahogany in William and Mary period; Venetian hand-engraved mirror; 9x12 Wilton Rug; French bird cage with mechanical singing bird, etc.

Luncheon will be served on the premises to my Patrons and Guests

LOW FARES

For Vacation and Week-end Trips

Now visit California's most interesting playgrounds. You can go by train at surprisingly low cost. And your holiday starts when you board the train—no dangerous, crowded highways, no wearing nervous strain. Just relax and rest as you ride.

Save time, money and nervous energy; go by train a day, a week-end, a fortnight—there are low round-trip tickets to suit your plans. Note these examples: tickets good for 16 days:

San Francisco $23.50

(18 day limit)

Visit fascinating San Francisco. Enjoy tonic bay breezes. See Golden Gate Park, Chinatown, Fisherman's Wharf. Famous shops, quaint Bohemian restaurants of the Latin Quarter. Just across the bay—Muir Woods, Mt. Tamalpais; and delightful one-day trips into Redwood Empire on Northwestern Pacific.

10 fast trains by day or overnight. Choice of routes; you can go via scenic Coast Line and return through the great San Joaquin Valley or vice versa if you wish. Both ways by day—the famous *Daylight* along the coast and the new *San Joaquin Flyer* through the valley. Or overnight, the *Lark, Padre, Owl, Sunset Limited* and other fine trains.

Yosemite $26.50

This year, through Pullman direct to El Portal, gateway to the magic valley. Leaves 12:10 p.m., arriving in the valley for breakfast. Similar fine sleeper returning. Or enjoy the scenic trip by day—over-night to Merced, then over the re-located route of Yosemite Valley Railroad through picturesque Merced canyon. The convenient, restful, safe way to Yosemite.

Del Monte $18.50

Visit world-famous Monterey peninsula. See picturesque Carmel, Pacific Grove, Pebble Beach. Play golf, swim, fish, hike. Take the 17 mile drive. Or just rest. Travel over scenic Coast Line by day—the Shore Line leaves at 8 a. m.—arrives Del Monte 8:15 p.m. Or over-night, the Ocean Shore *Express* leaves at 8:15 p.m. arriving at Del Monte for breakfast.

Santa Barbara $5.25

Only a few hours by train—a low cost, comfortable trip. Re-create in this beautiful city on the sea-shore. 6 trains daily.

Similar reduced fares to Lake Tahoe, high in the Sierra, Owens Valley resorts, Santa Cruz and other favorite playgrounds on the coast. Play in the "charmed land" of the Pacific Northwest. Go boating on picturesque Puget Sound. Climb glaciers. Enjoy golf and every outdoor sport in a splendid scenic setting.

CRIME BUREAU CHIEF NAMED

Identity to be Secret Until Commission is Complete

Governor Working Toward Filling All Departments

Plans Study of Industry in State at Fair

SACRAMENTO, Sept. 5. (AP)—Having decided upon his choice for chairman of the State Crime Commission, Gov. Young during the next few weeks will make every effort to clear his desk of important appointments that have been pending for the last four months. Gov. Young in making known the fact that he has his chairman ready for announcement would make no intimation as to his identity because he desires the chairman's aid in selecting the other six commissioners and wishes also to announce the commission in full.

The chief executive's work toward the early completion of all State departments, especially the legislative commissions, is the result of need of these latter commissions beginning their work as soon as possible so they may shape their recommendations and reports to the Legislature on the subjects they have been asked to look into.

OTHER COMMISSIONS WAIT

Aside from the Crime Commission, some of the other important legislative committees are the juvenile delinquency investigation group of seven members, that of four members to work with the State Librarian in having California representatives set up in the Hall of Fame, a committee of four to investigate the teachers' retirement fund, and a committee of five to investigate the need of a separate penal institution for women.

The Governor also has a Park Commission of five to name, as well as a forestry board of seven, an Immigration and Housing Commission of five, a Reclamation Board of seven, one of whom will be Clarence E. Jarvis of Sacramento, and a board of cosmetology of five.

WILL STUDY INDUSTRIES

Arranging his business engagements and office appointments for the coming week for the morning hours only, Gov. Young today prepared for a week of study of California's industries and products and natural resources by attendance at the State Fair. The chief executive will spend every afternoon and evening viewing the exhibits, witnessing the races and watching the prize saddle and driving horses as they are put through their paces at the horse show.

In announcing his program for the week the Governor declared the fair belongs to the whole of the State of California, in that it is a State Fair in every sense of the word and is not a local or district exhibition.

DEATH AUTO HUNTED

MOUNTAIN VIEW, Sept. 5. (AP)—Police of three counties were on a hunt for the driver of a car that was reported to have caused the death of Richard Fear and the injury of six others near here today.

FREE TAXI-RIDE OFFER USELESS

Owner of Cars Puzzled When Nobody Cares to Go to Church Therein

REDBANK (N. J.) Sept. 5. (AP)—Felix Della Vecchia is puzzled. He offered free rides yesterday to church, any church, in his taxicabs to anybody.

Nobody accepted.

His conclusion is that folks in Redbank are too lazy to get up or they think there is something crooked about an offer of something for nothing.

COOLIDGE HOME ALL DONE OVER

White House Renovations at Last Completed

Practically New Structure Awaits Tenants

Third Floor Has Been Added to Old Mansion

WASHINGTON, Sept. 5. (AP)—President and Mrs. Coolidge will find a practically new home when they return to Washington next week from their vacation in the Black Hills.

Although nearly seven-score years old, six months of reconstruction, redecorating, cleaning and painting have transformed the historic dwelling on Pennsylvania avenue from a structure declared unsafe into an "executive mansion" in every sense of the word.

Besides a new slate roof supported by steel beams and hollow-tile arches, an entirely new third floor of eighteen rooms has supplanted an old garret space formerly used for servants' quarters. Some of these additional rooms still are to be utilized for servants, while others will be used for storage purposes and for guest rooms in emergencies.

A new ceiling has been built on the walls of the second floor, taking the place of one that used to suspend from trusses of the roof, and elevator service has been extended to the third floor.

New damask linings have been spread over the walls of the green and red rooms on the first floor, while on the second some redecorating has been done. The President's office has been cleaned and painted, and the passageway leading from the third floor to the roof of the south portico tiled for use as a roof garden.

The whole structure has been given one coat of white paint. While it was painted only last year, this coating was found necessary due to dirt from the reconstruction job.

Only the rough, unsightly timbers of the workmen's scaffolding remain to be taken from around the front portico before the house is ready for occupancy. This will be done tomorrow and every small detail will have been attended to by the time the President and First Lady find themselves ready to transfer their personal belongings from their temporary residence in the old Patterson mansion on Dupont Circle.

Day and night police details still are being maintained outside the Circle home, indicating that the President will go there immediately upon reaching the city.

While the sum of $350,000 was appropriated by Congress for White House repairs, only about $250,000 thus far has been expended. Whatever amount remains unexpended will be turned back into the Treasury.

TAFT GIVES TIP ON LOSING FAT

Beefsteak Breakfast Gives Way to Fruit, Toast and Cup of Coffee

MONTREAL, Sept. 5. (Exclusive)—When William Howard Taft, Chief Justice of the United States Supreme Court, was a guest here on his way to Buffalo from his summer home at Murray Bay, Que., he revealed the reason for the loss of much of his weight.

When President of the United States Mr. Taft tipped the scales at well over 300 pounds. Now he has little surplus flesh. While he used to eat great beefsteaks for breakfast, that meal now consists of fruit, a slice of toast and coffee.

NEW EVIDENCE IN HILL MURDER

Seattle Suspect Believed Not to be Son

Description Answers That of Acquaintance

Mustache and Ignorance of Facts Raise Doubts

STREATOR (Ill.) Sept. 5. (Exclusive)—Discovery of important new evidence in the murder of Mrs. Elma Hill, well-to-do divorcee, tonight, was followed by doubts as to whether the youth under arrest in Seattle, Wash., as Harry Hill, her son, really is the asserted slayer.

Reports from Seattle police led the La Salle county authorities to have some doubts concerning the identity of the youth held prisoner there. The latter, however, said he was Hill, and in the absence of a positive identification, Chief of Police William Robb of Streator, assistant States Attorney Jacobson and Sheriff Clark were on their way there to bring him back.

WEARS MUSTACHE

Among those who doubted that the arrested youth is Hill was Charles C. Tennant, chief of detectives of Seattle. That official said that the youth, while he maintained he is Hill, does not know how old the slain woman was, nor does he know other details concerning the Hill family.

"He told me that his mother was 61 or 69 years of age," Chief Tennant said. "Actually she was 53."

Another point that led the authorities both in Seattle and in Streator to doubt was the fact that the young man under arrest is reported to have a mustache. Hill did not have a mustache, and the officers cannot believe that a 22-year-old boy could grow even the semblance of a mustache in the three weeks that Hill has been missing from Streator.

It was in connection with the matter of the mustache, also, strangely enough, that the new evidence was discovered. This had to do with one Robert L. Honeycieti, a young man of 30, who arrived in Streator within a month before Mrs. Hill was slain August 13 or 14, and who was seen much in the company of young Hill.

VISITED WITH HILL

Authorities pointed out that it was a significant circumstance that Honeycieti checked out of the Plumb Hotel, where he lived in Streator, August 15, the same day that Harry Hill left there and that Honeycieti was not seen again.

Honeycieti is described as having such a mustache as the youth under arrest in Seattle is reported to have. Honeycieti also is about Harry Hill's general build and although he is eight years Hill's senior, might easily, on description alone, pass for Hill.

Honeycieti is known to have been several times at Hill's home with him, and during the week in August that Mrs. Hill was believed to have been murdered, Honeycieti and Hill registered together three times at the Plumb Hotel.

Girl and Rider Held Over Killing

LAKEVIEW (Or.) Sept. 5. (AP)—Lorena Trickey, cowgirl, famous throughout the West for her performances at rodeos, and Robert Brown, a rodeo rider and "bulldogger," were held in jail here today pending an inquest tomorrow over the body of "Slim," Harris, rodeo rider and huband of Lorena Trickey. Harris was stabbed to death Friday night at he was riding in his automobile here with him wife.

Dist.-Atty. Charles L. Combs of Lake county said that the woman made conflicting statements following her first account of the tragedy. After the inquest, set for tomorrow, she and Brown will be given preliminary hearings.

Splendid USED CAR BARGAINS always to be found in TIMES WANT ADS—

An Expert's Opinion

"CLAIMS that the new Hudson's operating characteristics rival those of the costlier car, whose smooth running, wide flexibility and power, seem not to be least suggested.

"It has . . . . . all the 'punch' in the world . . . . . a smart push in the back every time the accelerator pedal is trod upon. Throughout its whole range, the response to throttle seems to be precisely the same. 'Soft spots' are simply not to be found.

" . . . . . it will walk away from the traffic about faster than anything it (the Hudson Company) has ever built . . . . . it will step out of line and jump into the lead from any speed without the slightest hesitation.

"Put further, all this is accomplished without a vestige of that clinkle-tinkle sometimes under the hood that Englishmen know as 'pinking,' and American engineers as the gas knock, or detonation. Apparently this present Hudson engine just isn't going to 'ping' when the throttle is quickly opened, or when the car is driven hard against a hill.

"Under precisely similar conditions most any other modern engine will detonate when running on ordinary fuel . . . The Hudson motor does what it does on any old fuel at all, it is said, and assuredly does it on the run of the pump fuel that is sold at base prices everywhere.

" . . . . where the general drift has been toward the use of premium fuels, Hudson comes along and says premium fuels are unnecessary. The saving—a maximum of possibly five cents to the gallon, might mean a difference of possibly $25 a year to the average owner, or if carbon does not have to be scraped or burned away once or twice in a season, maybe the saving might be doubled. Fifty dollars in interest on an investment of $832, to be sure, is what a buyer ought to figure it well worth while to pay a good bit more for a car offering economies of this kind."

The new high compression anti-knock

Hudson motor *uses any Gasoline*

. . . and turns waste heat to power

Special high-compression fuels were developed to eliminate spark-knock, ping and roughness.

What these special fuels have sought, Hudson, through an exclusive new companion invention to the Super-Six principle, obtains from ordinary gasoline. You fill your tank anywhere. And you save on every filling.

With the Super-Six principle, the new invention combines the highest efficiency in power generation and transmission ever achieved within our knowledge. It makes Hudson the most economical car per pound weight in the world.

By Hudson's method of vaporizing raw gasoline that enters the combustion chamber, oil dilution is prevented, and heat formerly wasted through the exhaust becomes useful power.

The New Hudson is receiving the greatest public reception in Hudson history, because in all ways it is the greatest Hudson Super-Six ever built.

In addition to the full line of models on the 127-inch Super-Six chassis, Hudson now adds a 118-inch Super-Six, available in the Standard Coach and Standard Sedan.

CHEERFUL CHAFF

BY TIMES READERS.

WRITE FOR THE "MOVIES" AND WIN CASH PRIZES

The Los Angeles Times produces a popular tab reel called "Cheerful Chaff," consisting of the twelve best jokes submitted weekly by readers. Twelve $1 prizes are awarded each week, the names and addresses of winners together with prize-winning jokes appearing on the screen. Everyone is invited to send jokes. No formal letter is necessary. Just jot down your jokes, as many as you wish, sign your name and address and mail to "Cheerful Chaff Editor," Los Angeles Times. Jokes for the screen should not exceed thirty words. Manuscript jokes not long or otherwise not adapted for screen use, are awarded a place of honor on the Times comic page, receiving a necessity of acknowledgment.

THEATERS SHOWING "CHEERFUL CHAFF"

Apollo, Hollywood; Caldwell, Huntington Park; Alvarado, 710 N. Alvarado; Belltown, 1931 Sunset Blvd.; Clemson, 2641 E. First St.; Lincoln, Glendale; Wilshire, 221 S. Western; Cabrillo, San Pedro, Cal.; Floreno, Pasadena; Rex, Bakersfield; Western, 3705½ S. Western; Newport, 3525 Temple St.; Strand, San Pedro, Cal.

A Scotchman told Pat that water was meat and drink to him. On his way home he fell into a ditch where Pat found him. Said Pat: Ye said it was meat and drink, but I see it's washin' and lodgin' too.

Isabelle Elkins, 412 West B street, Ontario, Cal.

Dad (severely:) Ethel, I certainly smell cigarette smoke on your breath.

Clever Ethel: Now father, if you think I've been kissing George, why don't you come right out and say so?

Mrs. W. A. Richards, 1150 Victoria avenue.

Stranger to hotel clerk: Is Ryan, a Santa Fe fireman here?

Clerk: He came in a while ago, registered on the towel and went out.

G. R. Leslie, 3033 North Las Palmas avenue.

He: When you promised to obey at the altar, you waived certain rights.

Yes: Yes, but it wasn't a permanent waive.

Ann Dupuis, 310 South Alvarado street.

Tony: No sense—study English! A goat's a butter—you put butter on bread. My wife want to go to a party 'butter' dress wasn't good enough. My boss call me butter in. At ball game, umpire say 'butter' out. What's the use?

Alice Ramstein, 509 North Commonwealth.

Joshua Little On Bathing Beauties

I'VE heard a lot about bathing beauties, but never saw any. All the beach beauties I've known were members of the cat family when it came to bathing—and sometimes in some other respects.

It has been charged that the only thing of which the average beach beauty is shy is water. But that is unfair. They're shy of clothes, too.

Many of them wear less than classic stature—and object to being looked at just about as much.

Yet I verily believe beach beauties have done much for moral uplift. In saintly Victorian days men would glimpse a pretty ankle and their imaginations would run riot for a week. Now they see whole legs by the dozen without giving them a thought. They turn away from them and notice, for the first time, the beauty of waves and scenery.

With woman no longer a mystery, they can put their minds on other things.

Perhaps we are just learning the secret of the golden age of Greece. The ladies then wore so few clothes that men discovered the relative unimportance of legs and proceeded to the greatest intellectual and artistic achievements the world has known.

Yes, Palomino, it is the undiscovered only which intrigues, and woman's loss of clothes may be man's greatest gain.

Olympic Club Swimmers Capture Far Western Title Tilts

HOLLYWOOD IS THIRD IN MEET

Winged O Squad Swamps All in Championships

Movie City Mermen Make Fair Showing in Swim

Clapp Cops Half-Mile Event from Fast Field

SAN FRANCISCO, Sept. 5.—Olympic Club swimmers continued their good work today at the far western swimming meet at Fleishhacker pool and swamped all opposition to their title ambitions. The final team score was Olympic, 37; Athens, 15; Hollywood, 10; New York Boys' Club, 5; Miami Club, Florida, 1; Y.M.C.A., 1.

While the men folks from this district were enjoying themselves running up their big total of points, the local girls fared not so well. Jack Cody's well-trained, well-behaved quintet of mermaids from Portland scored 18 points in the two days with the Neptune Club next in line with 12. The Fleishhacker Club tallied 10 and San Rafael reposed in last position with 5.

The best race of the day was the 100-yard free-style event for men that was won by "Wally" O'Connor of the Olympic Club. O'Connor staged his usual home-stretch sprint to pass and win from his team-mate, Frank Walton.

Summary:

100-yard free style, men—Won by Austin Clapp, Hollywood A.C.; Carl Stevenson, Olympic Club, second; C. Peterson, Athens Club, third. Time, 1:1s. ST 3-5s.

220-yard breast stroke, women—Won by Helen Rabinkin, Fleishhacker Club; Virginia Louthery, Miltonnah A.C., second; Helen Vaubl, Neptune Club, third. Time, 3m. 20s.

220-yard back stroke, men—Won by George Kojac, Bear Club, New York; Arthur Hargraves, Olympic Club, second; H. Pimentel, Hollywood A.C., third. Time, 2m. 49 3-5s.

EXHIBITION EVENTS

100-yard free style—Johnny Weissmuller, Tiue, Olympic Club; Sidney Sears, Neptune Club, second; Lillian Jones, Neptune Club, third. Time, 1m. 19 1-5s.

150-yard free style—Johnny Weissmuller, Time, 1m. 2-5s.

High diving, men—Won by Al Ferrari, Olympic Club; Georgia Carroll, Olympic Club, second; R. Tuvalson, unattached, third.

220-yard relay, women—Won by Miltonnah Club, Portland; Neptune Club, Alameda, second; Fleishhacker Club, San Francisco, third. Time, 2m. 4-5s.

300-yard relay, men—Won by Olympic Club, first team; Olympic Club, second team, second; Athens Club, third. Time, 3m. 4s.

150-yard free style, men—Won by Wallace O'Connor, Olympic Club; Frank Walton, Olympic Club, second; Masterson, Miami Club, Florida, third. Time, 87s. 2m.

CLUB STANDINGS, MEN

Olympic Club, 37; Athens Club, 15; Hollywood Club, 10; Bear Club, New York, 5; Miami Club, Florida, 1; Y.M.C.A., San Francisco, 1; unattached, 1.

Women—Miltonnah Club, 12; Neptune Club, 12; Fleishhacker Club, 10; San Rafael Club, 5.

Hollywood and Missions Split Pair of Games

SAN FRANCISCO, Sept. 5. (AP)—Hollywood and the Missions today divided two games when the Missions took the morning game, 6 to 3 and the Stars came back in the afternoon for a 6-to-4 win.

In the second contest Hollywood scored four runs on as many Mission errors. The San Francisco club threatened in the ninth when Slade hit a home run with two on base, but lacked batting power to continue the rally. The score:

Morning game:

HOLLYWOOD	AB	R	H	O	A	MISSIONS	AB	R	H	O	A

HANDBALL KING HERE FOR TILTS

George Nelson, world's champion handball player, arrived here yesterday from Baltimore to play a series of matches with the leading handball artists of this city. Nelson will face the best of the local stars, including Maynard Laswell, retired undefeated champion of 1924, 1925, 1926. The matches will be staged on the Los Angeles Athletic Club courts. The first match is scheduled for tomorrow afternoon. Ad Schaumer, junior national champion of 1926, or Fred Olney will meet Nelson, the title-holder, in the opener.

Phillies Take Double-header from Dodgers

Senators Drop Pair of Games to Oak Outfit

OAKLAND Sept. 5. (AP)—Oakland increased its lead in the Coast League race by winning two games from Sacramento today, 2 to 0 in the morning and 9 to 3 in the afternoon. This made it four wins out of five games played on the home grounds with the Senators. Sacramento has won only one of the twelve games played on the local diamond.

SEVENTEEN GAMES CARDED ON NAVY FOOTBALL PROGRAM

Seventeen games, all played at Trona Field, San Pedro, will comprise the championship schedule of the battleship divisions, the season getting under way with two games on the 17th inst., according to announcement made aboard the U.S.S. California yesterday by Lieutenant-Commander Norman D. Scott, fleet athletic officer.

The schedule will be run off in two groups, A and B, expediting the playoffs and providing that no two teams shall play together more than once. The contest to decide the squadron championship will be played on November 26. All kick-offs will be at 2 p.m.

The complete schedule follows:

GROUP A

September 17—Mississippi vs. Colorado.
September 22—Maryland vs. West Virginia.
October 1—Tennessee vs. Mississippi.
October 8—Colorado vs. Maryland.
October 15—West Virginia vs. Tennessee.
October 22—Hartford vs. Mississippi.
October 29—West Virginia vs. Colorado.
November 5—Tennessee vs. Maryland.
November 12—Mississippi vs. West Virginia.
November 19—Colorado vs. Tennessee.

GROUP B

September 17—California vs. Arizona.
October 1—Pennsylvania vs. New Mexico.
October 15—California vs. Pennsylvania.
October 29—Arizona vs. New Mexico.
November 5—Pennsylvania vs. Arizona.
November 12—New Mexico vs. California.

POCATELLO COPS IN UTAH-IDAHO LEAGUE

SALT LAKE CITY, Sept. 5. (AP)—The second half of the Utah-Idaho Baseball League season came to a close tonight, with Pocatello in first place by a full game.

Pocatello and Idaho Falls, winner of the first half of the season, will play for the championship, the playoff series to begin probably on Saturday, the 10th inst., President Fred M. Nye of the league, announced. Idaho Falls won the title last year.

SMITH WINS WALKING RACE

PORTLAND, Sept. 5. (AP)—Paul A. Smith of Gates, Or., won a five-mile walking race from Salem to Portland today over 158 starters. Smith's time was 9h. 18m. 43s., beating the record of last year's winner by thirty-five minutes and thirteen seconds.

RECORDS SET AT BANNING

BANNING, Sept. 5.—The breaking of three records and eight crashes featured the greatest racing program ever staged here by the Banning American Legion Post.

Speed Hinckley, the Pasadena wonder, broke his own record for thirty laps, which he made here last August 7, when he turned the distance in 14m. 36s. It took him 14m. 20s. to make the thirty laps this afternoon. Hinckley turned the ten-lap heat in 4m. 43s.

Ernest Triplett, the Glendale High School boy, crashed the mark for fifteen laps when he won easily from the field in 7m. 18s.

The drivers went off the track in every race with the exception of the final event. Hap Hafley and Walter May rolled off the south turn and did a couple of nose-dives. Their cars were demolished but they escaped with a few minor bruises. Mar Van and Wirt Stanley also went over the bank and while escaping serious injury were badly cut up. Ernest Triplett and Harry Jacques, the flying Frenchmen, locked wheels in the second race of the day and were eliminated from the sweepstakes.

Here are the results:

First event, ten laps—Won by Al Gordon; second, Bill Spence; third, Gravey Dewitt. Time, 4m. 54s.

Second event, ten laps—Won by Speed Hinckley; second, Barney Kloepfer; third, Pop Evans. Time, 4m. 43s. (New world's record.)

Third event, ten laps—Won by Charley Geiston; second, Bill Bundy; third, Lou Moore. Time, 4m. 52s.

Fourth event, ten laps, added event—Won by Armon Palcustian; second, Hap Hafley; third, Charley Vest. Time, 4m. 51s.

Fifth event, ten-lap trophy dash—Won by Speed Hinckley; second, Charley Geiston; third, Al Gordon. Time, 5m. 15s.

Sixth event, fifteen-lap consolation—Won by Ernest Triplett; second, Bert Spencer; third, Carl Rider. Time, 7m. 15s. (New world's mark.)

Seventh event, Australian pursuit race—Won by Armon Palcustinian.

Final thirty-lap championship sweepstakes—Won by Speed Hinckley; second, Barney Kloepfer; third, Lou Moore; fourth, Bill Spence. Time, 14m. 29s.

Barry Loses to Goodsell at Sculling

VANCOUVER (B. C.) Sept. 5. (AP)—Scarcely extending himself, Major James Goodsell of Australia, easily defended his world's single sculling title against Bert Barry, English challenger, over the three-mile Port Moody course here today, finishing ten lengths ahead of his opponent. The title-holder rowed the distance in 24m. 13s.

The choppy course was considered an element in favor of the challenger but the race turned into a procession after the first quarter-mile when Goodsell spurted and passed Barry, who had jumped into the lead at the start.

The Ride that is like flying

with the exclusive high-compression, anti-knock motor that turns waste heat to power

All eyes turn to the new Essex Super-Six whose vivid brilliance of performance reveals in a single ride a smoothness and quiet, a road-skimming ease and soaring exhilaration that is actually like flying.

Greater in power, more versatile in all performance, larger, roomier and more beautifully appointed, it gloriously earns its richer reward in even greater popularity than its predecessor.

ESSEX SUPER-SIX

2-Pass. Speedabout	$700
4-Pass. Speedster	835
Coach	735
Coupe	735
Sedan	835

All prices f. o. b. Detroit plus war excise tax

Whether idling at a crawl, flashing through traffic, spurting at top speed or doing a comfortable 50 miles an hour all day long, its outstanding characteristic is ease, smoothness and complete absence of effort in every requirement.

In Essex, as in Hudson, the new, exclusive, high-compression motor that turns waste heat to power, develops the greatest power per cubic inch of piston displacement of any stock motor we know in the world. And it develops it economically, because it not only converts heat wasted in other types to useful power, but does it on ordinary gasoline with no need for special, higher-priced fuels.

BROOKLYN BOMB FACTORY FOUND

Six Arrested in Blast at Court Building

Infernal-Device Plant Near Explosion Scene

Yields Marked Subway Maps and Red Literature

NEW YORK, Sept. 5. (Exclusive)—Six men, only one of them a citizen, were held today in connection with the early-morning bombing of the Brooklyn Courts Building and Hall of Records and the police uncovered what they consider to be a plant for the manufacture of infernal machines.

Back of the brick walls of a drab tenement, four blocks from the scene of the explosion, the detectives found two partly completed time bombs and material sufficient to make ten others.

A wooden box full of anarchistic literature in Spanish was confiscated, and correspondence obtained by the police indicates that two of the men held had just completed a nation-wide tour in the interest of anarchistic propaganda. Two maps of the subway system of New York, with circles around certain stations, also fell into the hands of the detectives.

PERIL LURKS IN GARTERS

CHICAGO, Sept. 5. (Exclusive)—Circular garters, adorned on the outer side with various doodads, may look attractive, but girls and women who desire to retain smooth skins and avoid varicose veins will not wear them. That garters tight enough to hold up the hose are a prolific cause for varicose veins long has been known to the medical profession. Dr. Frank Furch, president of the Illinois Association of Chiropodists, reiterated the warning again today, when he said:

"Thousands of girls are perilling their shapely limbs with stockings rolled over circular garters, and unrolled, but still with the same support."

Declaring that there are only 100 pairs of perfect feet in the United States, Dr. Otto F. Schuster of New York added the startling statement that the feet of American women are growing larger.

A fringe of false hair was found in the tomb of an Egyptian Pharaoh who ruled about 3300 B. C.

"What is my present car worth in trade?"

"GIVEN several makes of cars selling at about the same price, why should one offer me a larger allowance on my present car than another?"

This is a commonly asked question. Its answer lies in understanding these basic facts:

1. Your present car has only one fundamental basis of value: i.e., what the dealer who accepts it in trade can get for it in the used car market.

2. Your present car has seemingly different values because competitive dealers are bidding to sell you a new car.

3. The largest allowance offered is not necessarily the best deal for you. Sometimes it is not. It may mean that the new car involved has been excessively priced so as to permit an excessive allowance.

4. In trading-in your present car for a new car, *first* judge the merits of the new car in comparison with its price, including all delivery and finance charges. *Then* weigh any difference in allowance.

LOWMAN TURNS FIRE ON SMITH

Treasury Official Strikes at Governor's "Wet" Record

Repeal of New York Laws on Liquor Assailed

Plea Made for Public to Aid by Reporting Violations

BUFFALO, Sept. 5. (AP)—An attack on Gov. Smith and other New York State officials for failure to provide enforcement laws and a plea to the general public to help solve enforcement problems by reporting to Washington if they "know of a still or a brewery anywhere" were made here today by Assistant Secretary of the Treasury Lowman, in charge of prohibition.

Despite lack of State enforcement laws, he said in an address before an annual outing of the Methodist Episcopal churches of Western New York, temperance and sobriety are on the gain in New York and everywhere else.

Declaring that with prohibition a joint responsibility is placed upon the nation and the States to carry it out, he asked what New York had done about it.

"You know," he said, adding:

GOVERNOR'S RECORD

"Under the leadership of Alfred Emanuel Smith, our Governor, who now wants to be President, every law on the statute books of New York State dealing with the liquor traffic was repealed, except the provision that it is a misdemeanor to be found drunk in a public place.

"They evidently overlooked that law or it would have gone, too."

Explaining why the Federal government does not step in and police the State of New York, he declares that in the face of the "open opposition of the State and local officers, it would require an army of 30,000 prohibition agents to handle a proposition like that."

Mr. Lowman says he has received hundreds of letters from people of the State urging attention to "what are ordinarily looked upon as police court matters."

Most of them, he adds, complain that "John or Joe did not bring home his pay check last week;" "He used it for drink;" "We have no food to eat."

STRIKES AT SMITH

"That is the kind of work that would now be done by your police officers if Gov. Smith had not signed the repeal bill," he asserted.

Rum row, he continued, has disappeared from New York Harbor and the greatest trouble now is being experienced off Florida, where "rum hounds recently have said they will kill two coast guardsmen for every rum-runner who is shot."

"I want to place my money on the Coast Guard," he said. "They will take care of themselves."

The Assistant Secretary asserted that more than 130 stills have been put out of business in New York in the last two months, and asked his audience to "write to Lowman at Washington and he will answer your letter right away" if they discovered a still or brewery.

State Builders Elect Officers

SANTA CRUZ, Sept. 5. (AP)—The eighth annual convention of the State Builders' Exchange closed here today after electing J. B. Sanford of Richmond president.

Other officers chosen are G. M. Latta, San Jose, vice-president; George W. Israel, Pasadena, second vice-president; E. W. Shaw, Oakland, secretary, and Dan Wagner, Santa Barbara, sergeant-at-arms.

A large delegation from Southern California proposed one exchange for the State, instead of northern and southern units. A meeting to decide the question will be conducted within a month. A uniform building code for the entire State also is recommended.

Exchange officers announce that negotiations are under way with Mayor Rolph of San Francisco to draw up new building laws for the city. The plan will require the Mayor to select a commission which in turn will pick a contractor, architect and engineer to draw up the code and report to the board of supervisors.

TWO BANDITS HOLD UP CHURCHMEN'S SOCIETY

CHICAGO, Sept. 5. (Exclusive)—Thirty members of a men's religious society were held up late today as they met in St. Adelbert's school hall. Two robbers displayed revolvers and escaped with $185 in dues. Joseph Bonk, president of the Blessed Virgin Tuchor Society, a Catholic organization, was presiding at the meeting and had just finished gathering the dues when the bandits appeared. After forcing Bonk to turn over the box containing the collection they robbed Charles Clombor of $10.

TRIPLE TRAGEDY AT ILLINOIS FARM HOME

STERLING (Ill.) Sept. 5. (Exclusive)—Double murder and suicide is the theory held by authorities tonight after the bodies of Henry Biehl, 38 years of age, his wife and their daughter Ruth, 11, were found in a bedroom of their farm home near Lanark, west of here. They had been dead for several days and were discovered by a farm hand.

PRESERVE STUCCO with Concreta

The Special PAINT that protects and beautifies

Unpainted stucco breaks down from the constant attack of carbonic acid, formed from the carbon dioxide and moisture of the air. Prove this by brushing a dry, unpainted stucco wall with a stiff broom—note the calcium dust cloud that rises!

Moisture also is a constant menace. Unprotected stucco absorbs water almost like a sponge. Dampness may linger for weeks—attacking and rusting the metal lath. As a result, the stucco develops unsightly streaks and cracks—finally crumbling and falling away.

Stucco, in fact, needs painting more than wood. But the ever-present lime causes "spotting" and destruction of ordinary house paint. Concreta is lime-resistant. It excludes moisture and prevents chemical disintegration. And its mellow, stone-like texture enhances the beauty of the natural surface. Twelve pleasing colors and white. Ask for special illustrated booklets on Concreta.

And for Porches and Steps—Use FULLER PORCH AND STEP PAINT. Six pleasing colors.

TILDEN AND HUNTER WIN

Veterans Take National Doubles Championship From Johnston and Williams in Three Sets

BROOKLINE (Mass.) Sept. 5. (AP)—William T. Tilden II of Philadelphia and his Wimbledon partner, Francis T. Hunter of New York, are the national doubles tennis champions for 1927. They won the title on the main court of Longwood Cricket Club today by defeating William M. Johnston of California and Richard N. Williams of Philadelphia, 10-8, 6-3, 6-3.

After the men's doubles match, Miss Eileen Bennett of England, and Henri Cochet of France won the mixed doubles title from Mrs. George W. Wight of Boston and Rene La Coste of France. The scores were 2-6, 6-0, 6-2.

The first set of the men's doubles match was a keenly contested battle that ended only when Tilden loosed a remarkably steady attack that gave him and Hunter three straight games and the set. The next two sets, although hard

ANGELS WIN AND LOSE TO SEALS, 9 TO 8 AND 3 TO 0

BY BOB RAY

After cracking out a 9-to-8 victory in the last two innings of the opener, the Angel bats became dormant in the closing contest so the Seals earned an even break for the holiday by inflicting a 3-to-0 defeat on Marty Krug's sunken Seraphs.

About 10,000 fans turned out for the Labor Day bill and got their big thrill out of the first game, in which the Angels overcame a seven-run lead in the last two innings. Oliver Mitchell, who stuck on the mound for

(Continued on Page 12, Column 4)

LABOR DAY IS JUST DAY OF LABOR FOR BIG BOYS

Dempsey's Quarters

LINCOLN FIELDS, CRETE, Ill, Sept. 5. (AP)—Obeying the instructions of Manager Leo P. Flynn to box in a flat-footed stance, instead of tearing in on his toes, Jack Dempsey labored throughout four rounds of boxing this Labor Day afternoon, revealing impressive form that elated his admirers.

It was Dempsey's eleventh day of training and the workout, in the opinion of the experts, was the snappiest in which the former world's heavyweight champion has indulged. After the workout, Manager Flynn announced Dempsey would lay off tomorrow and Wednesday, devoting his time to light road work exclusively and plenty of golf if he chooses to play golf.

When Dempsey resumes boxing Thursday, there will be no more public workouts. He will toil in private with only newspaper correspondents watching the proceedings.

Flynn says Dempsey does not like to work with spectators commenting on his failure to land or his punishment of sparring mates. Flynn wants to

(Continued on Page 14, Column 3)

Tunney's Sector

LAKE VILLA (Ill.) Sept. 5. (AP)—Gene Tunney today showed 3000 Chicagoans, most of them viewing the titleholder for the first time, the stuff of which champions are made.

Working out for the first time since his arrival here Friday from Speculator, N. Y., to complete training for the championship fray with Jack Dempsey in Soldiers' Field, the 22nd inst., Tunney traveled nine rounds at top speed to work out any kinks that may have developed in a four-day lay-off. Gene has been able to get in only a few miles of road work during the process of acclimation and unpacking at the Cedar Crest Country Club, his home until the night of the title defense.

The crowd that motored, bussed, trolleyed and "trained" sixty-five miles from Chicago to glimpse the smiling champion in action for the first time, cheered Gene's every movement as he punched the light bag for three rounds and boxed two sessions

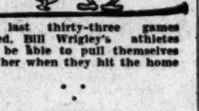
RABBIT PUNCHES



By PAUL LOWRY

CINCINNATI'S double win over the league-leading Pirates yesterday, New York's split with Boston and an even division between St. Louis and Chicago tightened the National circuit race even tighter than it has been as far as the first four teams are concerned, and paves the way for most anything, even a comeback by the Cubs.

Although the Cubs seem to have cracked wide open while the Giants have been running hog wild, winning twenty-six out of the last thirty-three games played, Bill Wrigley's athletes may be able to pull themselves together when they hit the home lot.

* * *

For the remaining four weeks of the race the schedule distinctly favors the third and the fourth-place teams, namely, Chicago and St. Louis. While Pittsburgh and New York are on the road almost the whole month St.

NEW YORK BUT HALF A GAME BEHIND CORSAIRS

Cincinnati Clouts Bucs Twice as Cubs Split With Cardinals; Braves Divide With Giants

PITTSBURGH, Sept. 5. (AP)—The Cincinnati Reds tightened up the already closely drawn National League pennant race today by taking both ends of a double-header from the Pittsburgh Pirates, whittling down the slender hold of the Corsairs on first place. The Reds took the morning game, 8 to 6, and the afternoon contest, 4 to 3.

The Pirates outhit the visitors in both games, but the Reds connected with the ball when hits counted, generally after expensive misplays by the Pittsburgh infield.

Rixey and Donohue were the winning pitchers. Miljus, Cvengros, Hill and Dawson toiled for the Pirates in the first game, while Meadows went the route in the afternoon.

George Kelly started both rallies in the sixth and eighth innings of the morning game and contributed a double which drove in a run in the second contest. Credit for winning the afternoon game went to Everett Purdy, Seattle rookie, who drove out

TY NOT GUNNING FOR ORIOLES

PHILADELPHIA, Sept. 5. (AP)—Reports that T. Cobb was negotiating for the purchase of the Baltimore team of the International Baseball League were denied today by the Georgia Peach.

"When I get through playing, I'll be through with organized baseball," said Cobb. "I may be through at the end of this season, but I won't decide until I get home from my hunting trip in Wyoming whether I'll return to the Athletics or quit for good."

Athletics Defeat Washington Club in Double-header

TRIPLE PLAY FEATURES GAME

Macks Annex Two Tilts by 2 to 1 and 3 to 0

Detroit and White Sox in Even Break

Cleveland and St. Louis Split Double-header

PHILADELPHIA, Sept. 5. (AP)—The Athletics strengthened their grip on second place today by taking the morning and afternoon games from the Washington Senators by scores of 2-1 and 3-0. The Mackmen got to Tom Zachary in the closing innings of the morning game by scoring a run each in the eighth and ninth that overcame the Senators' 1-0 lead. Hale's double scored Bishop with the tying run in the eighth inning, and Zach Wheat delivered a single in the ninth with the bases filled.

Jack Quinn blanked the visitors with seven hits in the afternoon contest.

The Athletics made a triple play in the seventh inning of this game when Bluege lined to Boley with men on first and second. Boley's throw to Bishop caught Judge off second and Bishop's throw to Dykes retired Ruel on a close play at first. Scores:

Time of game—1h. 45m.

SOX SPLIT

DETROIT, Sept. 5. (AP)—Detroit earned an even break in the holiday double-header with the White Sox by winning the afternoon game, 10 to 6, after being shut out, 5 to 0, in the morning.

Thomas held the Tigers to four hits in the forenoon while both Blankenship and Barnabee were hit hard in the second game. Carroll, who started in the afternoon for the Tigers, was knocked out of the box in the seventh inning.

Johnny Mostil, who attempted suicide while the Sox were training at Shreveport, La., made his first appearance of the season in the outfield this afternoon. He went to his old position in center field in the sixth inning. He had only one fielding chance and made an error on that. Heretofore Mostil had been used only as a pinch runner. Scores:

Morning game:

BROWNS DIVIDE

CLEVELAND (O.) Sept. 5. (AP)—Cleveland and St. Louis broke even in a double-header here today, Cleveland taking the first, 7 to 6, while the Browns won the second, 3 to 2.

Fonseca's hitting was largely responsible for the Indians' victory in the first. He made a single, triple and homer, all of which figured in making runs. Ken Williams led the Browns' attack in the first with a single and a homer. Scores:

GIANTS GAIN

NEW YORK, Sept. 5. (AP) — The Giants climbed to within one game of the Pirates today by splitting with the Braves, dropping the opener by 6 to 1, and annexing the second by 9 to 8, while the Corsairs lost twice to the Reds. Boston stopped New York's winning streak of ten straight in the first game, Robertson holding the McGraw men in check, while his mates pounded Barnes. About 55,000 were at the Polo Grounds when the Giants closed out the double bill and an avalanche of straw hats descended to the diamond when New York won.

George Harper hit two homers in successive times at bat in the second game, with nope being on base either time. After Terry and Jackson singled in the ninth with one out, Harper tried to win the game with a hit, only to strike out. Henry's relief pitching saved the day for the Giants. New York made five errors in the night cap, three being charged against Hornsby. Boston had four misplays. Scores:

Winning pitcher—Henry. Losing pitcher—R. Smith. Umpires—Rigler, Moran and Hart. Time of game—2h. 14m.

WEINERT WINS

CHICAGO, Sept. 5. (AP) — Jess Haines's air-tight pitching shut out the Chicago Cubs today in the afternoon game of the double-header, and St. Louis won, 2 to 0. The Cubs hammered out a victory over the Cardinals, 6 to 1, in the morning combat.

An overflow crowd this afternoon led to the Cubs' downfall. Chick Hafey drove two balls into the crowd for doubles and each paved the way for a Cardinal run. With Frisch on base, Hafey drove him home with a double. In the seventh Hafey got his second two-bagger, went to third on an infield out, and trotted home on Bush's wild pitch.

Maranville and Ornatti collided in the Cubs' half of the ninth in center-field, chasing English's fly. Both fell to the ground and English was granted a two-bagger. After was minutes to recover, they both went on with the game. Scores:

OBSERVATIONS

BY THE INNOCENT BYSTANDER
BILL HENRY

ALL the excitement about the new football rules is going to attract a lot of people out to the opening football game at the Coliseum two weeks from Saturday when the 1927 model Trojan mowing machine starts its fall chores with the Occidental Tigers as the prospective victims. The fact that the Tigers gave the Trojans quite a battle last year would make the game considerable of an attraction anyway, but, nevertheless, there will be a lot of interest in seeing what the new rules develop.

* * *

Some folks profess to believe that there will be a lot of promiscuous lateral passing that will either ruin the game or else make it unusually thrilling. Others believe that there will be mighty little use of the lateral pass. Those who saw the Trojans play last year will hardly expect any great use of the lateral pass. As a matter of fact, the 1926 Trojans used it, and very successfully, with a toss to Drury from one of the other backs.

A lot more folks will be anxious to see what the 1927 Trojan model looks like. They will want to see who is going to replace Manuel Larraneta in the backfield, and who the playmates of Jess Hibbs in the line are going to be. The Tigers ought to be able to make things interesting. They can start a full team of veterans who played against the Trojans last year and, in addition, they have quite a few men who were either freshmen or unable to play because of injuries last year.

* * *

Last year the punting of Jack Schweizer and Clayes played havoc with the Trojans and a lot of folks will be wondering whether or not the U.S.C. team is going to handle punts this year. There won't be a lot of likelihood of very much in the way of fancy plays because both Jones and Exendine are inclined to be conservative anyway, and the fact that the game will be played nine days after practice starts will force the coaches to rely pretty strongly on straight fundamental football.

ANGELS WIN AND LOSE TO SEALS, 9 TO 8 AND 3 TO 0

(Continued from Eleventh Page)

the visitors through the Angels' six-run rally in the eighth, threw his own game away in the ninth when, with two on and two out, he fielded Marty Krug's infield hit and heaved it into right field, Art Jahn and Wally Hood scoring with the t

Ernie Owens Battles Leo Lomski at Olympic Tonight

ROONEY WINS STOCK-CAR RACE

AMATOL (N. J.) Sept. 5. (AP)—Tom Rooney today won the 150-mile free-for-all six and eight-cylinder stock-car race, the feature event of the Labor Day program at the Atlantic City Speedway here. L. L. Corum and Gil Anderson drove the same-model cars and finished second and third, respectively. Anderson led all the way until near the finish.

Ralph Hepburn was fourth. Rooney's time for the race was 1h. 23m. 27s. His average speed was 96.30 miles an hour.

The seventy-five-mile stock-car race for six-cylinder models, selling under $2000, was won by Ralph Hepburn. Eddie Hearne finished second, Zeke Meyer was third; Ray Keech, fourth, and Jack Leighton, fifth.

Hepburn's average speed was 86.94 miles an hour, and the time of the race 52m. 21s. Three cars failed to finish.

SCHULTZ CAPTURES CLIMB

COLORADO SPRINGS (Colo.) Sept. 5. (AP)—Glenn Schultz of Colorado Springs today won the ninth annual Pike's Peak climb. His time was 18m. 25 1-5s. This is six-tenths of a second slower than his time last year when he also captured the event.

The race was marred by the serious injury of George Doty who plunged off the highway with his car a mile from the starting line.

Joe Unser won second place with a time of 20m. 24 4-5s. The time of the other racers follows:

Proctor Nichols, Manitou, 20m. 27 3-5s.; Louis Unser, 20m., 37s.; Angelo Cimino, 22m. 59s.

Bob Mason, with second-place money in sight, wrecked his machine at the finish line and was disqualified. He was uninjured.

In the stock-car event Bill Bentrupp, Colorado Springs, placed first, piloting his car to the summit in 21m. 59 3-5s. Charles H. Myers was second in 22m. 47s. Wade Morton, Indianapolis, Roy W. Russell, Pueblo, and Clay Wolfe, Colorado Springs, finished in order.

or Larry, Benny Hill and Eddie Huffman just as he was expected to do.

Lomski is made of sterner stuff than any of these. There isn't a club fighter in the country today who compares with him.

Owens has one ace—his right hand—which is the best wallop any of the present crop of fight-heavies owns. Dempsey knocked Benny Hill down—but Owens stopped Hill so cold he was out for five minutes.

Both Lomski or Owens, if they grow into heavyweights, will have to be figured.

The winner of tonight's match carries with it the 175-pound championship of the Pacific Coast. The Olympic will try to bring either McTigue or Slattery here to make the second leg of the tournament for the world title.

Owens has more at stake than Lomski. If Ernie can beat a fellow like Lomski he will need no further introduction in the East for Leo just returned from New York, where he won three straight fights. The New York commission named Lomski along with McTigue and Loughran as the outstanding contenders to fight it out for Jack Delaney's title.

Delaney gave up the light-heavy title in order to box as a heavyweight from now on. Owens appears to hit just as deadly with a right hand as Delaney.

Owens has been promised a bonus of $500 if he stops Lomski tonight. Also a chance to box on the Dempsey-Tunney card in Chicago hinges on the Olympic outcome.

Joe Woods and Cliff Ramies figure to stage a slugging eight-round semi-wind-up to the Lomski-Owens feud. They compare much the same as Lomski and Owens in fighting styles.

Woods is a two-handed, punishing fighter. Ramies will stop anybody he can hit on the point of the chin. The backers of Ramies have counted up no less than fifty-two knockouts to the Mexican's credit. That is an astounding batting average for any fighter.

Two of the world's smallest professional boxers meet in the special four-round bout on the card. Mickey Erno, weight 100 pounds, opposes Gonzolo Rubio, 108 pounds.

Senator Bill Flynn, who manages Rubio, has nicknamed him the "Rubio of Mexico." Flynn will enter the Ruby in the flyweight eliminations following tonight's fight.

The other two fours are Bobby Herman vs. Sailor Fay and Joe Bitto vs. Jack Miller.

Owens will probably outweigh Lomski five pounds.

MAGDALENO TO SHOW ON EL RIO PROGRAM

Mateo Magdaleno, claimant of the bantamweight championship of Mexico, tackles Georgie Lopez in the main event tomorrow night at the El Rio A.C. Ray McIntyre and Jackie Mandell also are down for an eight-round bout on the same card. The Magdaleno-Lopez bout is the highlight of the evening as both boys are lightning fast fighters. Dick De Hogg tangles with Lightning Davis in a six-round special. In two four-round bouts Al Astudillo meets Tony Garibay and C. Elliott tackles Tony Cardoza.

GODFREY VS. VAN PATTEN

Culver City stadium, with Jimmy Murray as master of ceremonies, expects to contribute something to the heavyweight situation Thursday night when ten massive fighters get into action in a card that will feature George Godfrey and Henry Van Patten. Godfrey is making his first appearance in any ring since his sensational knockout of Jimmy Maloney in Philadelphia three weeks ago and Culver City stadium officials believe they will have the biggest crowd of the season to see the giant black in ring attire.

U. P. Athletes Set Records

PROVO (Utah) Sept. 5. (AP)—Union Pacific System championship track and field records were smashed here today by the best group of athletes ever assembled in the history of the annual event.

The Los Angeles and Salt Lake Railroad team went a long distance toward dethroning the Union Pacific unit as champion of the system by scoring 84 1-3 points to win the track and field event. Union Pacific was second with 67 1-3 points; Oregon Short Line was third with 22 points, and the Oregon-Washington Railroad and Navigation brought up the rear with 5 1-3 counters.

Eleven system records fell. Petty, L. A. & S. L., broke the fifty-yard dash mark by clipping two-fifths of a second from the record. Eastman, U. P., took one-half second off the 100-yard dash by making it in 10s. flat. Jackie Burton, L. A. & S. L., easily won the 440-yard dash in 54 6-10s., one-half of a second better than last year's record. The two-mile run was taken by Northrup, U. P., breaking the system record by six seconds. Sparks of L. A. & S. L., barely broke the tape first in the high hurdles, making a new system record of 16.6s. Records fell in the javelin, discus, running broad jump, standing broad jump and pole vault.

BULLOCK'S STORE *for* MEN

600 Men's Fine Woven Madras Shirts at $2.50

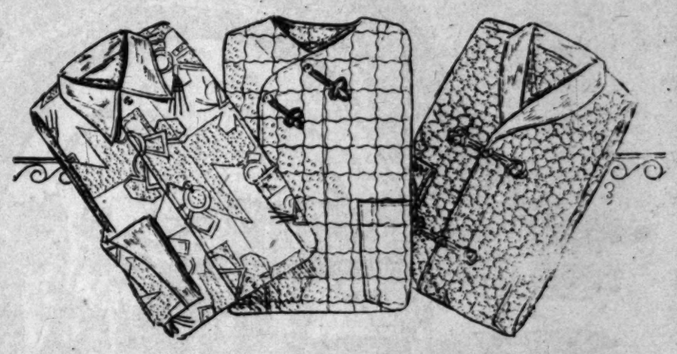
Plenty of collar attached models for the young man going back to college. Also some with two separate starched collars to match.

The season's newest combination of colored stripes on white grounds, relieved with very pretty white jacquarded figures.

Tailored to Bullock standards. Cut generously. Shaped to fit. Altogether as striking in Quality as in Economy at $2.50 each.

1200 Men's Cotton Pajamas at $2.65, 3 for $7.50

Mostly in that famous English Broadcloth which wears and launders so well. Plain colors of blue, tan, orchid as well as white. Fancy Patterns too. Coat style with French neck and slip-on style.



Supplemented by a good variety of patterned Madras and Lingette at the same low price, $2.65, 3 for $7.50.

Sizes A to D included. Fine to give a young man on his way to college.

Bullock's Store for Men—Hill Street Building

George Von Elm Paces Field in Qualifying Round of State Golf Play at Del M

STAR IN LEAD WITH 68 CARD

Dr. Paul Hunter, Stein Tied for Second Honors

Defending Champion Scores Mediocre 78 Round

Record Field in First Half of Qualifying Play

(Continued from Eleventh Page)

the championship that is being defended by Chandler Egan, of Portland, by scoring a 71 to tie with Bon Stein, Seattle, for second low gross honors. The distinguished Pacific Northwest stylist, who won his first national amateur championship twenty-one years ago, was satisfied with a 78 today, ten strokes behind Von Elm, but well up with the leaders at the half-way mark in the 36-hole qualifying test.

Charles (Chuck) Hunter, rangy Seattle youngster, claimed official attention with a 73 and Russell (Buddy) Thompson, Oakmont and Flintridge youngster, won additional prestige for the Southland with a well played 74. F. P. Hixon of Midwick and Dr. C. H. Walters of San Francisco had 750, but Southern California's famous kid brigade scored again when Charles Seaver, of the Los Angeles club, down-state junior champ, flashed under the wire with a 76 to tie with O. S. (Ossie) Carleton, golfing tornado from the rambling State of Texts.

Stroke and distance penalty on lost balls, balls out of bounds and unplayable lies afforded the stiffest mental test California State amateur championship contestants have ever been called upon to face and the stiff wind that whipped the Pebble Beach layout proved to be the contributing factor that just about demoralized the best amateur field in West Coast history.

As a whole, Southern California drew all the breaks in the play here today, but scores mounted in a manner that threatens to turn the titular affair into a golfing free-for-all. Johnny McHugh of the Olympic Club (San Francisco), Jack Neville, Lakeside, and Capt. A. Bullock Webster of Hollywood, all former State titlists, slipped up to 77s with Egan one stroke more with a 78.

Rudie Wilhelm, one of the best-known exponents on the West Coast, was forced to turn in an 80, while Dolp, runner-up to Von Elm here two years ago, scored a 77. Francis Brown, Hawaiian amateur champ and one of the most colorful contestants in the championship, slipped way up to a 79.

"TILLIE" GOES WRONG

Several highlights featured today's semifinal exhibition. Art (Tillie) Shafer, former fence-busting member of Mister John McGraw's New York National baseball team, committed golfing suicide. Art, with four birdies on the first nine, was 35 at the turn and needed pars on the last two holes for a 78, but trouble overtook the down-State golfer and he dropped one shot into the ocean to claim a 7 on seventeen and lifted two more balls into the briny and finished with an 11 on the eighteenth hole.

Jim Talbot, another down-State junior, used up forty-three strokes going out, then staged a great rally to pick up a thirty-five coming home for a 78. J. R. (Jimmy) McKinnie of the Wilshire club, off to a great start, played seve hoff three different lies and the concurrent penalty strokes skied his medal to 103, the worst card he has ever turned in. Other entrants suffered equally, Harry (Annandale) Wesbrook twice wading into the ocean for brilliant recoveries that enabled him to keep in the running for title-flight honors.

A field of more than 400 golfers, qualifying over the three peninsula courses here today, missed Von Elm's whirlwind tour that clipped one stroke from the old course mark that was shattered by Francis Brown with a 64 here last week.

The Los Angeles golfer, starting with perfectly played par 4 on the first, dropped a long putt for an eagle 3 on the second, just to show that Pebble Beach pays a thrilling tribute to perfect stroking. Number three has worried golfers ever since Peter Hay et al took charge of Pebble Beach, but Von Elm dropped a short putt for a birdie 3 and was three under. He picked up pars on the next six holes and was three under with a 33 at the turn. With the most enthusiastic gallery of the day enjoying the most masterful exhibition, Von Elm started for home with a birdie 3 on the long tenth and played safe to register pars on the last eight holes, finishing with a 35, one under, for an 18 hole aggregate of 68, four strokes under par and a new competitive record for the famous Pebble Beach layout.

Today's scores follow:

George Von Elm	68
Dr. Paul Hunter	71
Bon Stein	71
Chuck Hunter	73
Russell Thompson	74
Dr. C. H. Walters	75
R. L. "Dink" Templeton	75
Carl Seaver	75
O. S. Carlton	76
A. Bullock-Webster	77
Don Moe	77
Howard Hughes	77
Stanton Haight	77
Edink Schmidt	77
J. J. McHugh	77
Frank Dolp	77
Jack Neville	77
Jack Wolf	77
Charley Foley	77
Chandler Egan	78

Clair V. Goodwin	79
Roy Moe	79
Francis Brown	79
Fay Coleman	79
Harold Thompson	80
Lester Coleman	80
C. W. McCabe	80
George Cornes	81
Dave Martin	84
J. C. Levison	84

SOUTHLAND WOMEN CAPTURE DEL MONTE GOLF HONORS

DEL MONTE, Sept 5.—Southern California's feminine contingent of divot displacers duplicated the record of the male representatives from below the Tehachapi and this afternoon defeated their sisters from Northern California, 11½ to 9½, in the annual women's north-south team matches. Results follow:

North—Mrs. Brent Potter and Mrs. Helen Sheedy, 0; Mrs. L. D. Bacigalupi and Mrs. J. M. Yount, 0; Miss Helen D. Foster and Mrs. C. A. Webster, 3; Miss K. Hibbard and Miss Mary Powers, 3; Mrs. Emil Sutro and Mrs. J. W. Procter, 1; Mrs. Elliott Callender, and Mrs. Wyman Taylor, ½; Mrs. A. S. Lee and Mrs. H. Brunnier, 2; totals, 9½.

South—Miss K. Wright and Mrs. W. W. Campbell, 3; Miss Helen Lawson and Mrs. L. B. Elliott, 3; Mrs. J. F. Horan and Mrs. E. S. Brown, 0; Mrs. A. C. Lillie and Mrs. A. L. Doe, 0; Mrs. W. D. Lohman and Mrs. G. M. Midgley, 2; Mrs. C. Kryle Bellue and Miss Hazel Converse, 2½; Mrs. C. J. Cowan and Mrs. Rex Taylor, 1; totals, 11½.

Dempsey's Quarters

(Continued from Eleventh Page)

coach him carefully in his new style of boxing flat-footed and to have Dempsey go through his paces without attempting to satisfy the spectators who have been paying $1.10 apiece to watch the workouts.

Dempsey took on Allentown Joe Gans, Jack McCann, Ook Till and Benny Krueger, in the order named, for a round each. He won three rounds and dropped the one to Till. That was because Till was throwing plenty of left hands following out the instructions of Manager Flynn and Dempsey was practicing a defense for these thrusts.

Gans was outscored but escaped unhurt. McCann and Krueger were receivers of a heavy socking and wound up with bleeding faces.

Dempsey covered four miles on the road this morning and before putting on the gloves, worked a round with the pulleys and another with the light bag. After the boxing he worked three minutes on his back, going through the contortions designed to take off weight around the stomach muscles.

Stecher Faces Tough Evening

Of all the tough heavyweights, Joe Stecher, world's wrestling champion, has met here in the past three years, not one of them was ever curious enough to know what his reactions would be to a session of roughing such as Dick Daviscourt, the Wichita giant, meted out to Jim Londos last week.

Stecher is scheduled to defend his crown against Daviscourt at the Olympic, the 14th inst., and it is the Wichita grappler's plan to beat the champion by first dazing him with rough tactics and then bringing the spash between his ears closer with headlocks.

Whether the roughing will make Stecher a little careless in his mat work, or cause him to show more aggressiveness than ever before, is being commented upon by close followers of the sport.

RABBIT PUNCHES

BY PAUL LOWRY

(Continued from Eleventh Page)

Louis and Chicago have practically all their battles at home, which, it must be admitted, is a big asset in favor of the champions and the pennant-aspiring Cubs.

For example, after the series with St. Louis expires on Thursday the Chicago team goes home for a stand which lasts until the final two days of the season. They have seventeen games at home, winding up at St. Louis for two games. Compare this schedule with the Giants, who are away from home for nineteen games until the last day, when they close up shop with the Phils.

Pittsburgh is in much the same boat as the Giants with fifteen games away and six games at home. St. Louis' case parallels Chicago's with twenty games at home and three away. If the Giants and Pirates buckle under their stiff road-running then the race is up to the Cards and the Cubs with the odds in favor of the champions to repeat.

• •

The decisive straight-set victory scored by Bill Tilden and Francis Hunter over Bill Johnston and Norris Williams in the finals of the national men's doubles championship apparently proves that Big Bill is at the height of his tennis game again.

He bore the brunt of the attack, scored eight service aces, which was more than the combined total of the other players, and was very steady as is attested by the fact that while Johnston and Williams scored as many placements as Tilden and his partner they netted and outed twice as many shots as the victors.

• • •

No more public workouts at $1.10 per head in the Dempsey camp. The ex-champ is going to try his shuffle stance in private, and the public hereafter will have to rely on the reports of the newspaper observers. The story is that Jack objects to the adverse comments of the $1.10 per head guys, who twit him when he fails to make a good showing with some of his sparring mates. So Jack has slapped 'em on the wrist and sent 'em all away.

DAVE SHADE EASY WINNER IN EAST

KANSAS CITY, Sept. 5. (AP)—Dave Shade, San Francisco middleweight and sparring partner of Jack Dempsey, outpointed Warnie Smith of Bartlesville, Okla., in a ten-round bout here tonight.

Shade showed superior ring craft throughout the bout and baffled Smith with an array of punches.

CHEVALIER vs. HILL

MODESTO (Cal.) Sept. 5. (AP)—Leon Chevalier, Tim McGrath's negro heavyweight, will meet Benny Hill of Fresno in the ten-round main event of Promoter Frankie Fuller's boxing program here tomorrow.

CALIFORNIA GIRLS WIN IN NATIONAL TENNIS TOURNEY

PHILADELPHIA, Sept. 5. (AP)—All of the seeded stars in both the girls' national and the women's Middle States tennis championship tournaments at the Philadelphia Cricket Club survived the opening rounds today.

Several of the ranking players in the women's tournament failed to put in an appearance, among them being Mrs. Molla B. Mallory, former national titleholder; Eileen Bennett, English star, and Mrs. George W. Wightman, Boston, another former national champion.

A number of the girls' matches were hard fought, going into extra sets and giving the spectators many thrills. By virtue of victories in the opening rounds, Miss Virginia Rice, Boston, and Clara Zinke, Cincinnati, will face each other in both the girls' national and women's tournaments. Miss Zinke recently won the Illinois girls' title while Miss Rice has several notable victories to her credit this season.

Marjorie Gladman, California seeded No. 1 in the girls' tournament, scored two victories to gain the third round bracket. In her first tilt she lost only one game to Miss Margaret Anderson, Richmond, Va., and in the next she eliminated Anne Page, Philadelphia 6-4, 6-3.

Survivors in the women's tournament included Kea Bouman of Holland, holder of the French championship, who gave Helen Wills such a keen struggle in the nationals last week. She lost only one game to Ruth Bailey, St. Louis, her opponent in the first round.

Miss E. Tough (California) defeated Mary Perkins, (Pennsylvania,) 6-3, 6-4.
Josephine Cruickshank (Santa Ana, Cal.) defeated Eleanor Calahan (Pennsylvania,) 6-0, 6-3.
Marjorie Gladman (California) defeated Margaret Anderson (Virginia,) 6-0, 6-1.
Marjorie Gladman (California) defeated Dr. Anne Page (Pennsylvania,) 6-4, 6-3.
Josephine Cruickshank (Santa Ana, Cal.) defeated Rose Fittin (Pennsylvania,) 6-0, 6-2.

Tunney's Sector

(Continued from Eleventh Page)

each with Chuck Wiggins, Billy Vidaback and Frank Muskie.

Certainly no kinks appeared during the workout. Tunney cuffed and jabbed his mates at will, showering them about the head with volleys of clean blows. Despite the obvious satisfaction Gene took in the crowd's pleasure at seeing him in action, he made no effort to extend himself.

During the three rounds at the light bag, Tunney was content to warm up thoroughly, breaking the monotony of the steady two-handed attack with straight right-hand slams. Gene grinned at the enthusiasm of the spectators, the "oohs" and "ahas" that punctuated his rests between punches.

Chuck Wiggins again bore the brunt of the heavy work. For a round all went well with the Indianapolis light heavyweight, but in the second session, Gene caught the bounding Higgins with several solid right slams to the head, that laid Chuck on the ropes and took much of the agility from his legs.

Gene boxed superbly against Billy Vidaback, timing one-two punches to the head nicely. Billy did his best to bob out of range, but could not elude Tunney's shifty attack. One solid right smash to the heart, a punch Gene rarely uses in training, doubled the Bayonne middleweight in the second frame. Muskie ran into a storm of right crosses that had him fumbling around until the bell.

Billy Gibson, manager of the champion, announced today that Tunney will box tomorrow and Wednesday. The charge of $1.10 per customer will continue. Tunney probably will lay off Thursday and Friday to store up energy for the entertainment of the week-end crowds.

Additional Sports on Pg. 9, Pt. 1

GEHRIG HITS CIRCUIT CLOUT

(Continued from Eleventh Page)

Darkness ended the closing tussle. The paid attendance was 34,383, making ground rules necessary. Hundreds stormed the gates after the sale of tickets was stopped.

Lou Gehrig made his forty-fourth homer in the third inning of the first game to tie with Babe Ruth for the season total. Koenig was on base at the time with Ruffing pitching. Ruffing twirled fifteen of the eighteen innings, Wiltse finishing. The Yankees came from behind to tie the score in the ninth with a two-run rally. Each team scored three runs in the seventeenth and in the next inning successive doubles by Myer and Flagstead off Hoyt, the fifth New York pitcher, settled the battle. The game lasted four hours, twenty minutes. The scores:

First game:

Indians Take Short Contest from Beavers

PORTLAND, Sept. 5. (AP)—Portland and Seattle managed to get in one five-inning contest in the rain today, and that was all. The umpires called the slippery affair at the end of the fifth with the score 6 to 2 for the Suds, who lost the series to the Beavers, four games to two. Ed Brandt, southpaw pitcher recently sold to the Boston Braves, toiled for the last time in Coast League uniform and got credit for the win.

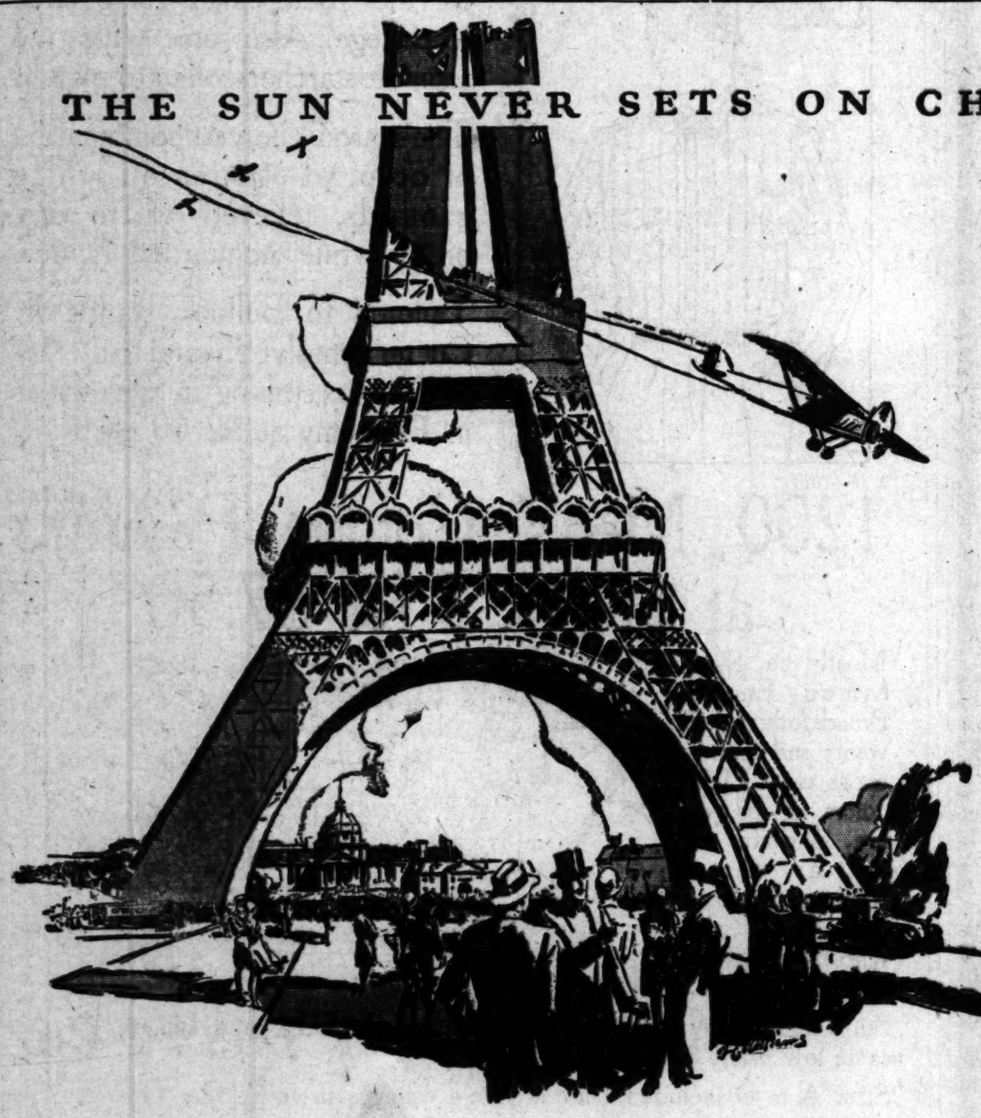
THE SUN NEVER SETS ON CHESTERFIELD'S POPULARITY

[Popular in all 4 corners of the Earth...]



...in Paris...

where good taste is born

FROM the brilliant lobby of the Crillon to the obscure little *bureaux de tabac* in the *Quartier Latin*, you'll see the familiar Chesterfield package in every corner of Paris.

The marked favoritism shown Chesterfield by this most cosmopolitan city of the Continent is added proof that the appeal of *natural tobacco taste* and fragrance is universal. And that alone explains Chesterfield's world-wide popularity.

Chesterfield

—such popularity must be deserved!

FINANCIAL

ASSOCIATED OIL NET PROFIT OFF

Earnings for Six Months of This Year $1,331,475

Equal to 58 Cents a Share, Against $2.11 in 1926

Reserve for Depreciation and Depletion Greater

Net earnings of the Associated Oil Company and proprietary companies for the six months ended June 30, after all charges, including depreciation and Federal taxes, amounted to $1,331,475.61, as compared with $4,892,599.80 in the corresponding period of last year, a decrease of $3,561,124.19, according to the consolidated semiannual statement just issued by William F. Humphrey, president.

This is equivalent to 58 cents a share on the 2,300,413 shares of capital stock outstanding, as against $2.11 a share earned on the same number of shares in the corresponding period of last year. The company is paying dividends at the annual rate of $1 a share. The Tidewater Associated Oil Company owns 94 1-2 per cent of the Associated Oil Company.

GROSS LARGE

The volume of business done by the Associated Oil Company and its subsidiaries as represented by the combined sales and earnings from operations of intercompany sales and transactions amounted to $39,-[illegible] in the first half of this year. Expenses incidental to operations, including repairs, maintenance, depreciation, insurance, cost and development charges, exclusive of depletion and Federal income taxes, amounted to $35,196,-[illegible] in the same period.

After deducting income of the company for the six months ending June 30, 1927, which compares with $4,546,647.36 for the first half of 1926, a decrease of approximately [illegible].

DEPRECIATION UP

The write-off for depreciation and depletion in the first half of this year amounted to $2,891,877.21, as compared with $3,571,707.69 written off in the six months of last year, an increase of $130,169.52. Interest and discount on funded debt amounted to $705,804.94 in the period under review.

The company's consolidated income [illegible]

MARKETS CLOSED

In observance of Labor Day, the principal security and commodity markets were closed yesterday throughout the United States. All markets and exchanges will be open again today, and quotations will be resumed in Wednesday's issue of The Times.

Thompson and Malaga Grape Prices Higher

Despite the marked slump in prices for Malaga and Thompson varieties of grapes in the auction markets of the East during the past week, the average auction price in eastern markets for August of this year is higher than a similar average for August on these two varieties in any of the previous three years, according to E. W. Stillwell, chairman of the Fresno district grape clearinghouse committee.

Comparative figures show that from August 1 to August 27 of this year there were 664,426 packages of Thompsons sold on eastern auctions at an average price of $1.80 a package. This compares with 571,138 packages of Thompsons sold on the auctions during August of 1926 at an average price of $1.07 a package. In 1925 740,081 packages of Thompsons were sold on the eastern auction at an average of $1.27 a package, while in 1924 940,586 packages were sold for an average of $1.17 a package.

Similarly with Malagas, from August 1 to August 27 a total of 861,-750 packages were sold at an average price of $1.79 a package, as against 537,301 packages sold in August, 1926, at an average price of $1.15 a package. The 1925 average price was $1.81 and in 1924 it was $1.82.

COURSES IN FOREIGN TRADE TO BE GIVEN

UNIVERSITY COLLEGE TO OFFER CERTIFICATES FOR THOSE COMPLETING STUDY

Two and three-year study courses in foreign trade will be inaugurated in the fall quarter of university college, University of Southern California, to open on the 19th inst., it was announced yesterday. Upon completion of the courses, certificates in foreign trade will be awarded by the university. Ten 3-4-unit courses will be required for the junior certificate and additional ten 3-4-unit courses for the senior certificate.

In the fall quarter the following courses, particularly applying to the subject for foreign trade, will be offered: Foreign trade, resources of the Pacific area, and traffic management. During successive quarters, other courses such as the following are being planned: Export merchandising, documentation, financing of foreign trade, resources of Latin American marine insurance, ocean transportation, maritime law and others.

Besides these courses which are applicable to the subject of foreign trade, other related courses in the field of economics and business are available. The courses are being prepared by a committee representing the Foreign Trade Club and the University of Southern California.

ROXY THEATER RECEIPTS GAIN

UNIT OF FOX CORPORATION ESTABLISHES NEW PEAK FOR ATTENDANCE

Roxy Theater, controlled by Fox Theaters Corporation, continues to break all theatrical records for both attendance and receipts, according to official figures just made public by the company covering operations for the twenty-four weeks since the institution was opened last March. During this period the attendance at the theater exceeded 3,000,000, while the box-office receipts, after allowing for taxes, totaled $2,489,600, or an average of more than $100,000 weekly. Based upon the showing already reported it is predicted that gross receipts for the first year will substantially exceed $5,000,000 as the most profitable weeks of the year are ahead.

During the two weeks ended August 19, and August 26, gross receipts during the showing of Fox's new film, "What Price Glory," totaled $144,000 and $138,000, respectively, thus establishing two more high records since the opening of the theater.

According to statements made in executive circles, Fox Film, as a result of the showing of pictures at the Roxy Theater, should receive from this source alone approximately $525,-000 from film rentals annually, equal to over $1 per share on its 500,000 shares outstanding stock.

HABIRSHAW CABLE AND WIRE CONTROL SOLD

Eastern Wire and Cable Company, which was organized under the laws of the State of Delaware, has purchased through Potter & Co., more than 100,000 of the total 170,000 voting trust certificates of the Habirshaw Cable and Wire Corporation, and, at the request of the voting trustees and in order that all certificate holders should have the same opportunity to sell, they have authorized Potter & Co. on their behalf to offer the same price, $35 a share, for all or any part of the minority voting trust certificates for a period of ninety days from August 25, last.

SOUTHERN ICE NET EARNINGS HIGHER

Statement of earnings of Southern Ice and Utilities Company for the twelve months ended July 31, last, shows total sales of $3,370,656 as compared with $3,099,688 for the corresponding period of 1926, or an increase of approximately 25 per cent. Net earnings available for interest charges, depreciation and Federal taxes for the same period totaled $974,707 as against $815,682 for the twelve months ended July 31, 1926, or an increase of 20 per cent.

EUROPEAN SICK MAN RECOVERS

Dr. Klein, Hoover's Trade Diagnostician, Reports

Says 'Calamity Complex' Has Been Shaken Off

American Loans Prove to be Effective Medicine

WASHINGTON, Sept. 5. (AP)—Although there remain a few "unfavorable spots" to be cleared up, Europe on the whole is well on the road to economic recovery, in the opinion of Dr. Julius Klein, director of the Bureau of Foreign and Domestic Commerce, who has just returned from a long survey of European conditions.

In a report to his chief, Secretary Hoover, the trade official declares today that European countries generally have shaken off the "calamity complex" or mental hazard from a stronger business morale, and are rapidly becoming convinced that the problem is "one of trade dislocation rather than downright destruction."

He also notes an almost complete absence of "any bitterness or hostility" toward the United States in European business circles, finding instead a "steadily increasing appreciation of the need for mutual trans-Atlantic good will for the facilitation of capital advances and the steady increase of merchandise movements, which have been growing regularly in both directions."

IMPROVEMENTS NOTED

Widespread expansion of air, rail and ship traffic, completion of currency and budgetary stabilization in nearly all countries, advances in savings and reduction of unemployment by normal postwar exploitation of colonial projects are some of the important strides the trade expert found for the last twelve months.

As illustrations he cites definite plans for expanding air services not only on the continent, but to the trade centers of Africa and the Far East and for combination air, rail and ship facilities to South America; several "luxury trains" added to rolling stock and an increase to 80 per cent in savings in Germany. That country also has brought her ship tonnage up almost to prewar figures in terms of actual carrying power by further replacement of steam by motor power.

As to the attitude toward American business, Dr. Klein says the value of American loans has been "all too keenly appreciated to permit of any serious interference through impulsive, superficial hostility."

LOANS AID SITUATION

Since 1924, he says, more than $800,000,000 has been advanced by this country to Germany. He adds that this is responsible for "at least a substantial portion of the industrial and commercial recovery of that country, with consequent helpful reactions to its neighbors."

A note of warning is sounded by the official in connection with the intensive development of the resources of colonies, dominions and other economically "new" lands as a solution for unemployment.

Reactions to this movement on American trade already have set in, he says, adding that while it has stimulated buying power in the new lands for American-made goods, it has led to perfectly natural endeavors to "conserve the benefits of this new development primarily for the parties immediately involved. Especially through preferential tariffs, to which we can take no exception unless there be evidence of discrimination."

"This has a bearing," he continues, "not only on our exports of manufactures to the new lands, but also on our sales of those staples which play so large a part in our exports to Europe, notably cotton, cereals, petroleum, lumber, etc., for the production of which several of the mandated territories, dominions and colonies, are well fitted."

Dr. Klein also found helpful reactions to the Geneva Economic Conference and the International Chamber of Commerce meeting at Stockholm in the form of evidences to transact longer term trade treaties that business might have assurance of something more than "one night stands."

He says there still is room for economic improvement in Europe, business leaders having complained that trade barriers resulting from the 5000 miles of new frontiers created by the Treaty of Versailles "are still retarding commercial development all over the continent."

Stock of Chain Store Offered

Public offering of 15,000 shares of the no-par value common stock of the Metropolitan Chain Stores, Inc., is being made by George H. Burr & Co., specialists in chain-store company securities. The stock is priced at market, approximately $55 per share. This offering, it was pointed out by the bankers, does not represent new financing on the part of the company, but are shares privately acquired.

Metropolitan Chain Stores, Inc., is one of the largest of the systems in the United States selling merchandise priced at from 5 cents to $1, and from the standpoint of sales volume, it ranks among the five largest in the country. Because of its strategic position, the company has been mentioned prominently in connection with merger negotiations during the past few months.

ELECTRICAL TRADE

Large Order of Hawaiian Utility Feature in Western Area

The electrical industry on the Pacific Coast for the past week has been featured by heavy power company purchasing as well as a large order for transformers and watthour meters for the Hawaiian Islands, reports Electrical World, New York. Inquiries were also received for approximately $200,000 worth of power plant equipment for two pulp and paper plants to be erected in Hoquiam and Port Townsend, Washington.

Central station buying of new equipment throughout the country as a whole is keeping up with the estimated budget which is above that of 1926. Industrial plant purchases of electrical equipment have fallen off somewhat, but the various industrials themselves are active, with the outlook for fall business good.

TRUST HELPED BY BANK RISE

Bancitaly Receives Attention From New York Analyst; Original Holders Have Large Profit

BY EARLE E. CROWE

In the New York stock market where the shrewd investors are continually on the search for new outlets for investment funds, the stock of the Pacific Coast's investment trust, Bancitaly Corporation, has attracted favorable attention lately. One large wire house has recommended the purchase of the stock several times in the last few weeks, remarking especially on the appreciation in the trust's holdings of New York bank stocks.

The action of National City Bank of New York, of which the Bancitaly Corporation recorded the ownership of 6201 shares in its last statement, is typical of the recent appreciation in market value. This stock sold at a new high the other day of $720, which probably means several million dollars added to the paper profits of the Bancitaly Corporation. First National of New York has also been rising steadily, selling now around $3840. The corporation has 335 shares of First National.

VALUES MULTIPLIED

Perhaps the disclosure of these facts in the East had something to do with the spurt Saturday which took the price of Bancitaly up around 97 on the New York Curb. At these levels the appreciation to the original holders of the stock almost rivals the performance of General Motors, which has been the subject of frequent comment since the recent split-up. The owner of 100 shares of General Motors in 1917 now has 750 shares, worth at the time of the split-up about $83,250, or an appreciation of 732 per cent in ten years.

Bancitaly does not quite measure up to this record, but the comparison is interesting when it is remembered that the company has only been in existence eight years. The investor who bought 100 shares of the original stock at $100 in 1919 now has a total of 1713 shares if he has exercised all subscription rights. This figure is based on the record of subscription rights and stock dividends published in the latest edition of Walker's Manual of Pacific Coast Securities.

The 1713 shares are worth at 95 a total of $162,735. Subscription rights have increased the cost of the original $10,000 investment to $54,730, resulting in an appreciation of $108,005, or 197 per cent. Over the eight year period the annual appreciation is 24 per cent.

HOLDING DIVERSIFIED

On the existing capitalization following the 40-per-cent stock dividend, the annual dividend rate is the equivalent to $15.68 on the original $100 par value stock. The stock has been increased, aside from subscription rights, by the reduction in par value from $100 to $25, by a 25 per cent stock dividend and the recent 40 per cent disbursement.

In the latest statement, the corporation reported assets of $221,035,-650, consisting in part of $162,529,458 in domestic and foreign stock and bonds; $6,091,488 in business properties and other items. The holdings in domestic companies are divided among twenty-eight banks and insurance companies and eighty-nine industrial and rail companies. Foreign investments are divided among ninety-one banks and industrials.

Some curiosity is displayed by stock market analysts in the investments in oil companies. The report shows stocks in four Standard Oil companies, Union Oil, Gulf Oil, Royal Dutch, Texas Company and others. In the absence of information on the date of purchase and the cost, the public is left to conjecture on the status of these holdings in the existing period of low prices.

OPENING OF NEW UNION BANK CLUB ROOMS SET

Opening of the newly decorated and enlarged clubrooms and cafe of the Union Bank and Trust Company has been set for today at noon, according to an announcement yesterday from J. W. Lewis, assistant vice-president. The clubrooms are situated on top of the Union Bank Building, and are maintained by the Union Bank Club, composed of Union Bank employees. The rooms are fitted with a well-stocked library, piano, radio and other furnishings.

BANKS HERE RANK HIGH IN NATION

Three Institutions of Los Angeles Among First Fifty in Total Deposits

Los Angeles ranks high among the cities of the United States in banking strength, it is revealed in a compilation just completed by the Union Trust Company of Cleveland, O., showing three banks of this city among the fifty largest of the nation. This does not include the Bank of Italy, deposits of which in the Los Angeles division alone aggregate more than those of several other banks included in the fifty taken into account.

The Los Angeles-First National Trust and Savings Bank, as a result of the recent consolidation, takes the lead among Los Angeles banks in aggregate deposits, followed by the Security Trust and Savings Bank and Merchants' National Trust and Savings Bank. As of June 30 the combined deposits of the First National-Pacific-Southwest were more than $207,800,000, while deposits of the Security aggregated $234,052,000 and the Merchants' National $122,495,000.

The Bank of Italy, with aggregate deposits of $603,844,000, ranks fourth among the banks of the nation, only slightly behind the American Exchange-Irving Trust Company, deposits of which were $604,647,000. Two other San Francisco banks, the American Trust Company and the Wells Fargo Bank and Union Trust Company, are included among the fifty largest of the country, the former with deposits of $235,528,000 and the latter with $130,324,000 in deposits.

The National City Bank of New York leads the list with deposits of $1,199,873,000, followed by the Chase National Bank of New York with $919,609,000 in deposits. Twenty-one of the fifty largest banks have their head offices in New York. Chicago and Boston each have four banks in the fifty, while Philadelphia has but two and Detroit and Cleveland three each.

INSURANCE MEN OFF ON CONVENTION TRIP

Three representatives from the Los Angeles office of the Travelers' Insurance Company will attend a conference of assistant managers and field assistants in life, accident and group insurance, which will be held at the company's head office at Hartford, Ct., from the 6th to 9th inst., inclusive. The Los Angeles delegation will be composed of George M. Trickett, Philip B. Putnam and Ralph E. Bridges, field assistants.

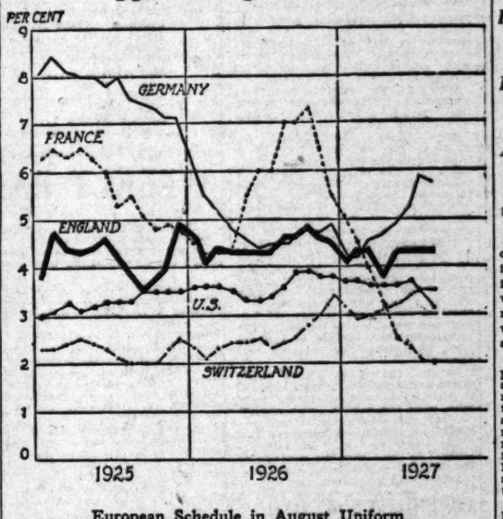
METHODS YIELD BIGGER CROPS

Notwithstanding a decrease in acreage, the production of sugar in Hawaii has been increased during the past decade from 620,000 to 780,-000 tons per annum through the effective application of fertilizers. A marked advance in the control of cane disease has also contributed to the larger yield.

More than one-half the foreign automobiles going into the United Kingdom this year are from America.

WORLD'S MONEY TREND MAPPED

Rates Approaching Common Level



European Schedule in August Uniform

How open-market money rates abroad and here have gradually become more uniform is revealed in the above chart prepared by the Federal Reserve Bank of New York. Notwithstanding the strength in the foreign exchanges, European rates during August changed but little. In the diagram the ninety-day bill rate is used for the United States and corresponding rates for other countries.

ECONOMIC INDEX SEEN AS FAULTY

Flaw Found in Bradstreet's Price Compilation

Rise of Raw Material Level Traced to Cotton

Activity in Textile Industry Held Responsible

[Copyright, 1927, New York Evening Post, Inc.]

BY PAUL WILLARD GARRETT

NEW YORK, Sept. 5.—The 2.5 per cent rise in commodity prices during August recorded by Bradstreet's index, following a 1.6 per cent advance during the preceding month represents the strongest upturn in values shown by that compilation in about two years.

While Bradstreet's list does not pretend to include as representative a lot of commodities as that carried by the Bureau of Labor Statistics, it does possess special value since it consists almost wholly of raw material. It is the movement of raw material prices that sets the pace for changes in finished goods, so the Bradstreet compilation is in a sense a barometer of the general price trend.

It goes without saying that improvement in such outstanding raw materials as cotton is what lifted the September compilation so high above that for August 1 and formed the basis for predictions by certain authorities that a turn in the commodity market is in prospect. There

STATE FAIR ATTENDANCE RECORD SET

More Than 65,000 Gather for Labor Day's Program; South's Exhibit Attracts

SACRAMENTO, Sept. 5. (Exclusive)—Shattering previous attendance records for the California State Fair, between 65,000 and 70,000 today jammed the exposition grounds to celebrate Labor Day. It also was Sacramento Day and the residents of the capital city joined hands with the thousands of visitors in making the day a huge success.

Officials of the fair announced that yesterday's attendance was 60,000, the largest for a Sabbath in the history of the fair.

Mission style architecture, for which the southern part of the State is known, is the central theme in the exhibit of Los Angeles county. A booth typifying a mission-style house furnished the outline of the exhibit. One of the walls is cut away and the interior of the house displays a panorama of the county.

The display is in charge of M. P. Yerkes of the Los Angeles Chamber of Commerce. The center of the panorama is a small model of the city of Los Angeles, while the back wall is a painting representing the "hinterland" of the county, stretching back into the mountains. The foreground is a display of the various agricultural products of the county.

Besides the usual citrus fruits raised in the South the roselle, which is little known and is used to make jelly, is in the exhibit. The numerous oil wells of the county are displayed in a forest of derricks.

The slogan of the exhibit calls attention to the diversified interests of the section—agriculture, commerce, industry and recreation.

PRESIDENT'S SECOND COUSIN PASSES AWAY

SAN RAFAEL, Sept. 5. (AP)—Mrs. Adah Coolidge Kellenberger, 72 years of age, second cousin of President Coolidge, died here today. Two weeks ago Mrs. Kellenberger was injured in a fall in her home and death indirectly resulted from the accident. She was the daughter of David Gilbert and Mary Coolidge Gilbert of Vermont, and the widow of David Kellenberger.

THE INVESTOR

Heavy Volume of Utility Financing Expected on Market at Early Date

BY WILLIAM RUSSELL WHITE

(Copyright, 1927, by New York Evening Post, Inc.)

NEW YORK, Sept. 5.—New financing under consideration in the financial district, much of which is expected to make its appearance soon after Labor Day, runs into hundreds of millions of dollars. Of this a large part represents public utility business.

To avoid a repetition of the congestion that choked the bond market earlier in the year suggestions have been made that dealers rotate issues in an orderly manner. There is little likelihood that any agreement can be reached on such a proposal however, for it is impossible to believe one group of dealers would stand aside to let others take advantage of a favorable market.

Among the important issues that will likely gain public attention at an early date are several for public utilities. This type of financing has taken a leading place in Wall street in recent years, and it is estimated power and light companies would approximately $1,400,000,000 of securities last year.

Investors have contributed more than $7,000,000,000 in the last five years to expansion of public utilities, compared with about $3,000,000,000 borrowed by railroads in the same period, according to the Index of the New York Trust Company.

This capital has permitted a rapid expansion in power production and has proved the principal factor in America's industrial prosperity in the last several years. "Total production of electricity in the United States has steadily increased in the last five years," says the Index. "In 1926 it increased about 9 per cent over 1925, amounting to 73,000,000,000 kilowatt hours, and the first half of 1927 continues this trend with an output also 9 per cent greater than in the first half of 1926.

"One of the reasons why the development of water power has not been so necessary is the increased efficiency in the use of fuel. The average amount of coal used per kilowatt hour has been reduced from 2.47 pounds to 1.87 in the past five years.

"Industrial achievements in production and productivity during the past five years in this country are explained to a considerable extent by the fact that during this period the output of electricity has increased 54 per cent.

"With four times as much power behind him as his British cousin, the American laborer has been able to carry out effectively the theory of quantity production. Considered in regard to its influence on other industries, or regarded simply as an industry by itself, the production of electricity has become of vast importance in this country.

"Invested capital in all branches of the industry now totals about $19,500,000,000. This includes the light and power companies, the street railways, the telephone and the manufacture of electrical equipment. The yearly capital expenditure for improvements and additions totals $1,570,000,000 and the gross revenue some $5,900,000,000."

SAFETY ZONES FOR DOLLARS

Practical Ways of Investing in Home Ownership, Savings Accounts, Life Insurance, and Dependable Investment Securities

97—FINANCIAL WEATHER FORECASTS

Corporations in the United States will show profits between $7,800,000,000 and $8,000,000,000 in 1927, a foremost statistician predicts. If that estimate is correct we are now in another year of high prosperity and substantial distribution of corporation earnings. How should the investor react to this and similar forecasts?

Scientific business prophecy has progressed greatly in recent years, but to date no system has been developed that will foretell economic developments absolutely. The best that can be done is to predict general trends, or work out a kind of law of averages. These forecasts are chiefly valuable only as they serve as a check on individual investigation and judgment of specific factors. Maybe 1927 is going to be a highly prosperous year, but even if it is the selection of poor investments will be almost as easy as in a period of depression, if the investor selects securities on no other basis than that business generally is good.

In making up business forecasts there are certain very valuable guide posts that point out probable future trends in business. Among these are the number of freight-car loadings, the activity of steel furnaces, unfilled steel orders interest rates, debits on checking accounts, mail-order-house buying, automobile sales, cotton and wheat markets, exports and imports, employment, business failures—and politics. There are other factors, of course.

The statisticians take what they believe are important factors, decide how much force each has and in what direction the combined force will push business. Their judgment, their methods and their results are in effect very much like the weather bureau. Forecasting weather conditions, within limits, has been developed successfully. But, although the weather forecast for balmy conditions over a whole State may come true, an unexpected localized hail storm in a small township may ruin all wheat and fruit crops in that area in fifteen minutes. The same is true of business forecasting, which may predict generally fair conditions while in this or that particular company the financial weather may be exceedingly bad.

Negro Who Shot Officers Slain

EVANSVILLE (Ind.) Sept. 5. (AP)—The body of Wesley Cooksey, negro, 40 years of age riddled with bullets, was dragged from his burning home here tonight after dozens of tear bombs had been hurled into the house. Five policemen who attempted to enter the place after Cooksey threatened to kill his wife were injured, two seriously. Cooksey held the officers at bay for three hours. Police set fire to the house in an effort to drive him out.

Chief of Police Harry Anderson is shot in the hand, Edward Suthelmer, chief of detectives, is shot in the abdomen and is in a serious condition. Ray Langford, patrolman, is in a serious condition with a bullet wound in the head. It is believed both will recover, however.

JAPANESE NAVY HERO DIES

TOKIO, Sept. 5. (AP) Admiral Baron Sadakichi Kato, who commanded the Japanese fleet during the siege of Tsingtao in the World War, is dead. He was a former chief of the Japanese Naval Board of Education.

INVENTOR OF GAS MANTLE FOUND DEAD

Nude Body of Missing Man Discovered in Brook by Family on Picnic

MORRISTOWN (N. J.) Sept. 5. (AP) The body of Charles M. Lungren, retired lighting engineer and reputed inventor of the gas mantle, was found today in a brook about five miles from his home in Mendham. He disappeared on August 14.

There was no evidence of violence or mishap and State police believed Mr. Lungren, who was 77 years of age, died of heart disease or exposure.

The body was discovered in Indian Brook near Buttermilk Falls by Martin O'Keefe of this city, who was on a picnic with his family in the vicinity. The body was unclothed, the garments and a walking stick being found near by.

Mr. Lungren recently returned from Santa Barbara, Cal., and had expressed a longing to return. His brother, Fernan, a well-known landscape gardener, is there.

ASSOCIATED OIL NET PROFIT OFF

(Continued from Thirteenth Page)

statement for the six months ended June 30, 1927, follows:

Miscellaneous adjustments	68,922.07
Net income for six months	$ 1,331,475.61

ECONOMIC INDEX SEEN AS FAULTY

(Continued from Fifteenth Page)

are those who see in the recent betterment of agricultural products a sign that the general downward movement that has prevailed in prices for two years is about to be reversed. Whether that is or is not true time alone will tell, but certainly outside of the agricultural groups and commodities related, the market of late has shown no determined disposition to rise. Even the pronounced advance reported by Bradstreet for last month is explained entirely by the improvement in the textile group.

Of course, the time is past when the movement of our own commodity markets can be studied as something apart from the international movement. To a greater degree than commonly is understood, the decline in values over the last few years represents a movement sympathetic to that abroad and it would be only natural if the future behavior of prices here were to continue somewhat dependent upon those elsewhere.

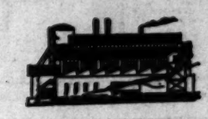
Mexican Influx Curb Proposed

ELMA (Wash.) Sept. 5. (AP)—More stringent laws for regulating Mexican immigration will be among the first problems taken up by the Immigration Committee of the House during the coming session of Congress, Representative Johnson, Republican, Washington, chairman of the House Immigration Committee, said here today in a Labor Day address.

During the fiscal year just closed, Johnson said, 538,000 immigrants entered the United States and 253,500 departed. He added that unfortunately too many of the most desirable type were among those leaving and too few of the less desirable. The Mexican increase was 67,000.

A HOMING MESSAGE

Joseph Costa of Waltham, Mass., has received a post card which he tossed overboard in a sealed bottle in mid-Atlantic while returning from his wedding trip to Italy in April, 1926. The bottle was washed ashore on Great Inagua, an island in the British West Indies, fourteen months later, and the finder, complying with the request written on the card, mailed it to Costa.



Underwriting Service for Financing of Industrial Corporations

PRESENT low interest rates provide an attractive opportunity to secure funds advantageously.

— for plant expansion, acquisition of properties and other corporate purposes.

— to refund high yield bonds outstanding.

The underwriting service of this institution is offered to established industrial corporations. Conferences with executives invited.

Complete financing service for the construction of business blocks and office buildings; also hotels and apartments of the better class. Bonds for public utilities underwritten.

SOAP MAKER AND SOLDIER SUCCUMBS

Col. Austen Colgate Dies at Summer Home in New Jersey Resort

ORANGE (N. J.) Sept. 5. (AP)—Col. Austen Colgate, vice-president of Colgate & Co., soap manufacturers, and prominent in New Jersey political and military life, died at his summer home in Barnegat today. He was 64 years of age and a bachelor. He was for more than thirty years an officer and member of the board of the Colgate company.

Elected to the State Senate from Essex county in 1911, Col. Colgate resigned his seat in 1916 to become a candidate against Walter E. Edge for the Republican nomination for Governor. He was defeated by a narrow plurality. As one of the leaders in the "new idea" wing of the Republican party, he was elected to the House of Assembly in 1906, and re-elected in 1907 and 1908.

He was a delegate to the national conventions of 1916 and 1924.

Col. Colgate as a legislator was instrumental in enacting laws reforming the jury system, abolishing child labor, establishing workingmen's compensation, and creating juvenile courts.

His military career began in 1888, as a member of a cavalry troop in New York.

Col. Colgate was born at Seven Oaks, the family homestead in the city, and maintained a life-long residence there. He was graduated from Yale in 1886.

Entering his father's soap factory after graduation, he was made a member of the firm ten years later, and became vice-president when the concern was incorporated in 1908.

New York Mayor Hits Alien Bars

VENICE (Italy) Sept. 5. (AP)—Mayor Walker of New York declared today that he is opposed to the American policy of immigration limitation.

He was speaking at a luncheon given in his honor in the historic Hotel Royal Danieli by Count Orsi, Podesta of Venice.

"So far as I am concerned, so long as I am Mayor, every son of Italy is welcome to New York," said Mayor Walker."

Faith Parley's Success Cited

CHICAGO, Sept. 5. (AP)—The recent world conference of faith and order in Lausanne proves the rapid approach of denominational unity in Christianity, according to Dr. George Craig Stewart, rector of St. Luke's Episcopal Church, Evanston, a delegate.

"The outstanding note of the conference is that of Christian charity," says Dr. Stewart. "Considerateness, forbearance, kindness and love were manifest in every session. If any little peterkin pipes up and asks what good comes from it, the answer is clear: A great access in the will to visible unity of the body of Christ, the Church. In addition there has come to all an increased respect for each other's points of view.

"On the whole, so far as the faith of the church is concerned, there is one noble, solemn and unanimous acceptance of Jesus Christ as incarnate God and Savior of the world."

POOR VISION!
YOUR EYES EXAMINED GLASSES COMPLETE **$3.15**

Business Men Use Yellow Cabs

For Short Trips Downtown

. . . "let's go!" That's the spirit of successful men.

They don't waste time and energy in slow-moving crowds.

Or in driving and parking a car.

They use a cab.

A cab takes you privately and out of the crowd right to where you are going.

As you ride in comfort, relax.

You arrive serene, with energy unimpaired, time conserved.

You don't have to park a cab.

Using a cab when business takes you out preserves unbroken the thread of your day.

Take one to four others with you for one single fare. Five can ride for the price of one in a "Yellow".

It costs so little.

Use Yellow Cabs.

Yellow Cab Co.

Your Best Friends Drink this Water

You, Too, May Enjoy the Added Health It Brings to Everyone

DRINKING water, food and exercise are the *elements* of good health. Each plays a fundamental part in your well-being—your daily work—*your* success or possible failure.

In your daily work you care for your home, your business, your loved ones. But how often do you overlook your own body, which after all is of primary importance compared to *anything* else you know.

Good drinking water, for example, is most *important.* Eight-tenths of the weight of your body consists of water. Yet seldom do we even give a thought to the kind of water we are drinking.

Pure water, for instance, is a term that is often mistaken for healthful water. This is explained by the fact that pure water is not always healthful. Purity is just one requirement of healthful water. There are two other requirements with which healthful water must conform. They are as follows—three in all:

1. Purity,
2. Minerals,
3. Good to Taste.

Purity protects health by eliminating disease germs, bacteria and other harmful substances found in water.

Minerals in a water (6 to 10 grains per gallon) is Nature's way of preventing devitalization or over-mineralization.

Good to Taste is a recognized requirement in water. It is Nature's final stamp of approval on healthful drinking water.

These three tests of drinking water are recommended by authorities everywhere. They are your surety of health in the water you drink.

Arrowhead Springs Hotel, Arrowhead Springs, Cal. —The home of famous Arrowhead Spring Water.

More people drink Arrowhead Spring Water in Southern California than any other bottled kind. Scores of factories, business institutions and prominent people have drunk it for years. This is because they realize the value of this healthful water'— the part it plays in the efficiency of employees, their own personal well-being.

The L. A. Railway, Pacific-Southwest Bank, the Bank of Italy, University of Southern California, and the Parent-Teachers' Association, for example, are regular consumers of Arrowhead Spring Water.

Peter B. Kyne, Lon Chaney, Harold Lloyd, Blanche Sweet, H. W. Robinson and George S. Allman are among a few of the hundreds of eminently successful people who drink Arrowhead.

Try a 5-gallon bottle of this famous water yourself. It costs but 50 cents—less than ½ cent per glass. We furnish stand and cooler free. It is delivered fresh each day—the same as if you drank it at Arrowhead Springs—miles away! We bring it to Los Angeles in huge glass-lined tank cars and deliver it to you just as Nature intended it should be—fresh, sparkling and full of natural health and purity.

These huge glass-lined tank-cars rush Arrowhead Spring Water to various bottling divisions where it is certified pure and bottled for consumption in your home.

Order a healthful bottle today!

Arrowhead Water is delivered to your home fresh and pure, same as if you drank it at the bubbling spring, miles away.

Free Health Information—We have compiled some authoritative data on the health values of drinking water which you may have free upon request.

AIR EXPRESS ANNOUNCES DIVIDENDS

For First Time in Annals of Aviation, Revenue Will Be Paid by Local Concern

For the first time in the history of aviation an air transport company engaged solely in commercial operation of airplanes and dependent upon earned revenue for its entire income will pay its stockholders a return upon their investment when Western Air Express, Inc. distributes a two per cent dividend from surplus on October 1, to stock of record September 15, a company announcement yesterday said. Declaration of the dividend by the local company's board of directors was announced by Harris M. Hanshue, president and general manager.

Western Air Express, Inc. flying the Los Angeles to Salt Lake City airway is reputed the world's first economically successful venture in air commerce. Almost 40 per cent of the air mail of America is flown in its planes daily from and to Southern California, this section originating the world's heaviest per capita air mail.

With more than 660,000 flying miles to its credit the local air company is given a performance rating of 99.86 per cent.

CAMPAIGN OF SAFETY LAUNCHED

School Opening Results in Appeal to Motorists for Extra Precaution

Starting a state-wide drive to protect the lives of children who, with the opening of schools, will be in constant danger from motorists, the California Public Safety Conference urges autoists to drive with special caution in the neighborhood of schools.

The 162 organizations co-operating under the organization have pledged themselves to protect the children. The State Board of Education and also local boards have agreed to do their part in obtaining co-operation from the children. The Division of Motor Vehicles, the sheriffs of the counties where the problem is acute and chiefs of police have been requested to see that all violators first are warned and then, if necessary, arrested. Motorists will be instructed by the Automobile Club of Southern California and the California State Automobile Association of the requirements of the law.

Wilburs Leave for Capital by Southern Route

Secretary of the Navy Wilbur and Mrs. Wilbur left Los Angeles yesterday for the East after a ten-day visit here. They will go to New Orleans, Pensacola, Fla., Cramerton, N. C., and Washington.

The Secretary was in the West on his annual inspection of naval matters on the Pacific Coast and came here from Seattle and San Francisco. While here he was a guest at the home of his sister, Miss Bertha Wilbur.

The visitors departed by way of the Southern Pacific on the 2:30 p.m. train.

Direct Air Mail Line to Tacoma Starts Tonight

Direct air-mail delivery to Tacoma, Wash., will be inaugurated with the flight of the Pacific Air Transport plane from Los Angeles tonight. Formerly air mail was flown to Seattle and then sent to Tacoma by rail.

The Pacific Air Transport plane leaving here at 12:01 a.m. each night will arrive in Tacoma at about 1:30 p.m. the same day. The same planes also pick up mail at various Coast points.

SCHOOLS SHOW GREAT GROWTH

Pupil Increase Expected to Number 15,000

Eight New Buildings Costing $2,916,777 Ready

Many Teachers to Be Added for Coming Term

Anticipating an increase of more than 15,000 students when Los Angeles city schools open Monday, eight new units built at a cost of $2,916,777.78 will be ready to take care of the influx, Deputy Superintendent John B. Monlux announces.

Letters from all parts of the United States are flooding the office of Supt. Susan M. Dorsey written by parents who wish to place their children in local schools. These indicate, officials at the superintendent's office stated, that last year's total enrollment of 329,538 will be increased greatly. The 15,000 estimate, they said, is conservative, and it is possible that 20,000 new pupils will come here with their parents for the opening day of classes.

GREAT GROWTH

Not only are civic educational directors preparing for a record year by erecting new buildings but the present staff of 8468 teachers will be augmented by approximately 150, Mr. Monlux said. He said that 1600 qualified instructors are waiting for appointments. If more new students arrive than the increase in buildings and teachers can accommodate half-day sessions will be conducted, but this is highly improbable, education officials believe. Last year the city teaching stuff was increased by 479 instructors.

In pointing out the increases in student enrollment Mr. Monlux reports that in the school year of 1924 there were 274,263 students; in 1925 there were 295,760 while ten years ago only 114,000 were registered. Elementary schools embrace most of the Los Angeles students, a report by Mr. Monlux shows, 171,574 being registered in the grades. Local high schools showed an enrollment of 131,661 while 26,303 pupils attended kindergarten last year. This term's increase probably will raise the above totals in proportion, Mr. Monlux said.

MILLIONS SPENT

Including the eight new schools and another which has been annexed the superintendent's office announces that 289 elementary units will operate this term, nineteen junior high schools and thirty-one senior high schools. Last year it took $25,067,420.04 to support the local schools and with the additional ones opening this total will be increased, according to the per cent increase curve in the last reports issued from the school auditor's office. To teachers went $18,400,000 of last year's expenditures.

Preparations are being completed for the first day of classes, it was said in the superintendent's office. Older buildings have been repaired during the summer and equipment gone over. The new buildings will be complete and teachers for the new units will be at their posts to register pupils, Mr. Monlux declared.

Pisching Los Angeles as one of the leaders in the field of instruction for handicapped children, according to Miss Elizabeth Bates, Assistant Superintendent of Schools, and in charge of the handicapped child department, new classes are to be established in lip reading and sight conservation. She said that plans are under way for the establishment of neighborhood centers for deaf children more than 3 years of age so that they can receive instruction before attending regular school classes.

NEW HIGH SCHOOLS

The new high schools which will open their doors to students for the first time are George Washington High School, southwest corner of Normandie avenue and One Hundred and Eighth street, built at a cost of $635,004.31; Beverly Hills High School, northwest corner of Country Club Drive and Spalding Drive, Beverly Hills, representing $713,633.57, and Eagle Rock High School, southwest corner of Yosemite Drive and La Roda avenue, costing $521,553.45.

A junior high school to be known as the Luther Burbank, is ready at the southeast corner of Meridian street and Annandale Boulevard. It cost $644,738.06.

San Pedro students will occupy one of the four new elementary buildings. It is situated on the northwest corner of Seventh street and Weymouth avenue, San Pedro, and $117,348.39 was spent for it.

ELEMENTARY UNITS

Two of the elementary schools are to be opened for San Fernando Valley pupils. One is located on the corner of Remsen street and Truesdale avenue and cost $13,500, while the other is on the southeast corner of Hazeltine avenue and Sherman Way, representing $21,250. The third elementary unit is on the northeast corner of Euna Drive and Airdrome street. An even $50,000 has been spent in its completion.

The four schools are to be known as the Seventh-street school, Remsen-street school, Hazeltine-avenue school and the Euna-Drive school, respectively.

An annexation, the Berryman-avenue school in Barnes City comes under supervision of the Los Angeles school system this year.

BUILDING OWNERS TO MEET

A luncheon meeting of the Building Owners' and Managers Association will be held at noon tomorrow in the music room of the Artland Club. The meeting will have to do with problems relating to the management of business buildings and a talk on the application of lacquer will be given by C. E. Ricksecker.

CITY SEALS OIL STATION GAS PUMPS

Step Taken After Warning to Assure Motorists of Reliable Fuel Supply

Commissioner McGuire of the Board of Public Works has announced that the board has ordered sealed all gasoline pumps at service stations which received warnings from the board that the gasoline they are selling is below city standards. Commissioner McGuire said:

"To assure motorists of a good grade of gasoline, samples are taken and tested daily, under the supervision of the Board of Public Works, from filling stations and garages throughout the city. Recently a service-station proprietor who was found selling a substituted gasoline, in violation to the city oil ordinance, was taken to court. He pleaded guilty and was fined a nominal sum. A few days later another dealer, after being warned, persisted in selling inferior gasoline. This time the board took more drastic action, and sealed the pumps at the place of sale until the tanks were pumped out and refilled with a satisfactory motor fuel.

"The same condition was found at at a number of widely separated locations, and it began to look like a virtual epidemic of low-grade gasoline. Determined to stamp out this condition the board has ordered all such filling stations to be sealed if they do not heed the warning given them. Twice once, within two days, stations have been sealed, and it is believed that the practice has been stopped.

"Most of the offending gasoline has been so corrosive to metal as not to be fit for use in gasoline motors. The trouble has been traced to two oil refineries where proper care in testing had not been given."

One Boy Killed in Traffic and Another Hurt

One boy was killed and another critically injured when they were struck by automobiles yesterday. David Rubecada, 8 years of age, was run down near his home, 1316 Los Pleasants street, by a car driven by Harold G. Burroughs, 19, a sailor on the U.S.S. Maryland, according to police. The lad was killed instantly, according to surgeons at the Hillstreet Receiving Hospital. The body was removed to the county morgue and Burroughs is booked on a charge of suspicion of manslaughter.

Billy McCamant, 4½, 622 West Fifty-fifth street, was hit while attempting to cross the street at Fifty-fifth and Hoover streets. His chest is crushed and it is thought that his skull may be fractured. He is at the Receiving Hospital in a critical condition and is not expected to recover. The automobile which struck Billy was driven by A. C. Sandberg of 717 South Main street, according to police.

FUNERAL OF HARRY LYON TO BE TODAY

Business Leader Will be Laid to Rest After Rites at Pierce Brothers Chapel

Funeral services will be conducted at 1 p.m. today from Pierce Brothers' chapel for Harry Ellison Lyon, prominent in Southern California business and financial circles, who died on the 2nd inst., following an operation.

Mr. Lyon, who lived at 1416 Nadeau Drive, came to Los Angeles twenty years ago from his birthplace in East Orange, N. J. He was 47 years of age.

On arriving in Los Angeles, Mr. Lyon became associated with the Columbia Trust Company as trust officer, and became active in investment circles. Later he retired from this company to promote the development of Balboa Island, an enterprise in which he was engaged at the time of his death.

A short time ago Mr. Lyon's condition made an operation necessary and it was performed at the California Lutheran Hospital. He died shortly after.

Mr. Lyon was an active member of the Chaparral, Athletic and Business Men's clubs. He served as director and as treasurer for the latter organization during its formulative period.

Mr. Lyon leaves his widow and two daughters.

Cramps Cause Boy's Drowning in Balboa Bay

Seized with a cramp as he was swimming in Balboa Bay, Milton E. Davis, 20 years of age of 128 West Twenty-eighth street, was drowned yesterday. Life guards recovered his body and worked for two hours in an unsuccessful attempt to revive him. By order of Coroner Brown of Orange county his body was sent to Santa Ana. An inquest will be conducted there today.

OCCIDENTAL PROFESSOR WILL WED

Dr. J. P. Young's Marriage to Miss Florence Hensel Set for Tomorrow

Miss Florence Hensel, daughter of Rev. and Mrs. C. W. Hensel, 517 South Boyle street, tomorrow will become the bride of Dr. John Park Young, head of the economics department at Occidental University and son of William H. Young, superintendent of Hollenbeck Home.

The marriage will be solemnized at 8 p.m. in the Edward Hollenbeck Chapel and will be conducted by Rev. Hensel, father of the bride. More than 300 guests are expected to attend the ceremonies.

Walter S. Young, brother of the groom, will serve as best man while Miss Betty Hensel, sister of the bride, will be maid of honor. Mrs. Walter S. Young will be matron of honor. Miss Sarah Young, sister of the groom, will be bridesmaid and Miss Marian Hensel will be flower girl.

Ushers for the event were announced yesterday as Arthur Coombs and Andrew Stewart, friends of the groom.

MARRIAGE NOW MATHEMATICAL

This New Law Anent Delayed Licenses Causes Sad Muddle in Minds of the Uxoriously Inclined but Can Be Ended by Simply Counting on Fingers

County Clerk Lampton is considering publishing a book of rules on the business of getting married under the new marriage law.

The wording of the law is such that aspirants to the state of matrimony are having trouble in computing their wedding dates, with the result that a large percentage of the time of the License Bureau deputies is consumed in helping them out.

"This law says that 'three full days' shall elapse between the filing of notice of intention and the issuance of the marriage license. This necessarily means that the day on which the application is filed can not be counted, because part of that day is lost before the office opens. Neither is day of issuance a full day.

"So, as three full days must "elapse," it works out so that one must count five days, including the day of filing application and the day of issuance of license to wed.

"Then there is another complication. If the fifth day falls on a Sunday or holiday it does not count, either, and six days must be allowed in the event."

There is a method by which even persons in the prematrimonial mental state can figure this thing out, however, Lampton points out. A happy anatomical fact enters into the situation. Here is the rule.

"Hold up the left hand, with the fingers spread out. Place the index finger of the right hand on the thumb of the left hand. Call the thumb the day of filing application. Then proceed from finger to finger, naming each finger a day. On arriving at the little finger; halt, and write down the name of the day you call it. On that day you can get a license. If the little finger turns out to be a Sunday or holiday, you'd better file another application, for the computation becomes too involved for general use.

"This is a good rule, because nature has conveniently arranged it so that there are four fingers and a thumb attached to each human hand. Just another of these evidences of Providence," Lampton said.

ORANGE COUNTY FALL FAIR OPEN

Great Southland Exhibition Has Indian Theme

Record Set This Year for Show Attractions

Booths Depict Diversity of Area's Crops

BY BURTON L. SMITH
"Times" Staff Correspondent

SANTA ANA, Sept. 5.—The Orange County Fair opened its gates this morning. Officially the event began at 7 o'clock tonight when Representative D. Swing, after arriving from San Diego in an airplane, lighted a pipe of peace and handed it to the chairman of the Board of Supervisors who in turn passed the symbol of peace and plenty to the other dignatories who occupied the platform. The opening ceremony followed a dinner given to visiting officials from neighboring counties and leaders of the American Legion who gathered at a banquet table in the dining-room located on the grounds.

Immediately after the opening ceremonies the American Legion band of Anaheim provided an exceptionally well arranged program, and the rough riders and steer ropers from the Baker Ranch at Saugus staged a rodeo.

BEST IN COUNTY'S HISTORY

These were the preliminaries of the best fair in the history of Orange County, providing more entertainment, more information and more enjoyment than any show recorded as its predecessor. Builded around an Indian theme which is as attractive as it is appropriate the entire main tent is filled with displays by neighboring communities which are a credit to the resourcefulness and the productivity of this one of the richest counties in the Southland.

As one enters the main tent he is greeted by a display of varigated vegetation which brings forcibly to mind the productivity of this most wonderful county. On both sides of the entrance one sees tier after tier of cut flowers of all colors and kinds making a panarama as hard to describe as it is beautiful to see. In the center leading down to the displays is a great garden filled with plants and shrubs, miniature lake and little hidden walks that give a hint of the possibilities of gardening in Southern California. In front of it all a large map in relief gives the visitor an idea of the extent, richness and beauty of Southern California.

Among the community displays those attracting attention are the Orange County group with the life-like figure of Pocahuntas begging at the feet of her father to spare the life of her white man lover, Capt. Smith. As is true with most of the booths this one has a foreground constructed of diversified fruits and foliage making it typical of California. Fullerton reproduces a productive ranch in miniature under a caption of "Where the Hills Begin." The Balboa display shows their pretty setting on the sea with real water playing an important part in their most beautiful display.

ANAHEIM'S DISPLAY

Anaheim in the name of the California Valencia Orange Show presents a booth depicting an old Indian legend in which an Indian maid in a canoe laden with fruit makes a sacrifice by riding over a water fall. Riverside has built a replica of the famed peace tower of Mount Rubidoux of snow-white cotton, in vivid contrast, in its purest white to the colorful displays that surround it everywhere.

Garden Grove has its display built around an old Indian pueblo showing the want and poverty that comes from the lack of water. It is to contrast the display of plenty below that has come to this comunity by the adaptation of modern methods. Pomona, which always has a most artistic display, has a miniature Minnehaha and Hiawatha returning thanks to the Great Spirit for a bounteous harvest time. The booth is made up of vegetables and fruit, chiefly from packing-houses using the label "Big Chief" and "Apache." For the first time in any of the Southern California fair displays Pomona has used potatoes to a good advantage, advertising a new crop and providing another conquest of the soil.

San Bernardino has a life-like reproduction of a horse made of ripened grapes. Behind the animal is an old Indian wickee on which are loaded the products of the modern farm and orchard. La Habra has a magnificent display of fruits and vegetables surmounted by a sun worshiper which, with the aid of flashing electric lights, makes one of the most

(Continued on Page 7, Column 3)

CITY OBSERVES LABOR DAY

Thousands Join Exodus to Recreation Centers; Copeland Speaks at Unions' Celebration

Under a sun that seemed to disregard all Labor Day etiquette by working a little harder than usual, Los Angeles yesterday celebrated the holiday by packing the beaches and parks and otherwise finding relaxation and amusement.

Organized labor, with Senator Copeland of New York as its guest and chief speaker, concentrated its forces at Rose Hill Park in an all-day program of dancing, music, sports and speech-making. But the rank and file of those who work, thousands upon thousands of men and women, sought the beaches and the outdoors generally to spend the day set aside by the nation in their honor.

Senator Copeland, in his address, pointed out that wealth is crystallized labor and that the nation properly observes Labor Day to honor the most common and yet the most important activity of its citizens.

TRIBUTE TO WORKERS

"We build monuments to our heroes, to our statesmen, to our soldiers. It is, therefore, only proper that we also honor the men and women behind the lines who make the great deeds possible by their quiet efforts," he said.

Senator Copeland diverged temporarily to discuss the present attitude of legislators at Washington toward labor and the purposes of government. The chief purpose of government, he declared, is not to protect property, as is held by some, but to serve humanity—to do for the citizen those things he cannot do for himself.

"Government is not a nursing bottle," he added. "It should not and does not aim to give anyone anything. But government should remove those artificial barriers to prosperity which stand in the way of the individual and nation and which the individual citizen is helpless to circumvent himself.

DUTY OF AMERICANS

"Every baby born has a right to be born in a decent home and the government can aid to accomplish this. But labor does not ask for a great deal. It is willing, in this country particularly, to earn it. It is the duty of us all not to make this nation the greatest in the world, for it is that already, but to make it under

(Continued on Page 3, Column 5)

The Lancer

by Harry Carr

THE other aviators who have failed and died are helping us to realize what a wonderful feat Lindbergh accomplished.

That he was helped out to some extent by luck doesn't alter the case. Napoleon was also helped out by luck. And there wouldn't have been any United States if our national rabbit's foot hadn't been on the job at some critical points.

THE KILLERS

Say, what kind of a world is this, anyhow?

Somebody brings back a story that one of the camels the Army used in Arizona years ago is still wandering around the desert. Straightway the bold hunters itch to take guns and go out and kill it.

Why on earth should they want to kill the poor old "bloomin 'coot?"

TENDER "DOGS"

Gen. Beale, who founded El Tejon ranch—one of the great estates of California—trained two of these army camels for buggy horses in the early days of California, and used to drive in from the ranch to the little pueblo that was Los Angeles.

It is doubtful if they would ever have been any good for army work. In his great Mesopotamian campaigns Gen. Allenby found that their feet couldn't stand the hard trails.

HERE'S TRAGEDY

Here is a case that ended in tragedy all around. Katie Smith's delectable Trilbies were stepped on by Archie Evans while the dance flowed on. The court refuses to allow her $10 damages for what he did to her shoes. And on his part Mr. Evans, I feel sure, can never be the same self-confident, dazzling sheik again. His style will always be cramped by the hideous past—wherein a lady went to court and testified that he stepped all over her feet.

SARCASM, MAYBE!

I would like to know, however, what Katie said to Archie on their way home from that fateful dance at the Lonesome Club.

NOT HER TIME

Life has extraordinary ironies. About once a day some one is killed trying to cross a street, turning on an electric heater from a bath tub or in some other futile way. And yet the police have a woman in charge who has tried four times to kill herself—using everything from heavy artillery to rat poison—and still she flourishes in the best of health.

NO CHANCE

Gene Tunney is about to fight to defend the heavyweight championship of the world under a terrific handicap. All the wise and profound experts have picked him to win.

TRIBUTE TO DIPLOMATS

Bishop Washinger's pleas for world harmony will be of no avail. You can't bring harmony into a political status that is one evil, stinking mess of diplomatic intrigues. The revelations that have come from papers discovered in the archives of the collapsed empires of the world would bring shame to a gang of Chicago gunmen. There is no such thing as honor or truth or fair dealing in European diplomacy.

ORIENTAL WISDOM

The wife of Robert Edeson, the veteran actor, has lived long in

Mysterious Madame XYZ Identified as Wife of Carpenter Here

HUSBAND GIVES WORD TO POLICE

Information Follows Meeting Arranged by Telephone

Letter Writer Reported as Abandoning Death Plan

Authorities Decide to Close Investigation in Case

Identification of the writer of the mysterious Madame XYZ letter as Mrs. Frank A. Martin, wife of a carpenter residing at 2674 South Vermont avenue, was reported to the police yesterday by the husband after an asserted meeting with the woman who startled the city with her written warning to prominent people that unless she were given financial aid she would commit suicide.

Martin, according to information in the hands of Detective Lieutenant Jarvis, met his wife after she had telephoned him she would speak to him but refused to tell her husband where she was living. It is understood she is living somewhere near Hollenbeck Park.

INQUIRY AT END

Police, according to Lieut. Jarvis, are not continuing their investigation into the case as the husband is said to have received assurance from his wife that she will not take her own life as she threatened in her letter last Saturday. The letter was turned over to police by a public stenographer to whom it had been sent for copying and mailing to prominent Angelenos.

It is reported by the husband that the woman is planning to establish a new religious movement.

While police are remaining inactive in the matter, it is learned that the Martins were in a strained financial condition. Religious activities by either of the Martins had not been noticed by friends and neighbors, it is reported.

HUSBAND UNWORRIED

Detective Lieutenant Viet of the Jefferson-street station, who also interviewed Martin, declares that the husband appears not at all concerned over his wife's threats to end her life. Martin, it is stated, told the police that his wife appeared to be in good health and spirits.

At the home of Mrs. Gertrude Caldwell, sister of Mrs. Martin, it is stated that nothing has been heard of the still missing woman since she departed and no word from her is anticipated. It appears that the sisters have not communicated for a long time, though the reason for the estrangement is only hinted.

Los Angeles Times Lindbergh Flight Puzzle $150 CASH PRIZES

SIXTH INSTALLMENT

Every member of the family will get a lot of pleasure and education in solving this interesting puzzle presented by The Times in honor of Col. Charles A. Lindbergh, air conqueror of the Atlantic, who will be in Los Angeles September 20. Substantial cash prizes are offered for the best set of answers. In each line there is a last missing word, the key of which is given you in the explanatory phrase. Look 'em up in the atlas. The entire puzzle will be printed in this column, adding an installment each day until eleven chapters have been published. No answers may be submitted until the entire puzzle has been published.

RULES FOR "LINDY" PUZZLE

1. The Lindbergh Flight Puzzle Contest is open to everyone, except employees of the Los Angeles Times and their families. It is not necessary to be a subscriber to The Times.
2. To the person submitting the nearest correct, neatest and best-presented list of answers a prize of $75 will be given. The second prize will be $50; third prize, $25.
3. In event of a tie, duplicate prizes will be given to each tying contestant.
4. No contestant is allowed to submit more than one set of answers. The name and address of the contestant must be written plainly on the entry.
5. An entry with insufficient postage will not be received. The Times cannot be responsible for delay, loss, or nondelivery of entries. No contribution entered in this contest can be returned. All entries must be sent by mail.
6. This competition opens Sept. 1, and closes September 15, the final installment of the puzzle will appear September 11. Contestants will be allowed four days additional thereafter in which to prepare and submit their answers. All answers must be postmarked before midnight, September 15, 1927, to be eligible for a prize. Address all entries to Lindbergh Flight Puzzle Editor, care of The Times, Los Angeles, California.
7. The judges will be a committee appointed by The Times, and their decision will be final. Announcement of winners will be made in The Times as early after the close as possible.
8. Acceptance of these rules is an express condition of entry.
9. Two or more people may cooperate in answering the puzzle, but only one prize will be given to any one household or to any one group.
10. Answers may be submitted in any form desired, though preferably on white paper, size 8½ x11 inches. Write on one side of paper only.

STORK BRINGS DIRECTOR HEIR

Son Is Second Child of Film Man's Wife

Edwin Carewe and Mrs. Carewe (Mary Akin)

A YOUNG visitor came to Hollywood yesterday via the Stork Express. The arrival is Edwin Gilbert Carewe, the new-born seven and one-half pound son of Edwin and Mary Akin Carewe. Both mother and son were reported doing nicely last night at the Hollywood Hospital.

SALLY ANN CAREWE

And incidentally both the mother and father wanted a boy. Carewe, the well-known director, wouldn't say yesterday, however, whether he wanted a son to follow in his footsteps in the film industry.

Mrs. Carewe is the former Mary Akin of the screen who gave up her career when she married Carewe. Sally Anne Carewe, a daughter, was born at the same hospital eighteen months ago.

It will be remembered that the Carewes were married on May 13, 1925 at a double wedding when Bert Lytell and Claire Windsor were joined in wedlock. Lytell and Miss Windsor have separated since then via the divorce route.

BOY MURDER SUSPECT TO TAKE STAND

Lad Charged With Killing Arcadia Officer Expected to Testify at Trial Today

Frank Miller, on trial in Superior Judge Stephens's court charged with the murder of Police Officer Alfred Matthies at Arcadia on July 19, last, will take the stand in his own behalf, contrary to previous expectations. It had been anticipated that his mother, Mrs. Dora Miller, would testify for the defense with relation to his age which, defense counsel stated, is less than 18.

It has been established, according to Dep. Dist.-Atty. Ryan, from State reform-school records, that the youth is fully 18 and that therefore he will be subject to the death penalty if found guilty of the murder.

Mrs. Miller steadfastly has stood by her son and it was expected that she would take the stand today, but Defense Attorney E. D. Orme stated that he will not call her. Ray O'Dell and William Montfort, Miller's companions already have testified in effect that Miller fired the two shots that killed Matthies. O'Dell testified that Miller fired the shots, but Montfort qualified his statements by saying that Miller was sitting in the back seat and the two shots came from that direction.

Nine men and three women will decide the fate of Miller and it is expected that the case will go to the jury tomorrow or Thursday. Montfort will be placed on trial later on the same charge.

PHYSICIAN TRIED TODAY IN SLAYING

Woman Held for Murder in Rabbit Hunting Death of 14-Year-Old Boy

Dr. Louise Cable, local physician, is scheduled to appear today before Superior Judge O'Donnell on a charge of murder in connection with the so-called rabbit-hunting slaying of Rinado Frazzini, 14 years of age.

The slaying, which took place on June 12, last, on the Lankershim ranch of Dr. Cable and her husband, C. A. Cable, followed an altercation between the boy's father and Cable. According to the reports of officers, the youth went onto the ranch to hunt rabbits and Cable protested, finally calling to his wife to bring a shotgun.

Dr. Cable asserts that, as she approached the group, she stumbled and the weapon was discharged, killing the boy. The District Attorney's office asserts she aimed and fired.

CATHOLIC DEAD MEMORIALIZED

High Mass of Requiem Held at St. Vibiana's

Conference Committees Begin Labors

Child and Family Protection Special Topic

(Continued from First Page)

the curriculum the conference of Catholic charities yesterday was dedicated largely to a thorough discussion of the all-absorbing question. The meetings held at the Biltmore were mostly classified under the heads of specialties of this supreme anxiety for the welfare of children.

A joint meeting of the committee on families and the committee of children was held in the music room of the Biltmore at 9 a.m. while another meeting of children was held at 10:30 in the ballroom of the same hotel. Rev. John Doherty, director of Catholic Charities of St. Paul, presided.

Miss Rose J. McHugh of the National Catholic Welfare Conference of Washington, was introduced. The speaker read a paper in which she outlined the reasons why it was deemed necessary to take children away from the home when parents are incompetent through immorality drunkenness or other reasons to safeguard the welfare of their offspring. She discussed the pros and sons on temporary and permanent removal. In either case—temporary or permanent—every individual instance should be carefully examined before a decision is made.

She proceeded to hrow how the State safeguards the home through legislation and how the church makes every effort to co-operate with the State to keep the sacredness of the home intact. She eulogized the juvenile court where cases are headr and the church is allowed to maintain protective legal advice for defense and complaint, and how the courts are fair-minded in delivery of the child to the proper guardians.

HOME CARE URGED

Rev. W. H. Meaghan, director of families and child-placing of Buffalo, N. Y., said that in his studies of institutions he has learned so many children are housed in them that one feels it to be necessary to put forward every effort to provide for them, if at all possible, in their own homes. He said the breaking up of families must be contested at every step.

Miss Helen Montegriffo, executive secretary of the Catholic Welfare Bureau of Los Angeles, maintained that when a child is removed from its own home it should be returned as early as convenient.

Miss Moriarity of San Francisco discussed Miss Montegriffo's paper and related some of the methods used in San Francisco for the placement of children in that city.

In the ballroom of the Biltmore a meeting was called with Mr. John P. Ready of Chicago in the chair. He proceeded immediately to introduce the speakers, Dr. Ruddock of Los Angeles and Dr. Henry C. Schumacher of Cleveland, O.

Dr. Ruddock suggested that the physician must take count of both inheritance and environment. The social worker must not work independently but in team work with the physician. No one standard of physical fitness could be laid down with safety. There are three main duties which the social health agency must pay attention to. First, improve the environment of the child. Second, increase his individual resistance and third, maintain the integrity of the home.

LUNCHEON PROGRAM

A luncheon was served in the ballroom of the Biltmore at which the children of the Los Angeles Orphanage rendered a program of music with the only orphan orchestra in this country. Their program of Irish songs was enthusiastically received.

Mr. Thomas Farrell of New York, Knight of St. Gregory and president of St. Vincent de Paul Society, was introduced as the principal speaker of the luncheon. He traced the history of organized charity in this country, dating it back to the founding of the St. Vincent Society in 1845.

A joint meeting of the committee on social and economic problems and committee on neighborhood and community activities was held yesterday morning. The meeting was in charge of Rev. Dr. Edward Moore, Ph. D., director, division social action, Catholic Charities of the Archdiocese of New York, as chairman.

A discussion followed in which Miss Helen Phelan of Cleveland, O.; Rev. James Dolan of Los Angeles and Miss Verona Spellmere of Los Angeles took part.

EVENING SESSION

The evening program at the Philharmonic Auditorium was opened with an organ recital by Lewis Kerwin, organist of St. Thomas Church. The speaker was Rev. Dr. John A. Ryan, sociologist and political economist. He spoke on "Standards of Living Affecting Family Welfare," which he described and defined as the sum of commodities which a family habitually consumes and regards as necessary.

"This definition describes the actual standard," he said, "what might be called the desired standard is the amount of commodities which a family would like to have but is unable to obtain." After reciting many standards of living he declared that there is no single reasonable standard, so that the controversy between employers and employed must eventually be reduced to a minimum standard below which no one should be expected to go. Fifteen years ago the committee on standards of living and labor of the national conference of charities and corrections, after three years of study, set forth in great detail the minimum standards of life and labor which are necessary to prevent a family or its members from becoming objects of charity. Since 1905 upward of forty different estimates of the minimum decent cost of living have been made in different cities from Boston to San Francisco. College professors, industrial experts, social workers and employers' associations varied little in their average estimate of a necessary $1500 per year.

CATHOLIC WOMEN WILL GIVE FIESTA TEA

The Catholic Women's Club will honor visiting guests and delegates to the national conference of Catholic charities with a California fiesta tea at the clubhouse, 927 Menlo avenue, from 3 to 6 p.m. today. The entertainment will be provided by Miss Irmalee Campbell and Charles King, Mission Play singers, Juan and Juanita, Mission Play dancers, and Jose's Spanish Orchestra, also from the Mission Play.

JURIST FAMED IN DIVORCES STRICKEN

Superior Judge Summerfield

JUDGE AGAIN PROSTRATED BY SICKNESS

Summerfield Seriously Ill With Chronic Kidney and Heart Disease

Superior Judge J. W. Summerfield is seriously ill at the Glendale Sanitarium and Hospital and should he make favorable progress in recovering it will be several months before he can return to the bench, Dr. N. C. Paine, attending physician, announced last night. The judge is suffering from a chronic heart and kidney illness, his physician said. He was admitted to the hospital August 29.

Nationally known as a divorce judge, he is said by Dr. Paine to be suffering from a disease which has affected him for some time. His present attack marks the second time in the last two years Judge Summerfield has had to quit his bench on account of illness. He collapsed in his chamber rooms just before entering court November 19, 1925 and it was several minutes before he could be revived. At the time the cause for his breakdown was laid to high blood pressure.

"I would not say that the judge's condition at present is critical," Dr. Paine said, "but it is very serious. He may take a turn one way or the other within a few days, but should his progress be what we hope for it will be several months before he can think of carrying on his court duties. Right now he is 'holding his own.'"

Before gaining a reputation as a divorce judge, Summerfield was known as the marrying justice. This was during his eight years as justice of the peace here.

THE LANCER

(Continued from First Page)

China, and there came in contact with Chinese philosophy as now practiced by enlightened Chinese.

An old Chinese scholar told her something that haunts and guides me.

DON'T DECIDE

"Never tell your problems or worries to your associates," he said. "After the day is done, walk in your garden. Know that your problem is already solved and decided. With tranquillity wait for the answer to come.

"Being a Buddhist I concentrate my gaze on a statue of Buddha as I wait. If you are not, concentrate on some jewel, tree—anything you deeply love.

"Tranquilly wait; the answer will come without effort on your part."

RAIL ENGINEER OF AUSTRALIA IN CITY

R. F. Raynar-Wilson, signal engineer of the Victorian Government Railways of Australia, has just arrived in Los Angeles from Melbourne, Australia. With his wife and two daughters he is making an extended visit to Southern California. Mr. Wilson, who is the guest of C. D. Symes, real estate man, is studying American railway signal methods, and intends to tour the country later in that capacity.

TRACKS TO BE REMOVED FROM SIXTH

Opening of Fifth-Street Extension Will Relieve Traffic Congestion

The rerouting of Los Angeles Railway street cars off of Olive street between Fifth and Sixth street and off of Sixth street from Olive street to Beaudry avenue has been started under way by the City Council.

The opening of Fifth street from Flower street west to Beaudry, now under way, will make possible the routing of the cars now using Olive street and Sixth street west on the new Fifth street to Beaudry, where the new tracks will connect with those there now in use.

Street-car operation on Olive street and on narrow Sixth street has long impeded vehicular traffic but no change was possible until Fifth street was opened west of Flower street.

To prepare for the new routing, the Council has ordered street railway franchise prepared for double tracks on Figueroa street from Fifth street to Sixth street and on Fifth street from Flower street to Beaudry. The tracks will be laid on the new Fifth street as soon as the opening of the street has been completed.

BELMONT SCHOOL TO OFFER NIGHT COURSES

Belmont Evening High School, the nearest school to hundreds of downtown hotels and apartments, will offer a wide range of evening courses, beginning on the 13th inst. In the commercial department are courses in shorthand, typing, book-keeping, machine accounting and business English. For the housewife are courses in cooking, dressmaking and millinery. There is an opportunity to study Spanish, English and mathematics. New courses are to be open in interior decorating and applied design, cabinet making, applied and auto electricity. The music department offers a course in orchestra.

FARLEY TO MAKE PLEA OF AUTO DEATH GUILT

A plea of guilty to a charge of manslaughter will be entered today before Federal Judge James by Frank P. Farley, former government "undercover" prohibition agent, according to an announcement made by J. George Ohannesian, assistant United States Attorney. A similar charge against George H. Hudson, Federal dry agent, probably will be dismissed, it was said.

JUDGE TO GIVE INDIAN TALK

Indian Evening will be the designation of Tuesday night at the Hollywood Library when Judge Schauer will speak on Mexican Indians. Judge Schauer will describe the ancient Mayan civilization that now is attracting so much interest through Stanford University discoveries. Besides reviewing the architecture of the Mayans, the speaker will present the work of the Yaqui and Seri Indians of Sonora and Lower California.

Acid Stomach

Instead of soda hereafter take a little "Phillips Milk of Magnesia" in water any time for indigestion or sour, acid, gassy stomach, and relief will come instantly.

Better Than Soda

For fifty years genuine "Phillips Milk of Magnesia" has been prescribed by physicians because it overcomes three times as much acid in the stomach as a saturated solution of bicarbonate of soda, leaving the stomach sweet and free from all gases. Besides, it neutralizes acid fermentation in the bowels and gently urges the waste from the system. It is far better for purging. It is far more pleasant to take than soda.

Try a 25c Bottle

Insist upon "Phillips" and avoid imitations. Buy the genuine "Phillips" with the name "Phillips" on the bottle. Twenty-five cent and fifty cent bottles—any drug store. "Milk of Magnesia" has been the U. S. Trade Mark of The Chas. H. Phillips Chemical Company and its predecessor Charles H. Phillips since 1875.

A NEW THRILL
Millions May Now Enjoy

YOU'VE ridden 60 miles an hour in automobile. You've listened to concerts 1,000 miles away. You've read about wireless photos and television. Now, here's a thrill that's different from any you've known before.

It's movies—real movies—of people you love, children you love, places you love—and now easy to make and show right on your own silver screen.

It's *movie-making—simplified*

Even scientists have called Home Movies as difficult to take as the simplest snap-shots.

Now, simply sight your camera as you would from waist height and press a button. As you press the button, a shutter whirls inside, and the film slides swiftly behind the ever-focused lens. Instantly every action within the scene before you is registered on your film.

Then, no troublesome developing. Your films are finished at no extra cost, and returned to you ready to run.

Ciné-Kodak embodies Eastman's forty years' experience in devising easy picture-making methods for the amateur. Unbiased by the precedents and prejudices of professional cinema camera design, the men who made "still" photography so easy have now made home movie-making equally simple for you.

NOTE THESE AMAZING FEATURES
1. *No focusing.* 2. *No tripod.* 3. *Two finders.* 4. *Small in size.* 5. *Light in weight.* 6. *Spring motor driven.* 7. *Integral winding arm.* 8. *Exposure guide on camera.* 9. *Daylight loading.* 10. *Conveniently shaped and easy to carry.*

Today a complete outfit, Ciné-Kodak, Kodascope Projector and Screen, may be had for as little as $140. Ciné-Kodak weighs only 5 lbs. Loads in daylight with amateur standard (16 m/m) Ciné-Kodak safety film, in the famous yellow box. Come in today and let us show you how simple and inexpensive it is to make Home Movies with Ciné-Kodak.

JUDGE TO RULE ON LEWIS CASE

Directed Acquittal Verdict Decision Due Today

Atascadero "Review" Trial Comes to Climax

Prosecution Charges Misuse of Mails to Trio

United States District Judge Jacobs will rule on motions for a directed verdict of acquittal against E. G. Lewis, Atascadero promoter, and his two codefendants, H. L. Kramer and William Ahrens, who are on trial in Federal District Court here on a charge of misuse of the mails. The trial has been in progress for three weeks. In event the motions of defense attorneys are overruled arguments before the jury will begin this morning.

Lewis, Kramer and Ahrens are on trial in connection with the promotion of the California Illustrated Review, published at Atascadero. The prosecution, through Asst. U. S. Attys. Simpson and Peterson, asserts that the advertising matter circulated by the defendants in their campaign to get "life" subscribers at $10 each was fraudulent.

In his circulation-getting scheme Lewis is asserted to have offered an almond tree and its annual product to "life" subscribers. The number of subscribers greatly exceeded the number of trees on the Atascadero ranch, the government declares. Later the defendants are said to have offered interests in "producing" oil wells to subscribers and as a final method of obtaining new subscribers Lewis is said to have proposed that each woman subscriber be given a sack of "pumpkin flour."

Lewis has been in the limelight for a number of years due to his spectacular promotions. The promotion of the Review is said to have involved more than $600,000.

Films 'Make Up' Even Airplanes

Even airplanes have to be "made up" for motion pictures. A giant seventy-six-foot Martin bomber, the largest to land in Los Angeles since the war and which came here dressed up as a United States airship has been repainted as a German Gotha.

The new trimmings were put on the ship for its part in a Paramount picture featuring Wallace Beery and Raymond Hatton. The plane was brought here especially for the picture by Capt. Harold Campbell of the marines.

CANAL WORKERS MEET SUNDAY

Invitation is extended to former constructors of the Panama Canal to attend a picnic in Sycamore Grove Park next Sunday. Francis Joseph Norton is chairman of committee of arrangements.

LABOR DAY ONE OF FESTIVITIES

City Observance Marked by General Holiday Spirit

Senator Copeland Guest at Celebration of Unions

Address Features Program at Rose Hill Park

(Continued from First Page)

God the greatest country conceived of by the mind of man."

Municipal Judge Bogue also spoke briefly. He represented the American Legion on the program. Charles M. Feider of the Electrical Workers' Local No. 12, chariman of the program committee, told briefly of the growth of the labor movement in Los Angeles, admitting some mistakes on the part of organized labor and declaring that the future is bright. A large number of public officials were present to aid in the program.

Shoe races, a tug of war between teams representing the Labor Council, Engineering Department of the city, Bureau of Power and Light and city firemen; three-legged races, sprints, horseshoe pitching, volley ball, dancing and music made up the greater part of the remainder of the program.

SAN DIEGO ENTERTAINS FULL QUOTA OF VISITORS

SAN DIEGO, Sept. 5.—All highways of Southern California supplied their quota of visitors to San Diego for the three-day holiday finished today. The tide of travel began to recede about noon today and by nightfall the thousands will be well on their way homeward.

San Diego evoked surprise from its visitors who have heard of increased building activities here but actually saw the improvements for the first time. The half-dozen Class A buildings that have been finished or begun in the downtown district since Labor Day last year received much attention.

The Chamber of Commerce Housing Bureau directed people to hotels and apartment-houses through Saturday and Sunday. It is said that quarters for all were supplied without the necessity of calling on private homes to furnish rooms.

Additional service was supplied to Tia Juana yesterday and today by the San Diego and Arizona Railway and bus lines, while the Santa Fe ran extra sections of northbound trains this afternoon.

ALL-DAY PROGRAM AT BROOKSIDE PARK

PASADENA, Sept. 5.—An all-day program of sports, music, speeches and entertainment was held at Brookside Park today in celebration of Labor Day. It was the twenty-third annual event of its kind staged by the Pasadena Board of Labor. Joshua B. Dale was the chief speaker.

THOUSANDS MARCH IN REDLANDS PARADE

REDLANDS, Sept. 5.—With 5000 men and women marching and beautiful floats and other features, the Labor Day parade for Riverside and San Bernardino counties here today was a great success.

Representatives from all unions in Redlands, Riverside and San Bernardino were in line. In the labor division the San Bernardino carpenters won the prize with a float showing a replica of the National Orange Show building. The Riverside carpenters took second with a float of a half-finished house. The Redlands Auxiliary was third. In the commercial class Bardawil's shoe store had first with a black pirate ship with sails. Royal Neighbors were second and Bell Grassie Company third.

After the parade there was a picnic at Sylvan Park with races, a ball game between the women of Redlands and San Bernardino and other features, including some interesting talks.

HUGE CROWDS FLOCK TO SEASHORE RESORTS

SANTA MONICA, Sept. 5. — Ideal holiday conditions brought a huge crowd to the beaches for Labor Day. As in past years the Fourth of July crowds were fully equaled, if not exceeded, by the thousands of recreation seekers. They came by train and auto. Main highways from Los Angeles were crowded and police traffic details were required to keep the cars moving. Railway and police traffic experts estimate that 500,000 people spent the day at beach resorts from Redondo to the Malibu, the greatest congestion being between Ocean Park and Venice.

The beach clubs conducted open house for members and guests. There was a night fireworks display at Ocean Park. Hundreds of beach picnickers built bonfires all along the coast toward Point Dume. One attraction at Ocean Park was a whale, captured off Catalina.

COPELAND SEES NEED OF SUBSIDY

New York Senator Here on World Cruise Urges Aid for Merchant Marine

Strongly urging Federal support in the building of a world-leading American merchant marine, Royal S. Copeland, junior United States Senator from New York, arrived yesterday aboard the Dollar around-the-world liner President Wilson.

"A large merchant marine is a military necessity as well as an industrial necessity to this country," he declared. "If Great Britain and the other powers were to sink every fighting ship they possess, England still would control the seas with her merchantmen.

"These vessels all are built so they can be converted into cruisers in time of war and in the World War this was done."

The American merchant marine, he said, cannot compete with the trade fleets of other nations until this government treats it as other nations do theirs—by providing ship subsidies as is done in nearly all the principal countries of Europe.

Senator Copeland said he is opposed to the construction, by the United States, of the proposed St. Lawrence River canal because he believes it will merely aid Canada to market her vast wheat yield, without benefiting the farmers of the United States.

BULLOCK'S

The Blouse is the thing *in* Costume Smartness

Fall 1927 costume smartness depends on the blouse to a degree. Its newly created charm swings the pendulum of fashion back to it. Yet, it is surprising how small, yet tremendously important, each seemingly trivial detail that makes the blouse smart! It may be a diagonal neckline, or a V or square line for that matter. A jabot, a buckled belt, the fitted hipline or again the fabric which may be a contrast of metal threads and georgette!

The colors are those decreed of fashion interest for Fall 1927. Priced by easy stages from $15 to $32.50.

The new skirt of satin or velvet may be worn with such a blouse.

The Times aims at all times to be accurate in every published statement of fact. Readers who discover any important inaccuracy of statement will confer a favor by calling attention of the Editorial Department to the error.

Bad laws, if they exist, should be repealed as soon as possible; still, while they continue in force, for the sake of example they should be religiously observed.
—*Abraham Lincoln.*

SURIOUS
Trouble is the easiest thing in the world to borrow but no loan exacts a higher rate of interest.

LESS ENTHUSIASTIC
The return of school days reminds us that many a most efficient school-yell rooter is a mighty poor cube-rooter.

BELLE RINGERS WANTED
A modern belle is a girl who feels she isn't fulfilling her destiny if she can't flash a new ring every now and then.

LAP DOGS
Not so many people can say in the next few decades that they were reared in the lap of luxury, but some of the dogs can.

SPIRITUALLY
Persistence always accomplishes something. Many a girl whose highest ambition is to be known as a pretty little thing really is pretty little.

HINDU FAKIRS
The magic of Hindu fakirs has often succeeded in making trees rise, but the recent attempt of one to make a star fall merely resulted in an expose of the sleight of hand.

ALL GUMMED UP
"Chewing the rag" over a court decision seems to have gummed up the situation between two well-known chewing-gum firms, both of which are claiming a verdict in their own favor.

CAN'T BUDGET
The young couple who say "We have tried to throw off the incubus of debt, but we can't 'budge it'" are stating a reason instead of an unalterable condition. Young people who budget are the ones who have no nightmare debts in middle life.

WELL ACQUAINTED
The German noblewoman who hid a titled officer for seven years and then married him had ample opportunity for microscopic observation of the moods and manners of her captive and could never obtain a divorce on the grounds of misrepresentation.

"PUTTING ON DOG"
"Putting on the dog" at weddings has always been attempted by brides; now in London they are doing it in reality. The fashionable bride must carry a small poodle under her arm during the ceremony. Perhaps it will be useful later to bay at the honeymoon.

MARATHON DE "LUX"
Timing the swiftest race in the world, which will take place in California this winter, is a task astronomers have set for themselves, attempting to get a new velocity of light by measuring a ray reflected from one mirror to another from distant peaks in the Sierra Madre range.

EAT-A-FISH-A-DAY
Perhaps the "eat-a-fish-a-day" campaign, just now being inaugurated, would become exceedingly popular among those regretfully abstaining from food in order to reduce in weight, if the disgruntled abstainers knew that fish contains much iodine, that iodine increases the thyroid secretion and that an increased thyroid actively reduces weight.

MAIL-ORDER MARRIAGES
Why hasn't some enterprising commercialist figured out a way for busy young couples to get marriage licenses with wedding rings and certificates attached by mail? How have the possibilities of such a lucrative mail-order business escaped the diligent tradesmen who are demanding to see the marriage-license register in order to obtain a new mailing list?

PRIDE AND PITY
A pathetic and paradoxical mixture of male egotism, sentimentalism, pity and chivalry was manifested in the fifty proposals of marriage which a young divorcee received before her decree was scarcely granted. The multiplicity of suitors, many of whom had never seen the woman whom they were offering marriage, demonstrated how strong the male instinct is to protect a wronged woman, especially when the maternal nature is so poignantly exhibited.

A SHERLOCKSMITH
The man who found the key to the mystery of the Siskiyou tunnel murder was a chemistry professor who deduced his clew from a rag, a stone and a strand of hair. The rag was a pair of soiled, tar-smeared coveralls, the stone a pebble of rock salt clinging to them and the hair a single chance strand which had fallen from the murderer's head and lodged in the shoulder seam of the garment. Through such slight clews three murderers were traced and brought back from the ends of the earth.

CLEARING THE AIR
There are two signs, at least, of clearing weather in the relations between Owens Valley and the city of Los Angeles. One of these is the indication that an invitation by the Chamber of Commerce to discuss the problems of Inyo county and of the city will be accepted by the valley people in the spirit in which it was intended; the other is the repudiation of the Watterson leadership by the Owens Valley Herald, the valley's only publication, in a plain declaration that that paper will "never make excuses or apologies for people who have violated the confidence of those who are unable at the present time to protect themselves."

The Chamber of Commerce does not propose anything particularly new in its plan for the settlement of the Owens Valley dispute. It asks the city to complete its purchase of lands by buying at fair prices the remaining land in the areas where its ownership is extensive; and it asks that a test case under the Reparations Act passed by the Legislature be brought at once and expedited through the courts. Its third request is for a conference. The first proposal has been tentatively accepted by the Water Board; the second needs only the acceptance of the claimants against the city, since it has been advanced by the city several times without response. If the conference is held it probably will result in the carrying out of the other two proposals.

The utterance of the Owens Valley Herald, of which Harry Glasscock is publisher, is particularly significant, since The Herald has been strong in an anticity campaign. The Herald is not reconciled to the Los Angeles Water Board by any means, reiterating in the editorial the criticisms it has made of the board's policies, but it makes this manful admission: "Excuses are a poor alibi when cold facts stare you in the face."

"We cannot longer," says the paper, "under the circumstances, ask the people of Owens Valley to continue under their past leadership."

The implication is plain that the discoveries of bank examiners concerning the real causes of the collapse of the Watterson banks and other enterprises have been very informing to the Owens Valley people. For a time they were inclined to believe the Watterson assertion that the city was to blame for the collapse. This view no longer has so many supporters, evidently, because of the repeated announcements by the State banking department that peculation and speculation caused the debacle.

In the Owens Valley dealings there have been misunderstandings on both sides and these misunderstandings have been magnified out of their true proportion by persons with axes to grind. In the city itself there has been a campaign of reckless slander motivated by politics and this campaign no doubt encouraged the dynamiting attacks that were made upon the Aqueduct earlier in the summer.

What the situation needed was a flood of light and this is now being supplied, in part by the Chamber of Commerce, in part by the Owens Valley folk themselves, in part by State officials. The ax grinders now are out in the open; the motives for the slander have been made plain, and a general clarifying of the sky may be expected to follow. So far as Owens Valley's troubles are financial, the city can and should take prompt steps to relieve them, with Owens Valley co-operation. With that co-operation, which a change of leadership in Owens Valley will make possible, the future prosperity of that region is assured.

PLANNING FOR THE FUTURE
In desert tracts in Southern California are often found small areas where nature has chisled her way through rocky barriers, leaving canyon walls inclosing true desert parks. There are four such parks within easy motoring distance of Los Angeles, forming such an attractive chain that a request has been forwarded to President Coolidge to have them withdrawn from public entry and set aside as national monuments for the use and enjoyment of the public generally. By this move the Park Commission is taking a step of lasting benefit to the city. Parks and national monuments are out-of-doors health resorts. As they are always sections of great scenic charm, of natural wonders or at least of historical interest—they possess such interest that the number of tourists visiting them increases every year.

To them come, from all sections of our country, those modern gypsies—automobile tourists—and not only learn the varied language of nature, but by personal contact gain a nation-wide breadth of vision that has already resulted in a healthy change in the lives of American people. We are learning to enjoy a vacation spent in seeing America first. We are traveling by car, rail or steamship to mountain or forest camp, seashore bungalows and hotels, to golf and tennis courts, we are taking to boating, canoeing and fishing in myriads of lakes and rivers. This makes the average life of the people more complete, more patriotic, more adapted to serve the general good. Such would be the influence of this chain of desert parks in Southern California. Not only will their charms be conserved, but desert flora will be saved from extinction. They will tend to draw our people out into the open, to enjoy the beauty of their homeland and to make others acquainted with it.

IS CONGRESS OVERPAID?
A United States Senator reached his fifty-fifth birthday anniversary the other day, looked back over his legislative career and that of his colleagues in Congress and made the serious statement that his and their jobs are oversalaried, with vacations entirely too long. There is food for thought in this dictum which seems to be of an altruistic nature, and hardly can be challenged as a poseful gesture, as the Senator in question is reputed to be as much given to the accumulation of money as ever, though he is the wealthiest member of the Senate.

We pay our Federal Representatives and Senators the neat sum of $4,500,000 a year. Some of them work faithfully and are on the job nearly every day during Congressional sessions. Others are to be found in their seats only occasionally. These absentees and those who are fond of forming blocs to prevent the passage of needful legislation, or who talk all day about nothing in particular, certainly do not earn their $10,000 a year or a quarter that amount. The faithful workers probably earn more than $10,000.

In the whole country there is no business quite so important as that undertaken by Congress, and yet few big business concerns would think of hiring a mere $10,000-a-year man to conduct their affairs. From a purely business standpoint how much better it would be for the country if $50,000 to $100,000 men were on the big Federal job. They could do all the necessary work in a few months of each year, close up shop and go fishing, and the people would be better served and better satisfied. It is not a question of pay or of long vacations, but of conscientious and efficient service. This is a rich country, and could well afford to pay three times $4,500,000 for legislative work of the best character.

Back to Earth

(Copyright, 1927, by Public Ledger)

TO SQUELCH COMMUNISTS
Outbursts of hostility against the American Legionnaires who are to visit France this month have been frequent in that country of late, nearly all of them occurring among the Communists of Paris and a few other cities. These wild-eyed expressions of adverse sentiment are not in the least likely to deter the members of the Legion from going to Paris and parading its streets, 15,000 strong, though it has been feared that the proposed demonstrations of the Reds against the Americans might result in something more untoward than a mere "booing," and a warning has been passed around among the Legionnaires to be on the lookout.

However, the French government will have plenty of soldiers and police on the job to curb whatever activities the Communists may plan to prevent the visit of the Americans being a pleasant one. Pierre de Malgrave, president of the French Chamber of Commerce, in a statement issued for the reassurance of the American visitors, says that it is absurd to think for one moment that the Communists are going to stop the French nation from officially receiving and warmly welcoming the former American soldiers who fought on the battlefields of France.

M. Malgrave says he hopes that Americans will not think the recent demonstrations of the Communists in Paris any more represent French sentiment than "an outbreak of Mayor Thompson of Chicago when he criticises King George of England and insults the English people because of some incident in a school book, represents American sentiment toward England."

Though the statement of M. Malgrave is of a serious nature, his reference to British-baiting by Mayor Thompson is irresistibly piquant, and what he says of it shows that Europeans are able to make a pretty accurate estimate of American sentiment and to appraise our howling demagogues at their actual worth.

"BACK TO THE CITY"
In discussions of our agricultural problems, the slogan is no longer "back to the country," but "back to the city." Recalling the many means taken to surround rural life with comforts and conveniences unknown in earlier years, we may well wonder at this change. The proportion between those living in rural sections and those in towns and cities has steadily decreased all through the years of our national history.

Secretary Jardine tells us that the number living on farms at the beginning of this year was about 649,000 less than the number living there at the beginning of 1926. The drift away from the country to towns and cities has been regarded by economic writers as a menace to the welfare of our country. It is, therefore, somewhat surprising to learn that economists at present regard this drift with complacency, and look upon it as a beneficial movement. Prof. Davis of Leland Stanford tells us that what we need is relatively fewer farmers, though he adds that they should be better farmers. This sentiment found ready response at Williamstown.

There is no essential difference between agriculture and manufacturing in general and in both instances improved machinery has revolutionized older methods, though Prof. Tucker of Massachusetts thinks that the effect on agricultural production has been about twice that on industry in general. At present a few thousand harvest hands with machinery do the work of about 100,000 a few years ago.

Prof. Gras of Minnesota tells us that one man by the use of improved machines in farming can do about twelve times what he could have done in earlier years. But the effective application of machinery to farming has only just begun, especially in the use of machines driven by electricity, so that there will be an ever-lessening call for agricultural workers. A hundred years ago, about 90 per cent of our population was engaged in agriculture. According to Prof. Wallace of Iowa about 25 per cent are now so engaged. He thinks that efforts should be made by the government to stabilize the figure at that rate, but it is not easy to see how the government could do it. However, what is for the best interests of any important class of our citizens is for the best interests of all and those who remain in the country will feel the exhilarating stimulus of new and richer life, not less than those driven to other lines of activity.

COURTESY
The naive query of a little girl "Mama, do they call it courtesy, because sailors are so polite?" might be answered in the affirmative by those who have had the good fortune to sail up and down the coast on the two well-known steamships that ply the Pacific between Los Angeles, San Francisco and San Diego and have been the recipient of the many unexpected courtesies which the steamship crew extend to the passengers. The happy situation might foster a questionnaire: "Is courtesy more prevalent on sea than on land?"

QUEZON IN CHINA
Manuel Quezon, president of the Philippine Senate, is in China. He is the leader of the independence movement in his country and is said to be hooking up with the remnant of the Chinese Communists and their Russian advisers, with a view to securing their assistance in his campaign. Which is about the best and surest way of ruining the Philippine independence movement.

ATTEMPTING THE IMPOSSIBLE
By James J. Montague

So lacking in bards is the land of the Dane
In this modern and prosaic day
That lads who can scribble a rhyming refrain
Are placed under government pay,
In the hope that if once they have leisure enough
Their skill in the craft will increase
Until they are able to turn out the stuff
That Homer provided for Greece.

Alas for such hopes! It is never for gold
That a poet will peel off his coat;
It wasn't for money the vikings were skoaled
Or that "Shaks" and "Anonymous" wrote.
John Keats wasn't thinking of what he might earn
When he plied his unparalleled art—
For lucre he had not the slightest concern.
His verses just gushed from his heart.

If you put a real bard on the African veldt
Where there wasn't a shekel in sight,
Each morning he'd take up a notch in his belt
And sit on a kopje and write.
If Virgil had known that in all of his life
He would not have a cent to his name
He'd have dug up his story of carnage and strife
And put it in verse just the same.

Put a poet on pay, give him plenty to eat
And he only will think of one thing
As he toys with his pen in his quiet retreat
Which is: "What will the royalties bring?"
These Danes who for wages are twanging the lyre
Will not sing of great rights and great wrongs—
They will put all their pep and their dash and their fire
Into turning out popular songs!

OPEN SHOP FOR TIRE INDUSTRY

Active construction work on the new manufacturing plant of the B. F. Goodrich Rubber Company during the past week has focused attention upon the rubber industry in Los Angeles.

The outstanding success of the local Goodyear plant during the past few years in manufacturing automobile tires from cotton grown in Imperial Valley and rubber imported directly through Los Angeles Harbor has apparently been such an object lesson to tire manufacturers that leaders in this industry are bringing to Los Angeles other tire factories which call for large quantities of man-power and carry very large pay rolls.

The Firestone company will shortly begin building operations on a factory site already purchased, and it is rumored that the United States Rubber Company and the Fisk Tire and Rubber Company are looking for locations here.

Conservatively, the number of people employed in the rubber industry in Los Angeles will be doubled within another twelve months, with strong probability of an equal increase during the year to follow. The prosperity enjoyed by the tire manufacturers has been dependent in no small way upon open-shop labor conditions set up and maintained in their factories at Akron, O., and elsewhere.

Rubber workers are among the most highly paid and steadily employed mechanics in industry, and it will be a distinct advantage to Los Angeles workers to have the opportunities afforded by the establishment here of these new factories.

We have been assured that construction work on the new tire plants will be performed by open-shop building trades mechanics, and the operating forces on the new factories will be likewise organized upon an open-shop basis, a principle which has gained wide fame for this city and attracted many great industrial establishments to its gates in recent years.

It is interesting to note that at this time the rubber workers' union is initiating an active organizing campaign for the purpose of getting a foothold in the tire-manufacturing business in Los Angeles with the expectation that a degree of success here would tend to give the union a foothold in the tire factories at Akron and other rubber manufacturing centers.

Los Angeles workers have failed to find any advantage in union affiliations. It is certain that the new tire factories will find an ample supply of open-shop mechanics to fill their labor requirements.—[Merchants' and Manufacturers' Industrial Relationist.

FOR YOU

The embers glow a rosy hue,
I think of sunsets, 'way out there,
Tranquil sunsets near to you,
Of loneliness I'm soon aware—
Of loneliness for you out there.

Here beside my lowly fire,
Into the flames I stare;
Filled am I with eager desire,
All that I can bear—
Of loneliness for you out there.

When purple palisades appear,
And softly night comes, like a prayer
Whispered through some unnoticed tear,
Remember that I have a care—
Of loneliness for you out there.

ORDATH E. CARRELL.

PLENTY OF WORK

Friend: Are you afflicted with a reform organization?
She: Indeed I am. I'm married.
—[Detroit News.

LETTERS TO The Times

[Name and address of writer must accompany all letters for this column. Letters of a personal nature or involving contentious religious questions are not acceptable.]

Will Rogers's Remarks

OWENSMOUTH (Cal.) Aug. 28.
[To the Editor of The Times:] Several days ago some dame complained in The Times of Will Rogers's remarks about Dole and his Hawaiian flight. She was quite wrought up about Will's remarks and relieved herself at considerable length. To my thinking Will was quite right and his remarks just about covered the situation. If the lady will read your editorial in today's issue, Sunday, August 28, entitled "Romance and Reality," she will find her querulous kick very well answered.

Will Rogers may have started out to play the buffoon, but his native "horse sense" has caused him to be looked upon as one of the best interpreters of public opinion today. If Cal could corral that bird and put him in his next Cabinet as Secretary of State (for Cal is going to be renominated, will run and will win) he would prove to be the best we have had since Elihu Root. THOMAS FRANKLIN.

Street-Car Controversy

LOS ANGELES, Aug. 26.—[To the Editor of The Times:] The man who would advocate the use of one-man cars for a city like Los Angeles is, to say the least, a very poor man to seek for an expert opinion. One has only to watch the effect of the few one-man cars at present in operation, in order to see the manner in which they hold up traffic in the busy streets. Unfortunately here in Los Angeles opinions are taken from people who are totally ignorant of the subject they attempt to discuss. For instance, some time ago I attended an open forum at the City Club, where the matter of street railways was discussed. All sorts of opinions were aired, as vigorously as if the speakers were experts on electrical traction. In answer to a question of mine they admitted that not one of them had any practical experience whatever of electrical transportation nor was any of them a practical electrical engineer. Now, Mr. Editor, I spent two years in Europe as an industrial investigator and as part of my job investigated over 100 electrical street railways in Great Britain and Europe. There are many ways in which the present Los Angeles system can be speeded up and the cost of operation cheapened by a little co-operation between the city and the Los Angeles Railway; and that is a question to be decided on practical lines—not by so-called philosophies.

I attended a few of the hearings before the State Railroad Commission and my opinion of them is they were in the most part simply farcical; theories of all sorts were advanced, but I did not hear one sensible, practical suggestion made as to how the efficiency of the present system could be improved and revenue conserved without an increase in fares.

And, Mr. Editor, as one who in Australia had long experience as an industrial advocate before the arbitration court and spent months before a court dealing with every phase of street-railway matters and where all evidence had to be on oath, I now as a citizen and a voter of this city say that the interests of the people are not being properly cared for when such farcical things as universal one-man cars are advocated.

Y. J. MURRAY.

Old Tory Johnson

LOS ANGELES, Aug. 31.—[To the Editor of The Times:] With regard to the article on "Sunday Observance" in The Times, without going into any religious dispute at all, the rules Dr. Samuel Johnson laid down he says himself he did not well observe. Dr. Johnson was a Tory of the strictest sect, he opposed the American Revolution with all his might. The Church of England was as much a part of the government as the king himself, and it still is. The point is that Dr. Johnson, good man as he was in many ways, is not the best authority on church going in these days in the republic whose establishment he fought so hard to prevent. The church service Dr. Johnson attended and recommended, however admirable, was highly formal and would not attract many who are in doubt and want some help to find out the truth.

In fact, the smug complacency with which religious teachers seem to be so apt to settle all questions will not suffice in an age of inquiry. Science has done away with so many old superstitions that the church is being invited also to let in the light and allow tradition to take care of itself. Where inquiry is most favored there people will go to church, no matter what the particular form of service may be.

W. M. WHEELER.

The Lord's Prayer

LOS ANGELES, Sept. 1.—[To the Editor of The Times:] Your editorial, "The Lord's Prayer," in Sunday, August 21, issue of The Times, was the best and most wonderful and most spiritual I have ever read outside of the Christian Science Monitor or some other church paper.

I am, indeed, grateful that there is such a paper as the Los Angeles Times; one which stands for real principle, in business, politics and above all the "old time religion."

CHARLES F. CALHOUN.

THRONG DRAWN TO RADIO SHOW

Beautiful Added to Curious Excites Comment

Messages Sent for Fans by Amateur Relay League

Replica of Broadcast Set Set Up at Exhibit

BY DR. RALPH L. POWER

With surging throngs the Radio Show Beautiful yesterday opened its doors to the general public. Of course radio has long since passed the stage of freak sets and unusual combinations. Receivers are more or less standardized and sets embodying various types and designs are on display in the 1927 exposition.

But, in addition to all these, there are many bits of the show that will awaken considerable curiosity. For instance, one receiver is housed in a plate-glass cabinet instead of the ordinary wooden affair. This is not a radical departure, for many have been designed, but to many radio fans the affair will prove interesting.

The temple loud speaker, which was quite the predominating item in the Chicago trade show, is at the Ambassador for the local display. Tests of a few weeks ago demonstrated that this speaker unit could be tuned ranging from a mere whisper to a larger tonal quantity than could be heard and understood six miles away.

CLEVER CREATIONS

Out in the pavilion you will find loud speakers fashioned in the type of old Spanish galleons in which the ship's wheel is the unit. These are cleverly designed and are among the unusual creations of radio.

Booth 24 in the main auditorium is the KHJ booth in which members of the radio audience may tarry a while, and rest and chat with friends.

The American Amateur Relay League and the Los Angeles Radio Club have booths with transmitters specially designed for short-wave lengths and messages are sent and received via the outfit. The league booth is at the left of the pavilion entrance while the club quarters are located at the right of the main portal.

One of the dealer exhibits has a miniature broadcast station with call letters of "BUG," derived from the fact that the tiny studio quarters are peopled with tiny radio bugs.

OLD-TIMERS SHOWN

Here and there you will find broadcast radio sets of earlier days or replicas, while near by there stand the average sets of today as well as the more elaborate and expensive broadcast creations.

Among the interesting personages at the exhibit is Glenn Browning, co-inventor of the Browning-Drake circuit, who will be at the Los Angeles Show today to answer queries. Robert B. Parrish, former physicist of the United States Bureau of Standards, with quartz crystals for auxiliary transmitting control also is in the pavilion daily as well as Kenneth G. Ormiston in a laboratory booth of radio equipment.

A cage antenna exhibit shows a model miniature bungalow with the device affixed to the roof while there are miniature broadcast stations and tiny sets scattered throughout the representations of 850 radio firms in the show.

The Radio Show Beautiful well lives up to its name. There are more class and style to the exposition than to any other similar display held in the Pacific-Southwest.

You will find everything in the line of up-to-the-minute radio sets and equipment as well as the various novelties and unique creations that lend added interest and zest to the tour of the Ambassador Auditorium and pavilion.

K-H-J The Times

TODAY'S PROGRAM

6 p.m. KHJ Concert Trio.

BAIL QUIZ GOES DEEPER

Officials Say More Indictments Probable on Eve of Jury's Resumed Deliberations

Further examination of public records indicating asserted questionable bail bond manipulations in regard to several defendants variously charged with robbery, forgery and other felonies will be made by the grand jury upon resumption of the bail bond inquiry tomorrow, the District Attorney's office announced last night.

The asserted irregularities in the records, which Dep. Dist.-Atty. Murray believes will interest the members of the grand jury, involve cases against the defendants, which were said to be ironclad as to evidence, but which were summarily dismissed without the defendant appearing in court and the bail exonerated.

According to Murray the ramifications of the bail bond investigation are assuming startling proportions and further indictments as a result of the inquiry simply are a matter of time permitting all concerned to appear before the grand jury.

The Pete Rovengo case will be taken up by the grand jury again tomorrow and further testimony from others assertedly connected with the matter will be heard, providing the witnesses do not stand upon their constitutional rights and refuse to testify on the grounds they may incriminate themselves. That right already has been invoked by some witnesses.

Meanwhile the authorities in various official quarters have ordered close observance of asserted sharp practices of certain bail bondsmen and arrests ordered upon establishment of the fact that justice has been tampered with in their operations.

DR. AND MRS. BARTLETT TO CELEBRATE SUNDAY

Dr. and Mrs. Dana W. Bartlett will celebrate their fortieth wedding anniversary next Sunday afternoon at their home in Cold Water Canyon near Beverly Hills. With them in the receiving line will be their five daughters. Dr. Bartlett has spent thirty-one years in Los Angeles in social-service work. He is the author of "The Flaming Bush" and several books on city planning. His friends are invited to the reception and for those without cars autos will be at the Beverly Hills station of the Pacific Electric at 3 o'clock.

Kinkajou Dance to Invade West

The kinkajou and other new dances, but particularly the kinkajou, are to be brought to California this winter. This was the news brought back from the annual convention of the Dancing Masters of America at New York by Ernest E. Ryan, Los Angeles dancing teacher, who arrived yesterday and left last night for San Francisco for the annual convention of the California Society of Teachers of Dancing.

Ryan is official demonstrator of the national association and will show the new steps at San Francisco. Besides the kinkajou he will demonstrate the Dixie stomp, the Lindbergh glide fox trot, the Lindbergh wave waltz and the Pasillo Colombiana waltz.

Admission Day Tribute Urged

The Native Sons of the Golden West have asked the City Council to decorate the Los Angeles municipal buildings next Friday, which is Admission Day.

The communication was received from Henry G. Bodkin, chairman of the committee of the Native Sons which has been assigned the work of obtaining decoration of public buildings. The organization has a general committee at work arranging for observance of the seventy-seventh anniversary of the admission of California to the Union.

JUDGE TO BE HONOR GUEST

The Architects' League of Hollywood will have as guest of honor Judge Desmond, when they meet Wednesday at the Mary Helen Tea Room. Judge Desmond will speak on professional co-operation.

Of Interest to Women.

SOCIETY

BY JUANA NEAL LEVY

Miss Catherine Newell Wilson, attractive daughter of Mr. and Mrs. Philip Louis Wilson of 644 Muirfield Road, returned home last Wednesday from a most delightful visit in the North, where she was a member of a house party given by Miss Marian McCardle at Gen. Grant Park near Fresno.

Accompanying Miss Wilson home were Miss Eleanor Davidson and Miss McCardle, who will be her guests for a week or ten days.

Wednesday evening Miss Wilson entertained with a bridge party at her home in honor of her visitors, while Friday evening she gave a theater party followed by a buffet supper and Saturday evening she gave a dinner party for them.

Both visitors, as well as the charming young hostess, are members of the Kappa Alpha Theta Sorority at Stanford and Miss Davidson, whose home is in London, Eng., lives at the sorority house there.

Miss Wilson also is returning to Stanford the last of the month.

Delightful Affair

One of the delightful affairs of the day will be the tea with which Mrs. Maurice De Mond of 2449 North Commonwealth avenue is entertaining in the Pavilion of Friendship at the Breakfast Club, 3213 Riverside Drive, the affair being a "welcome home" to Mrs. George Albert Ralphs, who has just returned from months of world touring.

By some mistake of the engravers the invitations sent out read from 2 to 4 o'clock instead of 4 to 6 o'clock, and the hostess has had to send out a second set of cards correcting the error.

Off for Outing

Mr. and Mrs. Owen Porter Churchill of North Las Palmas avenue are enjoying an outing at the Vermejo Club in New Mexico, having left a week ago and planning another week's sojourn there.

Home Again

Miss Jeanette Strodthoff, daughter of Henry Arthur Strodthoff of 309 South Oxford avenue, has returned from a six months' sojourn in New York City, where she was studying and visiting with friends and relatives.

Mr. and Mrs. Strodthoff, who have been motoring through the Northwest, are at home again and Mrs. Strodthoff, who was painfully injured in an automobile accident near Tacoma, is convalescing slowly, but will be about in a few days.

The Strodthoffs motored all through the Northwest and Canada and were on their return trip when the accident occurred. Mrs. Strodthoff for twelve days was in the hospital at Olympia and they came home by boat from Seattle ten days ago.

Engagement Announced

Formal announcement is made by Mrs. A. J. Richardson of Pasadena of the engagement of her daughter, Miss Ethel Richardson, to Harry Clifford Allen, Jr., son of Mr. and Mrs. H. C. Allen of San Rafael Heights.

The wedding will be one of the events of the month in All Saints' Church, Pasadena, with only the immediate family attending.

Visiting Parents

Jack Payton of Culver (Ind.) Military School is visiting his parents, Mr. and Mrs. Coney T. Payton, for ten days at the Barclay Apartments after the summer term. Young Payton will return to school to take up his fall studies after passing a few days in Chicago en route to Culver.

Dinner Party

In honor of Mr. and Mrs. Walter A. Green of North Hollywood, Mr. and Mrs. L. J. McConnell entertained with a dinner at the Chapman Park Hotel, afterward taking their guests to their home, 316 South Kenmore, for an evening's entertainment. Summer flowers in the pink tones and tulle decorated the dinner table.

Home From Trip

Mrs. John X. Mac Donald of East Adams street has returned home after a most interesting and delightful visit in the East where she went to attend the Michigan Pioneer and Historical Association's convention on Mackinac Island in July.

Among the many delightful affairs at which Mrs. Mac Donald was a guest was the reception and dinner Monday, July 25, last, honoring Gov. Green of Michigan, who extended a special invitation to Mrs. Mac Donald to attend all the social functions taking place during the Governors' conference held at the Grand Hotel, Mackinac Island. Tuesday, there was a tea and reception given by Mrs. D. A. Blodgett of Washington, D. C., at her summer home, Casa Veronal. Wednesday, a luncheon with Mrs. Alvin T. Hert at Stonecliff and a banquet in the evening followed by a grand ball in the hotel's casino.

At this last banquet Mrs. Mac Donald had the good fortune to be seated at the same table with Mrs. John G. Richards, wife of the Governor of South Carolina, and witnessed a most touching and dramatic climax in the return by Gov. Brewster of Maine of six tattered battle flags, once carried by the troops of six Confederate States of America, into the hands of Gov. Richards of South Carolina, symbolic, he said, of the "new brotherhood of American commonwealth," once torn by Civil War.

Twenty-two governors, Representatives of four other States and 700 banquet guests rose to their feet and with tears in their eyes sang "Dixie," when a squad of marines bore in the stars and bars of Dixie's lost cause.

In response to Gov. Ritchie of Maryland, the guests sang "My Maryland" and also "My Michigan," complimenting Gov. Green, but only Mrs. Mac Donald and Sidney Smith (Andy Gump) were there to sing "I Love You, California." Mrs. Mac Donald had the privilege of singing at an early mass, Sunday morning in St. Ignatius' Church, that historic old edifice which was opened first as a house of worship in 1687.

Mrs. Mac Donald is the daughter of the late Michael Marley, belonging to one of the pioneers of old Mackinac Island lineage.

The annual meeting of the Michigan Pioneer and Historical Society was held in the historic old church.

Another delightful affair at which Mrs. Mac Donald was an especial guest of honor was the dinner given by Commander Scott of the Chicago Yacht Club aboard his private yacht.

Honors Visitors

Mrs. C. F. Borton will entertain with an informal reception at her home, 3840 West Twenty-seventh street, Saturday evening the 10th inst., honoring Judge and Mrs. Robert Littleton Hurt of Dallas, Tex.

VISITOR IN CITY FROM CANADA

Montreal Girl to Be Widely Entertained

Miss Dorothy Elizabeth Newmarch

AMONG the attractive visitors in Southern California this month is Miss Dorothy Elizabeth Newmarch of Westmount, Montreal, who is the house guest of her grandparents, Mr. and Mrs. A. J. McRoble at their home, 156 Grand avenue, Santa Monica. Many delightfully arranged affairs are being planned in honor of the charming young visitor.

CHEF WYMAN'S Suggestions for TOMORROW'S MENU

Every Friday at 2 o'clock Mrs. A. L. Wyman will conduct a free class and demonstration of good cookery in the lecture room of the Southern California Manufacturers' Exhibit, 130 South Broadway.

Breakfast
Sliced Peaches
Scrambled Eggs
Toast Marmalade
Milk Coffee

Luncheon
Jellied Tongue
Lettuce and Mayonnaise
Grated Apple Pie
Tea

Dinner
Vegetable Soup
Dill Pickles
Italian Beef Stew
Baked Sweet Potatoes
String Beans with Cheese
Spinach and Egg
French Dressing
Plum Pie
Coffee

JELLIED TONGUE

Select a nice fresh tongue, wash and boil it till it is tender enough to skin easily. Remove the roots. Add to water in which tongue is boiled one onion, three pieces parsley, one bay leaf, one sprig mint, a little green pepper, salt and pepper to taste. Line a mold the size required to hold the tongue with stuffed olives and sliced hard-boiled eggs. Boil down two cupfuls of the liquor until reduced to one cupful, add one-half teaspoonful gelatine, which has previously been soaked in cold water, to the stock. Pour over tongue and let stand until well set. Turn out of dish, garnish with parsley.

GRATED APPLE PIE

Beat together until light and creamy the yolks of three eggs, and half a cupful of sugar. Stir in a cupful of freshly grated apple, mix well and add one-quarter cupful of sweet, thick cream and the grated rind of a small lemon, and a few grated almonds. Line a flat pie plate with rich pastry, pour in the apple mixture, and bake in a moderate oven until light brown and spread with a meringue made of the whites of three eggs, beaten stiff, to which add six level tablespoonfuls of sugar. Brown slightly.

ITALIAN STEW

One and one-half pounds round steak, cut in small pieces, fry in one-half cupful olive oil with a clove of garlic, and one medium-sized onion chopped fine. Strain through sieve one can tomatoes and mix with above, cook slowly for about three-quarters of an hour, add some water if necessary. Cook one package of noodles until soft but not mushy; add to the above, add salt, pepper and small dash of cayenne. Add to all one pintof ripe olives, serve very hot.

STRING BEANS WITH CHEESE

Cook green string beans. Put in a baking dish first a layer of string beans, then cream sauce, and a layer of grated cheese. Make two layers and put in oven until cheese is melted.

Mrs. Wyman does not reply to letters, but requests for recipes are answered in the department PRACTICAL RECIPES published every Tuesday. [All rights to reproduce reserved by A. L. Wyman]

Mrs. Hurt and her little son, Robert Marshall Hurt, have been visiting here since August 1 and will leave the 15th inst. for their southern home.

One hundred guests have been bidden, all former Dallas and Texas residents, who have come to Southern California to make their homes. Mrs. Hurt, who has been extensively entertained, will be remembered here as Miss Bessie Erwin Waddell before her marriage two years ago.

Judge Hurt will join his family here in a few days, returning home with them. During their sojourn here the Hurts have been domiciled at 1901 Ocean View avenue, also visiting at Hotel del Coronado and St. Catherine, Avalon.

Announce Wedding

Mr. and Mrs. Charles Milton Conant of North Sycamore avenue announce the wedding of their son, Arnold Mayberry Conant, and Miss Ethel Daugherty of Washington, D. C.

Young Conant, who is stationed at the United States Naval Hospital at Newport, R. I., was stationed at the Philippines and China last year and was assigned to the United States Medical School in Washington, D. C., last January to take up some special courses and it appears that old Dan Cupid was near at hand.

Mr. and Mrs. Conant intend to be in New York the 7th inst., to bid bon voyage to the former's sister, Miss Dorothy Conant of this city, who is leaving aboard the Republic for a six weeks' visit in Paris. Miss Conant is planning to return aboard the Leviathan and after docking in New York will visit with friends in and around Boston, not returning to Los Angeles before December 1. Miss Conant left Los Angeles last Wednesday.

Pneumonia, tuberculosis, typhoid and paralysis are among the diseases to which chickens are liable.

PICNIC WILL HEAR DOKIE PRIZE BAND

Returning from their victorious expedition to the Lone Star State, where they won first place in a national contest, the Al Borak Dokie band will give a concert at the all-day basket picnic to be given by Al Borak Temple of the D.O.K.K. and its auxiliary at Brookside Park, Pasadena, a week from Sunday. Besides the concert, there are to be athletic games, exhibition drills and refreshments provided by Pasadena members of the order. Robert Strickland is chairman of the picnic committee.

I SEE BY TODAY'S "TIMES" WANT ADS

That 1925 model Hudson coach—many extras, new tires—is offered for sale at bargain.

That woman is wanted for general cafeteria work; also woman for washing dishes and general kitchen work.

That two mortgages, $6200 and $1300, are offered in trade for duplex or bungalow.

That grocery stock and fixtures are offered for sale cheap.

That $50 camera with special lens and shutter is for sale for $20.

YOUR BABY AND MINE

By Myrtle Meyer Eldred

Mrs. Eldred will be glad to answer all questions pertaining to babies and children. A stamped and self-addressed envelope, forwarded to this office, will bring a personal reply.

Nursing Most Valuable Asset to Baby

If you find nursing your baby is a bore and an annoyance you may rest assured that you will be able to find good and sufficient reason for weaning him. If, on the contrary, you are determined at any cost of sacrifice to time, temper and figure, to breast-feed your baby, you can do so.

The percentage of mothers who have a real and legitimate reason for weaning young babies is very, very small. The percentage of mothers who do wean their babies is large. The underlying reason for much of the weaning is a selfish one. They don't really want to nurse their babies.

There are lots of mothers who are going to fly to their own defense and say I don't know what I am talking about. I don't know how hard they have tried, and all the things they have done, and so on and so on. But any doctor or nurse, who is honest with a mother, will tell her that if she really wants to nurse the baby that she can. The exceptions are few.

It remains for the mother to be willing to cut down her social engagements so that they will not interfere with regular nursing periods. Once resort is made to frequent "relief" bottles, the weaning looms in the distance. If the bottle feedings agree the mother will find more and more excuses for using them, until the breasts in discouragement will cease to send in sufficient milk to satisfy the baby.

Another reason mothers hate nursing is because they tend to take on fat during that period. They dislike being fat. They dislike having large, heavy breasts. It is sensible to keep reassuring one's self that this is only a short period in the mother's life and a vitally important one in the baby's, in order to make one's figure, or lack of it, recede into the background, where it rightfully belongs. For, after all, what is one year in a whole lifetime to the mother, and no one single asset bequeathed to the baby is as valuable in the first year as the nourishment his mother can give him.

Mexican Hunted as Sailor Dies

Police and detectives yesterday redoubled their efforts to find the Mexican who fatally stabbed A. A. Williams, sailor off the U.S.S. Pennsylvania, in a street fight Sunday night. Williams was rushed to Receiving Hospital where he died at 12:30 p.m. yesterday.

The victim said he was walking with three companions along College street near the French Hospital when the Mexican appeared and tried to shoulder him off the pavement. Williams retaliated with his fist, he said, and the Mexican plunged a knife into his abdomen and cut a deep gash in his arm. A large artery was severed and the sailor was so weakened from loss of blood that he was scarcely able to walk when he arrived at the hospital. Police Surgeon Saverien attended him.

PARTY TODAY FOR CRIPPLED CHILDREN

For the little cripples at Orthopedic Hospital there will be a garden party at 2 p.m. today under the management of Mrs. Dana Cox. On the entertainment program will be the Louise Sullivan Trio, Barbara Hansen, Olga Matano, Fay Connee, Bud Rielly, Beverly Hill, Glen Zroman, Gladys Neill, Edith Barnes, Byrd Keever, Betty Bierce, Alice Leach, Pettitt Dual Harmony Singers, and others. Mrs. Cox will be aided by Mrs. Robert H. Green, Mrs. Clara Carley of Chicago and Mrs. R. D. Kelley. The California Ice Cream Company and the California Cone Company have provided refreshments.

The LAST WORD

By ALMA WHITAKER

WE ARE ALL DIETING NOW

I gave a dinner party the other night and seven out of nine of my guests were "on a diet." Say, but there isn't any satisfaction for a poor cook these days, in devising a Lucullian feast for rickety tummies like that!

The doctors have gone crazy over this diet question. They diet us for everything under the sun. One fellow was suffering from nasal catarrh following the removal of his tonsils. So his doctor had sternly restricted him to broth, beets, sliced tomato, pear sauce, bran, loganberry juice and nuts. The only thing we could supply out of our larder was the tomato and bran bread. He ate with mournful courage.

A lady artist was supposed to be anemic, so she was restricted to shredded cabbage, corn scraped from the cob, string beans and squash—not a lick of dessert. We did our best and rustled up cabbage anyway. Then there was the dear with the ulcer. He had to have nothing but milk. So we feasted him to taste. The dame with the ordinary everyday cold in her head, was on a raw spinach, raisin, buttered carrot and baked beet menu. The raisins were the only thing we had in stock for her . . . Her husband, with just plain stomach trouble, was supposed to dine exclusively on watercress and tomatoes, lemon and honey dressing and a baked apple. But he decided to risk a slight diversion.

Then there were two dames who feared to regain some lost avoirdupois, were supposed to eat only rhubarb parfait, beets, carrots, spinach and onions—but they were prepared to starve anyway so we did not feel badly about them.

And we weren't even safe for the skinny fellow who was doing a little weight-building. Even his diet did not include roast lamb and the usual trimmings, but should have included creamed cauliflower, sweet potatoes, baked zucchini with dots of butter, date pudding, whole wheat bread and butter, and milk every two hours.

The darlings, you see, are all up on their perscribed menus and seem to take a mournful sacrificial delight in passing up the real food. They all protest, that we must not worry about them, that they can do with any little thing we happen to have in the house, while the cook glowers in the kitchen and wonders what manner of humans we are entertaining and what is the world coming to anyway? Was it for this that she cultivated her art through the years and achieved dishes fit for the gods?

But there's one thing to be said for this dieting. It runs mostly to uncooked foods, fruits, vegetables and nuts. Dried fruit appear in half the menus—as mother won't have to do much cooking, and the next generation of daughters-in-law won't forever have her held up as an unattainable ideal of what a cook should be. Anyone can rustle a few dates and dried apricots and chop a little spinach, and pour out milk.

But it's hard on the butchers and the bakers. Precious few of these diet menus permit meat or bread—and nary a one has a good word to say for cakes, pies, cookies, or any kinds of dessert. The only bread that receives favorable mention is bran bread, or whole-wheat bread, and that is doled out in thin slices. I mean you know, even the menus for healthy adults are pretty slim and rather violently vegetarian.

So there is a certain comfort about Sir. Thomas Horder's remark that "In health, dieting is unnecessary. In disease, it is much over-rated." We shall insist upon subscribing to that belief over Thanksgiving Day.

[Copyright, 1927, McClure Newspaper Syndicate.]

YOUR HEALTH and DIET ADVICE

By Dr Frank McCoy

Author of "The First Way to Health"

Dr. McCoy will answer personal questions on health and diet, addressed to him, care of The Los Angeles Times. Enclose stamped, addressed, envelope for reply.

THE DANGER OF GAS

We read a great deal about the injury caused by sewer gas, and about poisoning from carbon monoxide gas. A few deaths are also reported each day from the inhalation of natural or artificial gas from cooking stoves or gas jets. Many people deliberately commit suicide by turning on the gas and inhaling the fumes. Hundreds more are dying each day from the mechanical effect of unnatural gas pressure against their hearts. Millions more are slowly developing the functional or chronic disorders because of the continued irritation of stomach or intestinal gas.

Most people are literally walking gas factories, and many do not understand that dietetic indiscretions not alone produce excessive gas but also, at the same time, create a faulty chemistry in the body from which most diseases originate. Get rid of the cause of flatulence, and you get rid of the chemical poisons and the mechanical gas pressure at the same time.

The one suffering from any form of heart derangement will always have a large amount of stomach gas. Sometimes this is not easily belched up, and only a careful examination will discover its presence. The X-ray is an invaluable aid to the diagnosis of heart trouble, and with such cases so diagnosed, a large pocket of gas, sometimes as big as a toy balloon, is discovered at the top of the stomach just under the heart. The chief cause of asthma is this same gas pressure against a tight diaphragm which is rendered still more immovable by the crowding of flatulence.

Many pelvic disorders of women are aggravated or entirely caused by the distention of the intestines with the poisonous gases which force the intestines against the sensitive pelvic organs. Periodically painful periods can often be relieved at the time by a day's fast and the use of two or three enemas to get rid of the feces and gas from the lower bowel.

The thousands of sudden deaths occurring each day may be laid to flatulence. The heart fails simply because it cannot do its work and continue to resist the pressure of gas from the stomach or intestines.

More people of North America will die this year from the effects produced by flatulence than the number of America's fatalities in the World War.

Tomorrow: How "Gas" is Formed.

Question: T. J. B. asks: "How is it so many of my friends have gout? I thought it was caused by drinking alcholic beverages, but since prohibition that cause should be almost entirely removed."

Answer: Gout is one form of rheumatism and is caused by the rheumatic toxemia which comes from overeating, overdrinking, using the wrong kinds of food, and in improper combinations.

Question: Ann R. writes: "I read in your column that milk should not be taken with sandwiches. When should milk be used?"

A.: Never use milk with sandwiches or with regular meals. Milk should be taken by itself, or combined with one kind of fruit, or with only non-starchy vegetables.

Q.: Mrs. Grace W. asks: "Where can I get the new sport dress material which permits the ultraviolet rays of the sun to penetrate to the skin?"

A.: You probably refer to the material called celanese, a cellulose acetate product which some manufacturers have been experimenting with. So far as I know, none of this material has been put on the market.

Q.: Mother asks: "Do you think it is bad for children to use scooters? A doctor at the Chiropractic convention said that they caused one leg to be shorter than the other."

A.: If a child can be made to change from one foot to the other while running a scooter, it should be a very beneficial exercise, but one-sided exercise for children encourages a faulty position of the pelvis, and spinal curvature.

PARADE OF FASHION

HERE AND ABROAD

GREEK SILHOUETTE AMONG INNOVATIONS

PARIS, (AP)—The Greek influence, which affects a few dressmakers nearly every season, is more than usually noticeable among the new winter styles. Diaphanous velvets are sometimes draped in a classical line which the uneven hemlines and short draperies encourage.

Long draperies which sweep from the shoulder to the hem of the opposite side, and are caught on the side and at a low waistline are characteristic of the evening dresses at Lenieff's.

Small hats also seem under the Greek influence with helmet lines and Mercury-like ornaments.

ZEBRA SKIN COATS SHOWN FOR AUTOING

PARIS, (AP)—For the motorist a la mode who likes black and white, one furrier is showing a genuine zebra skin coat. The skin is scraped to make it light in weight and the markings are skillfully matched.

The same furrier, who has a weakness for zebra, shows a silk fabric woven with black and white stripes like the jungle animal's. With this material she combines rich collars and cuffs of skunk.

HATS FOR EVENING ARE WINTER FASHION

PARIS, (AP)—One indication that smart women are letting their shingles grow is the number of evening hats shown at the big dressmaking houses.

Jeanne Lanvin takes the lead in designing hats to match evening wraps, but she is not alone in the style. Most of the evening hats are metallic cloth, close-fitting shapes with some touch of jewelry. Nearly all of them are brimless and usually the Orient supplies the idea.

UTILIZES RIBBON FOR NEWEST FROCKS

PARIS, (AP)—Evening frocks formed entirely of grosgrain ribbon are a feature of one winter collection. There were several versions of the ribbon dress, all using two-inch wide ribbons interlaced and draped to form slender, youthful models suitable for first dances and debutante dresses.

One model had the ribbon sewed in bands on the blouse and looped in uneven lengths on the skirt.

BEIGE SHADES SHOWN FOR MANY COSTUMES

PARIS, (AP)—Beige still holds its style. For sport, afternoon and evening all the shades of beige reappear in the winter-time fashions. Hardly a dressmaking house of first importance does not show several costumes in the color that refuses to go out of style.

Some of the prettiest coat and dress ensembles at Chantal's are light beige color. Dyed fox is used for a coat to match a lovely beige afternoon dress.

WIDE SUEDE BELTS WORN BY PARISIANS

PARIS, (AP)—Wide suede belts, fastened with large buckles swathe the hips of some of the winter models of important dressmakers.

They are shown in contrasting shades for the most part and vary from three to six inches in width. White suede belts, less wide, are occasionally seen on white evening dresses, particularly models of white velvet.

SATIN EVENING SHOES COMING WINTER STYLE

PARIS (AP)—Satin evening dresses have brought satin evening slippers back to popularity. Shoes and dresses match, with the result that slipper dyeing is again a necessity for those who do not have their shoes made to order and are unable to find the exact shade necessary in the shops. Paris insists upon an exact match where dress and shoes are concerned, if the fabric is satin.

Breakfasts That "Stand By" You

Quaker Oats Supplies Vigor to Speed up Your Mornings

NOURISHING breakfasts of well-balanced food are now being widely urged by authorities as an important aid to business success of adults, and physical and mental development of school children.

Some 70% of the day's important work in the business world, it is now known, falls into the four morning hours, 80% of the important school work, in thousands of schools and colleges recently investigated, including Princeton, Harvard, most state universities and public schools, falls in the same period.

To be right mornings, you must eat right food; meaning rightly balanced, complete food.

Thus Quaker Oats — excellently balanced in protein, carbohydrates, minerals, vitamine "B" and the bulk that makes laxatives seldom needed —is the world's dietetic urge. Savory, delicious food that "stands by" you through the morning. No other cereal compares. Always remember that.

Get Quick Quaker—which cooks in 2½ to 5 minutes — or regular Quaker Oats today at your grocer.

Quaker Oats

HOUSEHOLD SUGGESTIONS

Sheer Stockings

In these days of sheer hosiery it is wise to buy two pair of the same shade of stockings, rather than varying the color by just a shade or so. Then if a nasty "run" appears in one stocking you always mate the good one with the other pair and get more wear out of them. Some stores are selling three stockings instead of just a pair, just for this very same purpose.

Bathroom Sanitation

Don't fail to have ventilation in the bathroom at all times.

Don't forget to keep one or two guest towels on the rack in readiness for the unexpected visitor.

Don't forget to fold the towels after using. Crumpled towels present a very disordered appearance.

Don't have odd bottles around on shelves and ledges. A small medicine cabinet is not expensive and all such articles can be kept out of sight and still convenient in such a closet.

Flower Trimming

Cut flowers will last longer if their ends are clipped with a sharp knife rather than scissors, as scissors compress the stem and the water is not taken up so readily. A clean cut with a knife leaves the stems open to absorb the nourishing liquid.

PRACTICAL RECIPES

[Recipes in answer to inquiries regarding those published on this page will appear in The Times on Tuesday. Address Mrs. Olive M. Lee, Women's Editor, Los Angeles Times.—Ed.]

CANNED FIGS

A. S. M. and S. A. D., Los Angeles: Wash and dry the figs. Cal.: Wash and dry as falling water will do. Prick each fig in several places with a needle and drain well. To every pound of figs boil one cupful of sugar and two cupfuls of water until clear. Add the figs and remove from the fire; let stand overnight. Remove the figs, boil syrup twenty minutes, and let stand overnight; repeat this for the next two days until the figs have filled with syrup, the syrup is bright and clear, and dry in the sun or a cool oven. On the fifth day when the figs are dry pack in jars, cover with the syrup made by boiling together for ten minutes one cupful of sugar and a quarter of a cupful each of water and corn syrup. Repeat this for three days; drain and dry the figs in the sun or a cool oven. Sprinkle with granulated sugar and pack in waxed boxes.

CANNED CITRON

A. E., Alhambra, Cal.: Cut the peeling of citron in quarters, cut off all the pulp. Place in a crock, dry wooden tub or granite kettle, cover with a brine made with one gallon of water and three pounds of coarse dairy salt. Let this stand for three days. Drain and cover with fresh cold water and let stand five days longer. Drain, cover with fresh water and boil one and a half hours or until it can be easily pierced with a fork. Drain, cover with fresh cold water and let stand for twenty-four hours. Drain and place in an enamel kettle and cover with a thick sirup made of granulated sugar and water, allowing one pound of sugar to each pint of water. Cook gently for one hour, pouring the syrup over the citron every week and bringing the sirup to a boil and adding a little more sugar each time. After the last boiling place the citron in a stone jar with the syrup and all over. Cook it will dissolve and in a few minutes. For twenty days after the boiling point is reached let it boil. After twenty-days boil until it will take more sugar. The proportion of sugar to the peel should take up the peel should take up one pound of sugar to ten pounds of peel. Spread the peel on platters to drain and dry in the sun or in a dehydrator.

PEACH COBBLER

Mrs. F. V., Pasadena, Cal.: Drain the juice from the large can of peaches (and cut the peaches into small pieces) and put them in the bottom of a deep baking dish and sprinkle with two tablespoonfuls of sugar. Mix one tablespoonful of flour, one-quarter teaspoonful of salt, one-quarter teaspoonful of pepper, and if desired a pinch of spice. Drop by spoonfuls on the peaches and spread gridiron fashion with strips of pastry. Bake in a hot oven and serve hot with cream.

BIG BOY CAKE

Mrs. Los Angeles, Cal.: (You ask for a cake recipe you want to know how much Cucumber Relish to use. See Special Recipe Column. Perhaps you can procure back numbers from your agent or at The Times office, First and Broadway, Los Angeles, Cal.)

Cream one cupful of butter and two cupfuls of sugar, and beat into it three cupfuls of sifted flour. Beat well and add a cupful at a time, three whole eggs, a pound of blanched almonds, the well-beaten yolks of three eggs, the stiffly-beaten whites of three eggs, half a teaspoonful of vanilla extract, and two teaspoonfuls of sherry flavor. Beat for five minutes. Grease a spring form pan, line the bottom with buttered paper, pour in the batter and bake for one hour. (If a loaf pan is used, don't grease it.) Cover frequently and when brown remove bacon from pan and allow the chicken to brown. Remove the chicken to a platter, pour off the fat, add to the liquid in the pan half a cupful of milk, and two tablespoonfuls of flour, season and strain. Return to the pan and cook until thick. You will find this gravy has much more satisfaction in it and is more tender.

POTATO PANCAKES

Mrs. Los Angeles, Cal.: Peel three medium-sized potatoes, cook in salted water, and let stand overnight. Grate the potatoes into the pulp of all the potatoes, and to one cupful of the potatoes, add two beaten eggs, one cupful of flour, one teaspoonful of salt, half a teaspoonful of pepper, and if desired a pinch of spice. Drop by spoonfuls on a hot greased griddle and brown on both sides

NEW TREASURY FINANCING OUT

Program for Third Quarter Made Public

Offering Totals More Than Half-Million

Holders of Second Liberty Issue Warned

WASHINGTON, Sept. 5. (AP)—More than $500,000,000 of notes and certificates of indebtedness were offered by the Treasury today in announcing its third quarter financing program.

There are two issues, consisting of approximately $250,000,000 in six months 3 per cent Treasury certificates of indebtedness and about $250,000,000 for cash and a limited amount for exchange in three to five-year 3½ per cent Treasury notes. Both offerings are dated the 15th inst.

Subscriptions for the certificates and cash subscriptions for the notes are invited at par and accrued interest, while the exchange subscriptions are offered at 100 1-8.

In addition to the cash offering of notes, these securities will be exchanged for second Liberty loan converted 4 1-4 per cent bonds, the amount for exchange to be limited only by the amount of the second 4 1-4s tendered and accepted. There are $1,180,234,000 of these bonds outstanding. The exchange offering, which is virtually the same as that of March 15 last, except for the premium, was said to be "in furtherance of the Treasury's refunding program."

Interest on any second 4 1-4s surrendered and accepted upon allotted exchange subscriptions will be paid in full to November 15, 1927, when all bonds of the second Liberty Loan have been called for redemption. Subscribers offering the 4 1-4s for the new notes will be paid interest from May 15 to November 15, less the amount of the premium on the notes issued.

Treasury certificates of indebtedness of series TS-1927 and TS2-1927, both maturing the 15th inst., will be accepted at Federal Reserve Banks at par in payment for the new certificates, any accrued interest to be adjusted on the series so paid for. The old certificates also will be accepted in payment for any of the new notes, series B-1930-32, which are allotted for cash.

The exchange offering of notes will be kept open until the 29th inst., while the certificates and cash offerings of notes will probably be available for only a few days.

The Treasury took occasion again to call attention that about $1,200,000,000 of second Liberty Loan bonds are at present outstanding and will cease to bear interest on November 15.

Lysol Poisoning Blamed in Death

After an autopsy was performed yesterday by Assistant County Autopsy Surgeon Webb over the body of George D. Houser, it was announced at the Coroner's office that Houser came to his death from lysol poisoning.

Houser, who lived at 820 Record street, Belvedere, was reported to the Sheriff's office as having been drinking heavily, but to have stopped. It was stated he had been taking medicine and mistook a bottle of lysol for it.

The man was taken to the General Hospital, where he died. It was stated that the Coroner will sign a certificate of accidental death by poisoning. The body was taken to the County Morgue.

WOMAN WILL BE WED ON FLAG POLE PERCH

Still atop the Rose Room flagpole at Eighth and Spring streets, attempting to break the pole-sitting record, Bobby Mack is planning to be married to Tom McNamara while remaining in her elevated position. The wedding is set for the 15th inst., when, as and if the young lady keeps her seat that long, and the groom and preacher will have to climb the pole to make the ceremony possible.

As a protest against the rise in the rate of gas, housewives in Wichita, Kan., decreed a "gasless day" to continue one day each week.

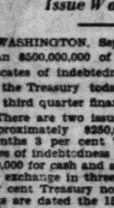
CHANEY'S NEW M.-G.-M. THRILLER

Professional Damon-Pythias Union With Director Lasts; Dolores Del Rio's Big Boy Cousin Is in Films; William Counselman Gets New Job

BY GRACE KINGSLEY

Try as he may, Lon Chaney simply cannot get away from the film underworld.

"The Big City," described as a vivid drama of life among gangsters and in night clubs in New York, will be Chaney's next Metro-Goldwyn-Mayer vehicle, according to an announcement from the offices of Irving G. Thalberg. Chaney will play a New York gangster leader in the new play. The professional Damon-and-Pythias combination is still functioning since Tod Browning wrote Chaney's story and will again direct.



LON CHANEY

Browning is now assembling a cast, and work on the picture will commence within two weeks.

Dolores's Big Boy Cousin

Just as we prophesied several months ago after meeting and talking with him and noting how he conformed from a visual standpoint to all requirements for a film sheik, Carlos Amor, Dolores del Rio's handsome cousin, is going to be a movie actor.

As soon as ever Edwin Carewe, who with Inspiration Pictures is going to film "Ramona," saw Carlos, he knew he had a part in the Helen Hunt Jackson novel for him. Finis Fox, who wrote the scenario, concurred entirely in Carewe's judgment, with the happy result that Amor has been signed for the important role of Luigo, the sheepherder.

Carewe has waxed eloquent on the possibilities of Amor as a film actor.

"He is a natural born mimer and his features are camera proof," declared the director. "I look for many interesting accomplishments from him before very long."

The actor to play Felipe, one of the two main male roles, has not yet been found.

William Conselman Promoted

After performing on his typewriter as a scenarist for William Fox during the past year and a half, during which time he has made a success, William Conselman has been promoted to the position of supervisor for the organization, according to announcement of Mel St. Wurtzel.

WILLIAM CONSELMAN

Under Conselman's supervision will be no less than four companies including those directed by Frank O'Connor, David Butler, Ben Stoloff and Arthur Rosson. Indeed Conselman already has proved what he could do as supervisor as well as scenario writer, since he supervised David Butler's first production, "High School Hero."

Conselman, formerly a newspaper man and cocreator of the "Ella Cinders" comic strip, began his picture work with First National, writing into scenario form for Colleen Moore his "Ella Cinders" series. Afterward he was signed by Fox. He has written originals, titled a number of productions, and has prepared the continuity on a number of others.

Jaime del Rio's Accident

There must always be a thorn in the rose, and so it proved with Dolores del Rio, and particularly with her husband, Jaime del Rio, in their otherwise glorious trip to the Hawaiian Islands.

Their voyage was marred by an accident to Del Rio in the course of which his arm was broken. The accident occurred just as the S.S. City of Los Angeles, on which the pair were arriving from their trip, was nearing the pier at Wilmington, last Saturday. The Del Rios were coming up a companionway, and Jaimie fell, fracturing his left wrist badly and spraining his right hand. The ship's doctor attended to the accident, and Del Rio was able to come off board with the other passengers.

Estelle Taylor Heard From

From Estelle Taylor, wife of Jack Dempsey, comes telegraphic word that she and Jack are both well. She has recovered from her recent illness.

"I am quite well now, and Jack is okay sure," wires Estelle. "Nothing happens that I can write about. Am just dying to get home."

Alan Brooks to New York

That very capable writer and actor, Alan Brooks, has evidently given up pictures for the time being. At any rate he has gone to New York, and it is likely that he will either go into vaudeville, or will produce a new play of his in the East.

—o—

Ruby Lafayette Still Ill

Maybe you have forgotten that quaint, sweet little old soul, Ruby Lafayette, who has given us all so much joy by her interpretations on the screen. Maybe the world has forgotten her, except for some of her old friends.

But Ruby doesn't forget. She has a long time now in which to remember. She has been lying in the Hollywood Hospital during the last year, following an accident when an automobile driver knocked her down as she was crossing the street. I have a letter from her—not a bit of complaining letter, either—just telling the facts, bravely—in response to one of mine to her.

"The third of October," writes Ruby, "will be one year since I met with this accident. All hope of my arm mending without an operation was withdrawn in July. So an operation was performed on July 23—that was my 83rd birthday—and a piece of bone was taken from my leg to mend an arm. But there's no certainty of it. Am encased in a cast, soon to be opened. Excuse the pencil scrambling."

—o—

Ernie S. Adams in It

Ernie S. Adams, whom you will remember as playing a sympathetic role in his last Paramount picture, has permitted his nature to sour professionally. He will portray a villain in the next. He was cast yesterday as Bart Hamby in Richard Dix's next starring picture, "The Gay Defender," it was announced by B. P. Schulberg.

The actor, formerly in musical comedy, played with Gary Cooper in "Nevada."

Gregory LaCava is directing the story, which was written by Grover Jones.

Memphis Paper Issues Cotton Crop Estimate

MEMPHIS (Tenn.) Sept. 5.—Reports to the Commercial-Appeal indicate that the condition of the cotton crop at 1st inst., was 60.9 per cent of a normal. The indicated yield is 13,813,000 bales, 500 pounds gross weight equivalents, exclusive of linters and peaclers.

The crop deriorated in practically all areas during August, due principally to insufficient moisture in Texas and to unfavorable showers, temperatures and boll weevils elsewhere.

The most promising areas at this time are the Piedmont sections of the Carolinas and Georgia, northern portions of Alabama and Mississippi, eastern Arkansas, western Oklahoma and the northern half of Texas. Excepting northern Texas, these areas have not been severely damaged, many not at all, by weevils. The chief drawbacks are an undersized plant, although mostly it is not very much smaller than normal, and excessive shedding which prevented satisfactory fruiting during August.

Dean of College Given Honor by His Alma Mater

Honored by the bestowal of the honorary degree of doctor of laws by his alma mater, Dr. Karl T. Waugh, dean of the College of Liberal Arts at the University of Southern California, has just returned to this city. He was accompanied on his eastern trip by Mrs. Waugh.

"The honor tendered Dr. Waugh is through Ohio Wesleyan College at Delaware, O., where he graduated in 1900, later continuing at Harvard. He is given the degree in recognition of his work at the local university as well as exceptionally brilliant work as chief psychological examiner for the Army during the World War. During the latter period he carried the title of major and later served as vocational adviser to the government.

Dr. Waugh has been identified with the University of Southern California for the past four years, coming to this post from Berea College at Beles, Ky., where he was president.

Dr. and Mrs. Waugh are now at their home at 2642 Juliet street.

NEGRO MAKES PLEA

Colored Catholic Leader Urges More Priests for Race

NEW YORK, Sept. 5. (AP)—Dr. Thomas W. Turner, president of the Federated Colored Catholics of the United States, voiced a plea for more negro priests today at the annual convention of the federation.

"It is not generally known," Dr. Turner says, "that the first Roman Catholic bishop consecrated in the New World was a negro, and that at least three Popes were men of acknowledged African descent."

Dr. Turner declares Catholic negro students in American universities are far outnumbered by other denominations and exposes the belief that the negro race has lost much ground in this sphere in the United States in modern times. There are between 200,000 and 250,000 negro Catholics in this country, he says.

ARCADIA PLANNING ANNUAL "MUM" SHOW

ARCADIA, Sept. 5. — The Arcadia Chrysanthemum Show, successfully inaugurated last year by the Arcadia Woman's Club, will be made an annual event, it was announced today, and plans are being laid for the second exhibit late in October. Owing to the large number of commercial florists and private flower gardens in this district, the exhibits are expected to be large and competition keen. While "mums" are the featured flower, all varieties in bloom at that season of the year will be shown.

HOUGHTON TO HONOR HEROES

LONDON, Sept. 5. (Exclusive)—Ambassador Alanson B. Houghton Wednesday will go to Edinburgh to unveil a memorial to the Scotch soldiers who fell in the great war which has been presented by Americans of Scotch blood at a cost of $50,000.

BIBLE SCHOOL DEAN ON LINER

Dr. Bade of Berkeley Returns from Holy Land

Discovers Ancient Buried City Near Jerusalem

President Wilson to Resume World Cruise Today

Returning aboard the around the world liner President Wilson yesterday was Dr. William F. Bade, dean of the Pacific School of Religion, Berkeley, after an absence of eight months devoted to research work in Palestine.

Dr. Bade is credited with the discovery and excavation of an ancient city seven miles north of Jerusalem, the walls of which are reported as being forty feet high and twenty-five feet thick—the strongest so far unearthed in the Near East.

Among other discoveries in the city, dating back to 3000 B.C., was a temple of the time of King David and a cistern containing rare pottery.

Other passengers aboard the President Wilson included Frank W. Robinson, vice-president of the Union Pacific system; Samuel O'Donoghue, United States Consul at Malta, accompanied by his wife and family, and eleven young women who won popularity prizes at the recent Cleveland Industrial Exposition also arrived on the liner. Three of them are bound around the world, the remaining eight completing their tour here.

Carrying 2000 tons of Los Angeles products and forty cabin passengers loaded here, the President Wilson will sail at noon today for the Orient.

CONTRACT LET TO REBUILD BURNED YACHT

Rebuilding of Cecil B. De Mille's schooner yacht Seaward, which burned in her moorings two months ago following an internal explosion, will begin this morning at the plant of the Craig Shipbuilding Corporation, Long Beach. The Craig yard's bid for the job was $18,000.

News that the Seaward will be restored to sailing trim, renews interest in the projected series of match races between her and Jack Barrymore's schooner Mariner, for which a purse of $50,000 was to have been placed this summer for the Gloucester-type championship of the Pacific. The Mariner this season has had a lead keel installed to improve her windward ability and is already in shape for the races.

Ernest F. Prince, chief engineer of the Panama-Pacific flagship Mongolia, has been relieved by Christian N. Olsen, his first assistant. Mr. Prince will go to the yards of the Newport News Shipbuilding and Drydock Corporation in connection with the fitting out of the new Diesel-electric liner California, of which splendid vessel he will become chief engineer when she is commissioned this fall.

The Norwegian tramp steamer Capto, in tramp service of Stitt & Nelson, is due from the Orient this morning to take bunkers. She is carrying a capacity cargo of cotton and cottonseed oil from Port Arthur for Japan. Her new chief engineer, J. E. Hooland, came out from Hauguesund, Norway, and has been waiting his ship's arrival at this port, as the guest of Gunnar Schonhoft.

When the Standard Oil tanker El Segundo returns here from Bellingham she will have a new master on the bridge, in A. C. Nelson, having relieved Capt. James L. Daniels for a few weeks.

Within a few hours after she put to sea Sunday the whaling steamer Hanka landed a sixty-foot blue whale off San Clemente Island, the jaunt being for the edification of a party of friends of Capt. G. M. Bryde. The leviathan was later towed to Ocean Park for exhibition.

Capt. L. A. Strong brought the American-Hawaiian liner Nebraskan in yesterday on his first round voyage under A.-H. colors after an absence of ten years. At the outbreak of the World War Capt. Strong was master of the old American-Hawaiian steamer Californian, later torpedoed. He was commanding the United American liner Kermit, now renamed the Nebraskan, when she was purchased recently. The steamer yesterday brought in 2000 tons of Atlantic Coast cargo for local discharge.

The auxiliary barkentine Esther M. Sterling, which departed Los Angeles Harbor last February with a cargo of lumber for Maracaibo, is nearing the end of a 15,000-mile voyage. She discharged the lumber at the Venezuelan port, sailed in ballast to Houston, Tex., loaded sulphur for Honolulu and left the Hawaiian Islands on August 21 with a sugar cargo for Puget Sound.

The commissary department of the Panama Canal Railway, communicating with the Los Angeles Chamber of Commerce, has requested that arrangements for 15,000 cubic feet of refrigeration space monthly be made for the transport of California fresh fruits and vegetables from this port to the canal.

A. W. Goulet, purchasing agent, said in the communication that if the necessary refrigeration space can be procured the Canal Zone will become a heavy purchaser of Southland fruits, vegetables and poultry.

AIR MAIL SCHEDULE

Now in effect: Universal postage rate of 10 cents per half ounce, anywhere in the United States or Canada, applies to all mailers who use Air Mail.

Transcontinental air mail service to and from Southern California is operated by Boeing Airplane daily, leaving Air Mail Airport (Los Angeles) at 7:30 a.m. Pacific Time, and arriving at Hadley Field (New Brunswick, N. J.) at 5 p.m. Eastern Standard Time the second day. Arrival at the New York City postoffice is one hour later.

Westbound departure from Hadley Field is at 12:15 p.m. Eastern Standard Time, with arrival at Los Angeles at 5:25 p.m. Pacific Time, the second day.

The Los Angeles daily closing for air mail is 6:30 a.m. at Arcade Station and at 9:45 a.m. or a little later at the Air Mail letter boxes, painted red, white and blue, and located in various parts of the city.

Items for the Air Mail are restricted to not more than fifty (50) pounds in weight and to not more than eighty-four (84) inches in length and girth combined.

PACIFIC COAST ROUTE

Collections are made at all air mail boxes not later than 9 p.m. and at the Arcade Station postoffice not later than 10:30 p.m.

The route will be operated on the following schedules: Northbound, leave Los Angeles, 12:01 a.m.; arrive at Bakersfield 1:45 a.m.; Fresno, 2:50 a.m.; San Francisco, 5:30 a.m.; Sacramento, 7 a.m. Southbound, leave Seattle, 11:01 a.m.; Portland, 7 a.m.; San Francisco, 1:15 p.m.; Fresno, 2:15 p.m.; Bakersfield, 4:40 p.m. Arrive Los Angeles, 6:15 p.m.

NEWS OF SOUTHERN COUNTIES

RETURNS FROM CITRUS CROP SET NEW YEAR'S RECORD

Nearly $2,000,000 Expected to Be Added to Previous High Mark of Orange County Growers

ORANGE, Sept. 5.—Nearly $8,000,000 in citrus wealth, the greatest in the industry's history, has clinked into the coffers of the Orange County Fruit Exchange as returns to date for the 1927 bumper crop, according to L. D. Palmer, exchange manager. Bringing glee to citrus growers throughout the exchange district, Palmer today announced that the returns to September 1 reached the record-breaking figure of $7,759,326.50 which represents wealth that will soon be poured into the lap of the communities in which the exchange associations are located.

This staggering amount almost equalling, with two months left to go, the entire receipts last year, itself the greatest previous year in the exchange's annals, stamps 1927 as the premier year in the citrus industry.

Palmer estimated that before the crop has all been shipped that returns for the year will reach the amazing total of $10,000,000 a mark that has never been approached before.

Last year, when receipts totaled $8,303,671.22, was the previous bumper season in the exchange's annals but from all indications this mark will be transcended by something close to two million dollars. On September 1, when the total was approaching close to eight million dollars approximately 73 per cent of the crop had been shipped, with the rest destined to go forward within the next two months. The big proportion of the returns have been for Valencias though about six hundred acres of lemons and 133 cars of last year's fruit are included in the total according to Palmer.

Every month for the past three, the exchange's receipts have been getting bigger and bigger with August establishing the latest record for a single month's business with a total of $2,052,639.94 in return.

This makes the third consecutive month that the single month's record set last October has been surpassed. The October receipts last year, which held the previous record, totaled $1,541,837.08.

In June this year the mark was first exceeded when returns for that month's business aggregated $1,504,050.07. Then July again broke the mark with a figure of $1,592,353.73, while August with the amazing mark over two million dollars established what looks like a record that will stand for some time.

An interesting comparison was presented by Palmer when he pointed out that total returns ten years ago, in 1917, aggregated $3,093,645.05, which mark was almost excelled by August alone this season.

Other interesting figures covering full season returns since 1921 follow: 1921, $5,973,163.04; 1922, $4,380,841.16; 1923, $5,169,743.39; 1924, $5,864,111.45; 1925, $4,743,897.61.

Jug Fails to Break, Owner Now in Trouble

SANTA BARBARA, Sept. 5.—When the automobile of William Dougherty of Hollywood was knocked from the road on the Nojoqui grade by a runaway truck yesterday, Dougherty escaped injury but was crushed in spirits, it developed today, when State patrolmen placed him under arrest for possessing liquor. Dougherty was carrying in his automobile a keg of genuine 20-year-old brandy purchased in the northern part of the State, he admitted, but when his automobile left the road and overturned he saw the keg spinning away, staves, hoops and bung flying in every direction. The aroma was all that was left of his precious liquor.

Seeing what had happened to his keg of brandy he decided that a five-gallon bottle of claret in his automobile was also broken. He made the mistake, however, of failing to verify his belief before he hailed a passing automobile which brought him to Santa Barbara.

State police investigating the accident discovered the five-gallon bottle still unbroken. Dougherty will appear in Justice Court here tomorrow.

REDONDO BEACH PAIR CELEBRATE WEDDING

REDONDO BEACH, Sept. 5.—Mr. and Mrs. A. J. Waybright of 207 North Spring avenue, celebrated their fifty-seventh wedding anniversary yesterday. They were married in Pemeleton county, Norfolk, by Rev. Martin Bennett of the Methodist church of that place. Eighty friends and relatives attended the wedding and sat down to the wedding dinner. The Waybrights have seven children. They lost one son, the twin of Mrs. Jessie Badkins of Whittier. They have lived in Redondo seven years and have many friends to wish them happy returns of the day.

SHERIFF OFFERED SPUDS FOR STILLS

SANTA BARBARA, Sept. 5.—An offer to the county jail to swap potatoes for copper stills is being considered by Sheriff James Ross. Inasmuch as the county has several tons of stills on hand and finds potatoes a desirable diet for county jail prisoners, Sheriff Ross probably will accept the proposition. He will, however, greatly flatten the stills with a steam roller before delivery, hoping the while that the potato end of the bargain will not be treated similarly.

FORMER RESIDENTS OF KEWANEE PICNIC

INGLEWOOD, Sept. 5.—The first annual outing of the Kewanee (Ill.) Society of California, more than 500 of whom, including members and friends, gathered here early today in Grevilles Park to renew old friendships and to greet the latest comers from the old home town to Southern California. Mayor Hugh B. Lawrence of Inglewood welcomed the visitors on behalf of the city and Byrl Stevenson, president of the society. There was community singing led by Robert Bartholomew of this city and Mrs. Belle Thompson covered herself with glory by her success as chairman of the refreshment committee.

ATTACKER INJURED IN FIGHTING RAIDER

HANFORD, Sept. 5.—Mario Consalcio, taken in the raid on the Eugenio Spinetto place at Grangeville Friday night when Spinetto, the owner, made an attack on Deputy Sheriff W. E. Hoskins with a knife, pleaded guilty to possession of liquor and was fined $100. Spinetto is in the County Hospital, being treated for lacerations inflicted when he attacked Hoskins, who was practically uninjured. No charge has yet been placed against Spinetto. The other members of the party of six brought in after the raid have been released on their own recognizance.

FIRST OF CORCORAN COTTON CROP BALED

CORCORAN, Sept. 5.—The first bale of the 1927 crop of cotton grown in the Corcoran district was baled at the Ellett gin Friday. It weighed 534 pounds and was grown on the J. W. Self place in the Lakeside section. Self has about 100 acres in the Acala variety. The first bale was bought by Maulden & Co. of Los Angeles at a special price of 30 cents a pound. The cottonseed was purchased at the gin at a rate of $40 a ton.

VISALIA HONORS LYN LARY

Large Delegation Joins Oakland in Celebrating Day in Honor of Their Ball Diamond Hero

VISALIA, Sept. 5.—A good portion of Visalia's population swelled that of Oakland today while they cheered Lyn Lary, former local youth, now shortstop of the Oakland Pacific Coast League club, and participated in the celebration of "Lyn Lary Day" staged by Visalia and Oakland.

The Visalia lodge of Elks and their drill team headed a caravan of 200 Visalians to Oakland on Saturday, while many others made the trip yesterday and last night. A special feature of the ceremonies was presentation of a gift from Visalia friends by Orval Overall, former Coast League and National League star pitcher, now a Visalia banker.

Lary was an honor student during his four years in the Visalia High School and one of the six honor students to graduate from the local school. He was sports editor of the Visalia Union High School News and president of the Boys' Block V Club, a leader in dramatic plays staged by the student body, and an outstanding star in basketball, football and baseball.

During his last year in school, 1926, at the San Joaquin Valley track meet, he scored over 20 of the 37 points which won first place for Visalia.

Graduating from the local high school with the highest of honors, he reported at once to the Oakland club of the Pacific Coast League and now with a career of less than two years to his credit in professional baseball, several major leagues have bid as high as $100,000, and more, it is said, for his services. Lary is said to play the game for pure love of it rather than personal glory.

TO REST IN SHADOW OF MOUNT ARARAT

Gen. Antranik Ozanian

NATION'S HERO TO BE HONORED

Last Rites for Fighter for Independence Wednesday

Gen. Antranik Ozanian Dies Near San Francisco

Lived at Fresno Since Coming from Armenia

FRESNO, Sept. 5.—The funeral of Gen. Antranik Ozanian, leader of the Armenian struggle for independence from Turkey for thirty years prior to the World War, will be held Wednesday morning, the 7th inst. The body has been in state at the Armenian Holy Trinity Church since it arrived from Chico-Richardson Hot Springs, where he died last Wednesday. His body will be sent to Armenia for burial in the shadow of historic Mt. Ararat.

Gen. Antranik was regarded as the greatest Armenian of the present day. His heroic struggles in various parts of his native country against Turkish rule, his bravery and his sincerity won the hearts of his people. For years the name Antranik has been to Armenians all over the world the symbol of hope and of victory. Many European countries, including France, Russia, Bulgaria and Greece showed their appreciation of his valor by decorating him with military medals. Among his awards was a gold sword by the late Czar of Russia.

Forced to leave Armenia in 1920, Gen. Antranik went to Paris. While there he married a Bulgarian lady, who survives him. In 1922 he came to California, making his home in Fresno until shortly before his death, when he was advised that his health would probably improve in San Francisco. He was attacked by pneumonia, and was sent by his physicians to the hot springs in a vain endeavor to save his life.

Official Fife and Drum Corps of Army Encampment

Revive Echoes of Civil War

Left to right—Elmer Bolte, mascot; Philo L. Case, Glendale, snare drum; E. L. Barnes, San Diego, bass drum; M. M. Potter, San Diego, and Fred Ellis, Redondo Beach, fifes.

Bean Dinners to Be Served for Veterans Today

SANTA MONICA, Sept. 5.—Tuesday is "bean day" at the fortieth annual encampment of the G.A.R., meeting under the auspices of the Southern California Veterans' Association at Pacific Palisades. "Bean day" is always one of the biggest events on the ten-day program of the encampment, according to W. E. Herendeen, association manager. The camp will be under "petticoat government" all day, and a dinner of good old-fashioned army beans—"nice an' clean"—will be served to veterans of all wars, their ladies and guests. Last year between 1500 and 2000 bean dinners were served under the spreading oaks of Temescal Canyon, Pacific Palisades.

Next Thursday the encampment will close, following election and installation of officers for the ensuing year.

COMMUNITY FAIR AT LEMOORE PLANNED

LEMOORE, Sept. 5.—The Committee on the Community Fair September 29 and 30 and October 1, has leased a tent 70 by 120 feet to house the commercial exhibits and automobiles. Besides the exhibits in fruit, grain and other agricultural products, there is to be a showing of the work of the boys' agricultural clubs and by the county farm bureau home department. Live stock, pet animals and poultry are to be displayed, with educational exhibits by the schools and in domestic arts and industry. There is also to be an authorized bench show. In the old high school gymnasium each evening there is to be a musical program and dancing.

Future Events in Southern California

Sept. 5-10 — Orange County Fair at Santa Ana.

Sept. 9—Grape Day, Escondido.

Sept. 10-11—Swimming meet, Newport Beach.

Sept. 13-17 — Kern County Fair at Bakersfield.

Sept. 13-17 — San Diego County Fair at San Diego.

Sept. 14-18—Ventura County Fair at Ventura.

Sept. 16 — Placentia Community Picnic, Orange County Park.

Sept. 20-24 — Los Angeles County Fair at Pomona.

Sept. 20-24 — Tulare County Fair at Tulare.

Sept. 23—Persimmon Growers' Meet at La Habra.

Sept. 27-Oct. 1 — Southern California Fair at Riverside.

Sept. 29-Oct. 1—Community Fair at Lemoore.

ALL HUNTINGTON PARK SCHOOLS OPEN SOON

HUNTINGTON PARK, Sept. 5.—Schools of both the Huntington Park Union High School District and the Huntington Park City School District will open next Monday morning, when it is expected during the week there will be a record-breaking enrollment. When the schools closed in June the enrollment at the high school was around 2000, besides the night classes. The enrollment at the city schools reached around 4000. The figures of enrollments this year will exceed the figures at the closing time of last school year, it is thought. This is on account of the many families that have recently moved into Huntington Park and the two school districts.

VINEYARDISTS GIVEN MERCHANTS' BACKING

HANFORD, Sept. 5.—The publicity committee of the Committee of Forty, composed of business men, bankers and producers, formed to advance the interests of the California Vineyardists' Association in Kings county, has issued a circular urging all grape growers in this section to co-operate with those of the State through the association in a common cause in securing a fair price for their product. Hanford business men are to enclose the leaflet in all packages sent to patrons.

WOMAN PAYS FINE FOR POSSESSION

HANFORD, Sept. 5.—Mrs. Nellie Dillard of Lemoore, arrested on August 22 on a charge of the possession of four gallons of brandy, last evening paid a fine of $400 imposed by Justice H. H. Warnock and was released from the Kings County Jail.

GLENDALE BOY DIES UNDER FREIGHT TRAIN

GLENDALE, Sept. 5.—Gualdion Guarino, a bus boy employed in a Los Angeles restaurant, was fatally injured late yesterday when he fell from a Southern Pacific freight train in the yards near the Verdant-avenue intersection. Guarino, who lived at 6141 Verdant avenue, is believed to have been riding home on the freight train when he fell and received injuries that resulted in his death. The only visible injury was a lump on the back of his head, indicating that the skull had been fractured, as he had apparently fallen clear of the wheels.

BOY HELD IN JAIL

HANFORD, Sept. 5.—George Crawford, 17 years of age, a resident of Fresno, has been detained in the Kings County Jail pending investigation of a charge of forging the names of local business men to eight checks in the sum of $21 each. Crawford is said by the officers to be on parole from a State reform school.

ONTARIO IN FLOOD FIGHT

Property Owners of City and District Join in Effort to Curb Flow of Waters From Hills

ONTARIO, Sept. 5.—In order to prevent property loss by flood similar to those of the early part of this year, water companies, ranchers and other property owners of Ontario district, have united in a flood-control program that will serve to conserve rainwater as well as prevent washing away of the valuable top soil. Glenn D. Smith, manager of Ontario Power Company, is chairman of the community committee preparing to set the conservation program in motion.

A series of flood breaks or control dams will be constructed between San Antonio and Day canyons. These breaks will cause the rainwaters to spread and sink into the ground in the canyons and high land instead of sweeping the lower country. This plan has proved of untold value in Cucamonga Canyon, where the San Antonio Water Company has built a series of check dams.

Need for such water conservation and prevention was forcibly brought to the attention of the community during the heavy rains of the early part of the year. Valuable top soil was washed away, highways were damaged and groves seriously crippled. In addition the water swept away without sinking into the ground.

Engineers are working now with Smith and his committee, and it is believed that within a few weeks the check dams will be under course of construction.

Sorry Now He Attempted to End Own Life

PASADENA, Sept. 5.—John J. Hoshor, 25 years of age, who tried to kill himself Saturday by firing a bullet into his left side, now wants to live, according to attaches of the General Hospital, Los Angeles, where he was taken, but his change of heart has come too late, they say, as he "will probably die within the next forty-eight hours."

Hoshor changed his mind about the worthlessness of life, it was reported, after two Pasadena girls called at his bedside yesterday and urged him to overcome his troubles. Their names were not divulged.

Relatives of the man and police have been unable to find any reasonable motive for Hoshor's attempted self-destruction, except the possibility of insanity. The bullet did not strike his heart, as first feared, but punctured his left lung.

Hoshor, who was employed by a dry-cleaning establishment here, lived at 82 East Palm street.

FISH TO BE PLANTED IN TULARE STREAMS

PORTERVILLE, Sept. 5.—Olive P. Brownlow of San Francisco, captain of the California State Fish and Game Patrol, former game warden of this section, arrived in Porterville this morning with a consignment of 120,000 fish fry of the Sherman Brown variety to be planted in Tulare county streams near here. The trout will be placed in streams near California Hot Springs, Pine Flat, Rancheria, Camp Nelson, Doyle's Springs. Capt. Brownlow was assisted by E. M. Smalley, Kings county game warden; Game Wardens Bullard and Bell Smalley of Tulare county, and John Anderson, Porterville manager for the Union Oil Company, prominent local sportsman. Harry Quinn, vice-president of the Porterville Fish and Game Protective Association, assisted in lining up the consignment.

FRESHMAN WEEK OBSERVED

Whittier College to Open Next Monday With Largest Enrollment in History of School

WHITTIER, Sept. 5.—Beginning tomorrow Whittier College is to observe freshman week, and when the doors of the school open for the general admission Monday, the 12th inst., there will be the largest enrollment of students the college has ever known, according to the advance information given out today by Dr. Walter Friar Dexter, president.

The faculty, too, is to be augmented by the addition of seven new members. During the past four years, the college has enjoyed the greatest prosperity during its entire history of twenty-six years, and at present, there is a campaign on to raise $100,000 for further buildings, equipment and development. A new dormitory for girls is now under construction.

Among the new members of the faculty will be Arthur Butler Hitchcock, who is to be in charge of the piano music department. He is a graduate of Pomona College and the son of George H. Hitchcock, member of the faculty of Pomona College. He has received his degrees from a number of eastern universities and for the past two years has been studying abroad.

Prof. Clarence G. McClean, who was educated at Penn College and at the University of Chicago, will be in charge of the Department of Religious Education during the absence of Dr. Walter J. Homan, who is taking a two-year course in postgraduate work at Yale. Mrs. Blanche Broders of the University of Iowa will have charge of the physical education for women during the absence of Miss Irene Palmer who is taking postgraduate work at Columbia. Miss Marjorie Hoyer of Pasadena, graduate of the State Teachers' College of Oklahoma, will assist with mathematics, and Miss Harriet Henderson of South Pasadena, graduate of the Conservatory of Music at Simpson College, Indianola, Iowa, will assist in the music department and the girls' glee club.

Athletics will have the strongest coaching staff in the entire history of the school. George Philbrook, one of the best known athletes and coaches in the Pacific Northwest, will be at the head of the department. While an undergraduate at Notre Dame he was high-point man in the western collegiate contests. He recently had a great season as coach at the University of Idaho. Roland Davis, graduate of the Springfield training school for coaches, will be first assistant, with Ray Johns, Tom Denny, George Ellis, Roy Evans and Walter Word on the coaching staff.

Crown City Gyro Club May Quit Parent Body

PASADENA, Sept. 5.—The Pasadena Gyro Club may withdraw from the international service-club organization of this name as a result of dissatisfaction over what is termed lack of support from State and national headquarters, it was reported here today.

A reorganization meeting of all club members will be held tomorrow to discuss this possibility. A reorganization committee has been at work for some time and will present its program to the members for decision.

In case the local club should decide to break with the parent organization, it is expected that its members will attempt to get other clubs in various cities near here to affiliate with them in a Southern California organization.

The Pasadena Gyro Club was formed about a year ago. There are Gyro clubs in Los Angeles, San Diego, Long Beach, San Francisco and other Coast cities, as well as in the East and Middle West.

Agents Watch Rum Ship Off Santa Barbara

SANTA BARBARA, Sept. 5.—With the rum ship La Goldrino, formerly the Federalship, reported off shore, Federal prohibition officers are patrolling the coast line of Santa Barbara county in an effort to prevent the landing of any contraband liquor.

The La Goldrino was sighted off the Farallones by coast guard boats last Saturday night, headed in a southerly direction. Federal agents operating in this county were ordered to keep a sharp lookout for the ship.

The Federalship came into prominence last spring when it was seized 120 miles off the California coast by coast guard boats. A decision handed down by Chief Justice Taft in the Quadra case resulted in the liberation of the Federalship and its crew.

TEMPLE WANTS NEW NA

Confusion in Handling Mails Declared a Re
Desire to Change Designation of Postoffice

TEMPLE, Sept. 5.—Claiming that the name, "Town of Temple," causes serious confusion in handling of mail, the Temple Chamber of C will hold a contest, September 10-30, to select a new name for the postoffice.

According to the [illegible] plan, endless confusion is through similarity of the n to the Templeton postoffice Luis Obispo county. Temple in Los Angeles, the Temple near El Monte, the Temple Angeles Temple and other temples.

The name originally was because of the coincidence Walter P. Temple as the ment of the town, although cial plat of the town bore designation other than "Tem

In recent efforts to name, "Santa Anita" was but that name was rejec Postal Department objected office by that name already the Santa Fe Railroad is north of here.

Every person residing in bounded by Redondo Ave briel Boulevard, Grand Duarte Road will be eligible suggest a new name for the office and the Temple Ch award a prize of $10 for t name.

Judges of the contest, announces the closing date tober 10, will be Dana Bart cie John" of KNX; John Ste Orearty, author of the "Ad and John M. Steele, prom rovia banker.

THOUSANDS ATTEND PICNIC OF WO

VISALIA, Sept. 5.—[illegible] people attended the annual ing and all-day picnic of t men of the West held spreading oaks in Mooney Gr lare county's popular resor Visalia and Tulare, both fair was open to the public attended by friends and the Woodmen. County [illegible] participating in the picnic Porterville, Tulare, Dinuba Exeter, Lindsay, Visalia, a lake. Athletic events were enjoyed this morning attractive prizes were awa huge barbecue at the noon the most popular feature of tire celebration. R. U. Berkeley addressed the afternoon. Band concert ing and other entertainme joyed.

THE DYAS CO.—FIFTH FLOOR

POLICE NAB SUSPECT IN TUNNEL RAID

Youth Arrested Carrying Asserted Booty Held for Robbery of Four Stores

A young man known to police as the tunnel burglar was taken into custody by Detective Lieutenants Shirley and Davis at Ninth and Figueroa streets yesterday. He gave his name as William Gardner, 19 years of age, and said his home is in Chicago.

WILLIAM GARDNER

When arrested the prisoner is said to have been carrying a suit case filled with about $2000 worth of narcotics, clothing and other booty obtained from stores located at 2700-3-5-7 West Sixth street.

The detectives assert that Gardner confessed to entering a shop at 2707 West Sixth street stealing some things there, and then tunneling through the walls to the other stores. He was booked on four counts of burglary and four of grand larceny.

Services Today for Daughter of Rail Attorney

Funeral services will be conducted this morning at 10 o'clock at Pierce Brothers' chapel for Lenabel Douglas of Fort Worth, Tex., who died Saturday at the Weger Hospital in Redlands after a brief illness of toxine poisoning.

Mrs. Douglas was born in Ryan, Okla., and was 26 years of age. She was the daughter of D. E. Morris of 919 South Ardmore street, this city, and was visiting her parents when stricken ill. Her father, D. E. Morris, is counsel for the Pacific Electric Railway.

The active pallbearers will be Murray Miller, Tully Brown, Frank Russell, George Healy, Jud Boyd and William Stone. The honorary pallbearers will be Thomas Rackerby, Frank Karr, W. I. Gilbert, O. O. Collins, F. R. McNamer, Max Stengler, Harold Rhoades, Walter Hiers, Harold Wheaten, Albert Ralph, Clarence De Sorarte, J. M. Staley, Len Hill.

Interment will be at the Hollywood Mausoleum.

OLDEST SORORITY TO BECOME NEW CHAPTER

Alpha Tau Zeta, oldest local sorority of the University of California at Los Angeles, will be installed as a chapter of Pi Beta Phi Sorority at the Beverly Hills Woman's Club Friday afternoon. The group will be installed by Miss Amy B. Onken of Chapin, Ill., grand president of Pi Beta Phi, assisted by Miss Gail de Wolf, grand secretary, and Mrs. O. S. McPherson of San Diego. A banquet at the Jonathan Club will follow the ceremonies.

TRIP ENDS IN RECORD TIME

Traveling 1975 miles in less than four and one-half days, Mrs. E. F. Carlson and George E. Sturgeon completed a motor trip from Clay Center, Kan., to Los Angeles yesterday. They drove a small roadster, and in spite of the fact that Mrs. Carlson is 66 years of age she declared that she enjoyed every moment of the trip.

Army for Chest Appeal Larger Than Last Year

More than 15,000 volunteer workers will comprise the army to go forth for funds in the fourth annual appeal of the Community Chest, beginning October 31, it was announced yesterday by Edwin A. Meserve, campaign chairman.

The workers will comb the residential and business districts of the city to obtain funds to maintain the 150 agencies supported by the Community Chest during 1928. The number of workers represents an increase of 1000 over the total number enlisted last year and an increase of 5000 volunteers over the number enrolled for the campaign in its first appeal nearly four years ago.

This army is probably the largest in size ever enrolled in a single city for charitable purposes. The great number of workers is necessary to cover all the area in the Los Angeles Community Chest, which comprises more than 5000 square miles.

Volunteers for the "army of mercy" are asked to enroll at the Community Chest campaign headquarters, 911 South Grand avenue, where they later will be assigned to teams.

Former Coach Faces Charge of Conspiracy

Glenn C. Whittle, 33 years of age, former football coach for Los Angeles High School, was arrested by Detective Lieutenants Perry and Norman of the Wilshire division and W. J. Purcell, special agent for the American Railway Express Company, at his home, 353 South New Hampshire avenue, yesterday. He is charged with failure to provide, and conspiracy.

Purcell asserted that Whittle conspired with a local printing concern to print about $50,000 worth of spurious travelers' checks. These were to have been cashed in Mexico, according to the special agent. The name of the printer was withheld by police.

The prisoner also is accused of failure to provide for a minor child in a warrant issued by Judge Georgia Bullock. He was booked at the City Jail on the two charges.

Mexicans Plan Patriotic Fete

Mexican Independence Day, of which Friday, the 16th inst. will be the 117th anniversary, will be celebrated on that day by loyal residents of Mexican origin at Luna Park, with a typical fiesta. There will be speeches in Spanish and English, national songs and dances, national music, sports of all kinds and dancing all afternoon and evening.

The Mexican Band and a string orchestra will furnish music for the occasion, and Mexican and Spanish dishes will be served those who attend. The detailed program for the affair is now in preparation and will be announced later.

I. Y. Perea, 111 West First street, is secretary of the committee in charge.

ACTRESS IN LOVE ROW POISON-DOSE VICTIM

Marjorie O'Day, 22 years of age, cinema actress of 2819 West Fifteenth street, took poison yesterday in an attempt to end her life, according to police, because she had tried to telephone her sweetheart and he refused to talk to her. She was taken to the new Georgia-street hospital in a serious condition but is expected to recover. Miss O'Day declined to disclose the name of the man in the case.

Beauty Takes Part in Reception

"Miss Ocean Park" (Evelyn Hunt) presenting bouquet to Art Goebel and Lieut. William V. Davis, winners of air race to Hawaii.

By a "Times" Staff Correspondent

OCEAN PARK, Sept. 5.—Santa Monica bay district turned out this afternoon to honor her favorite son, Art Goebel, winner of the Dole Honolulu flight.

A large bouquet of American Beauty roses was presented to Goebel and Lieut. William Davis by Miss Evelyn Hunt, "Miss Ocean Park of 1927." Members of the reception committee were Charles Lick, John B. Daniel, Mayor Herman Michel, Eugene Biscaluz, Commissioner of Public Works, John B. Morton, Olaf Klausen, Charles W. Warren, Miss Evelyn Hunt, H. B. McKenney, Chief of Police Clarence E. Webb, George J. Cleveland and A. V. McCarthy.

GOEBEL AND NAVIGATOR TO BE GUESTS OF CLUB

Arthur Goebel and his navigator, Lieut. H. V. Davis, will be the guests of honor tomorrow night at the Breakers Club. Twenty aviators and fellow-officers of Goebel will be present to honor the winner of the Dole prize for the Oakland-Honolulu flight.

The officials of the Federal Reserve Bank Club and their wives will spend the day at the Breakers Club Friday. Chairman Durrand of the entertainment committee has announced that most of the party are staying for the evening's entertainment and the festivities of collegiate night.

WANTED—HELP— Male

Salesmen, Solicitors —10-B

$100
FOR A
BEAUTIFUL
BUILDING LOT
In Los Angeles
FORTY MINUTES FROM DOWNTOWN

magnificent scenic surroundings. $100,000 hotel within few minutes' walk of every lot. Golf course, tennis courts, swimming pool, lake, boating, hiking. Never before such an offering in any city of this size. It sells on sight.

WE WANT
Tuesday Morning
100
Salesmen

Prefer men who have sold something, but real estate experience is not absolutely essential. Young men who have lived in Los Angeles a few years and have cars usually make the best salesmen on a job like this. This house has been established 13 years and we have, during the past two years, sold out more money in commissions than any other concern of the kind. We give full co-operation, have expert closers, lecturers, busses and all that is necessary for success. Commission is decidedly interesting. Report Tuesday morning at 10 o'clock to the Sales Manager, 728 S. Spring Street.

5 MORE GOOD SALESMEN.
2 CLOSERS!

THE BANDINI DEPARTMENT OF THE PACIFIC COAST CORPORATION WANTS THEM NOW. LAST WEEK WAS GREATEST IN WESTERN HISTORY. SEPTEMBER WILL GO OVER BIG. A LIFE AHEAD FOR YOU! GO OVER BIG IN SALES AND EARNINGS! THINK OF GREAT FUTURE! GOODRICH RUBBER CO. MEANS JUST ONE BLOCK NORTH. NOW BUILDING! ONE LOOK AT THIS PLANT AND YOU'RE SOLD. SEE WEIR BEFORE 11. 502 NATIONAL CITY BANK BLDG. 8TH & SPRING.

SALESMEN WANTED

Alert, ambitious men can earn exceptional remuneration. A special opportunity to earn while you learn salesmanship in real estate. Training will be given in the sale of the most attractive close-in property in Los Angeles.

See MR. BUDD
Hours 9 to 12.
The Frank Meline Co.
3rd Fl. Sun Bldg., 706 So. Hill St.

CALL AFTER MONDAY.

EXCEPTIONAL

To the man who rarely answers an advertisement—not the usual floating specimen—here is all you need:

A Fair Education;
Good Personality;
A Clear Record;
Boundless Ambition.
What For?
Something Entirely New;
Something Productive;
Something Protective;

No, it is not stock, neither is it real estate. IT IS ENTIRELY NEW and unless your credentials meet my requirements that is all you will ever know about it. Yes, you may write and let me know all you care about yourself with address and phone number. Apply R, box 309, Times Branch.

Salesmen, Solicitors —10-B

BIG DISPLAY
ADVERTISING
CAMPAIGN
FOR
LEIMERT PARK
WE ARE PREPARING AN ENERGETIC CAMPAIGN THAT WILL PRODUCE A BIG VOLUME OF SALES. A LIMITED NUMBER OF OPENINGS FOR SALESMEN OF INTEGRITY WITH CARS.

$6,000,000.00 Worth
TO SELL

6 blocks from Western avenue and Santa Barbara ave. Tract bounded by Santa Barbara, Mesa Drive and West Vernon avenue. Solidly built up on 3 sides.

CONCRETE STREETS
SEWERS

Sidewalks, curbs, water and gas mains, NOW INSTALLED. Laterals from all mains to each lot. Trees and shrubs; 100-foot parkways; double standard electroliers; 42nd st., Grammar School on tract now.

50 AC car runs right thru tract. Every lot is level.

Several groups of beautiful homes completed and under construction.

This is not a "long shot" deal for "high pressure" salesmen. Ability to intelligently present the truth is sufficient. Only a limited number of men will be selected.

Walter H. Leimert Co.,
3001 West Vernon Ave.

$1,099,920 AUGUST SALES!

—IN MONTEBELLO PARK!
Think of it! Look what the high-spot salesmen accomplished during a "quiet" month. MERCER sold $132,682 worth. BALDWIN'S sales hit $133,976. COLLETT sold $127. BLACK, $84,711.50. CONNOLLY, $39,715. LANE, $34,634. LOWE, $34,793. VAN WORMER, $31,907. And these SALESMEN, like yourself, picked up this newspaper, read one of these ads, and went to work. NOW they're independent. Getting rich! What helped our AUGUST SALES? GOODRICH RUBBER CO.'S GIGANTIC PLANT NOW BUILDING at MONTEBELLO PARK'S VERY DOOR! 2000 feet long . . . 400,000 feet of floor space . . . greatest plant on the Pacific Coast. NOW FOR SEPTEMBER! $1,500,000 SALES MONTH. That's what the boys are going after this time. And they'll get it! We've GOT to have 10 MORE GOOD SALESMEN. MIDDLE-AGED GENTLEMEN FOR OFFICE MANAGERS and 2 JUNIOR SALESMEN WITH CARS. This is imperative. If you want QUICK MONEY and lots of it for YOU if you have energy and ambition, Call 806 So. Olive st., before 11.

SALESMEN
We're all making money on
Studio City Heights
Improvements going in now. Trees to be planted. Hir fine new pavilion. Put set-up in ideal.

MISS HELEN IN MORE TROUBLE
"In this big 10-story storage warehouse more than 1200 pianos are stored. Handsome homes can now own a piano. Some as low as a dollar a week. Prices on upright pianos at $117. Players $457. Baby grands, more than 150 to select from at reductions of original cost. My idea is not profit, but action. I must get them out. Don't pay old cash or so much down and select yours. If you can't call, write me. There are 20 fine piano any place on the coast. Just ask for Miss Helen. Warehouse open from 9 a.m. to 5 p.m. How to get here: Take E. W or 3 car, off at Main st., walk one block east to the big 10-story storage warehouse. Phone ME. 1441."
Band Instruments
CORNET, Conn B-flat, with extra rotary change attachment to A, latest model, practically new, beautiful plush lined case. $85.50.
SAXOPHONE, C melody, silver, with plush lined case, latest model, value $175, sell at $119.
EPIPHONE, tenor banjo, complete with case, shop worn, regular $95, special at $65. Free lessons and musical terms arranged on all band instruments.
MAY CO. Music Dept. 4th Floor.
